AYER'S CATHARTIC PILLS.

Are you sick, feeble, and omplaining? Are you out of complaining? Are you out of order, with your system de-ranged, and your feelings un-comfortable? These sympcomfortable? timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and daugerous distempors. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. ASA MORGRIDGE. As a Family Physic.

From Dr. E. W. Curturight, New Orleans. Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore. DEAR BRO. AVER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great depen-dence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed: They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Siz: I have used your Fills in my general and hospital
practice ever since you made them, and cannot hesitate to
say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinute that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. 6. No human hand is capable of producing a seam so regular and systematic .-The seam is so strong if well done, that the strongest material will tear before the seam will give way. 7. Among the array of Patent Sewing

mander Sale which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satis actory manner. This Sale, containing all my books, regether with valuable papers belonging to my-elf and some to my heighbors and friends, and tepresenting a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destrayed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscartted. The Sale was on the second floor, and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the mins, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls. After the fire the Safe was opened and the books and papers taken ou: in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many, bystanders a better recommendation of your Sales than could be expressed in any other words

Owego, N. Y., March 27, 1860. Gentlamen-It affords me much pleasure o inform you that the Safe No. 5, [opright4 which I purchased of B. Stroud, your Travelling Agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my books and valuable papers to the amount of several thousand dollars, for which I feel thanklul.

Great Fire-- Another Triumph. Knoxville, Tenn., March 13, 1859. Messts, EVANS & WATSON, Phila'da. Gentlemen -- It affords me great pleasure to say to you that the Salamander Sale which I purchased of you in February, 1858, proved to be what you recommended it-a sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe fell through into the celler, and was exposed to intense heat for six or eight hours, and when it was taken from the roins and opened, all its contents were found to be in a perfect state, the books and the papers not being is jured any whatever. I can cheerally recomm ad your Sales to the community, believing, as I co, that they are as near fire proof as it is possible for any Safe
