THE Republican County Committee met on Saturday and appointed R. D. Lacoe and F. A. Macarteny, Esq'rs., Conferees on part ol Luzerne, to meet Conferees of Wyoming, Columbia and Montour at the Phœnix Hotel in Wilkes-Barre, on Thursday 13th (10 morrow.)-Record of the Times.

Mr. C. B Brockway, 1st Corporal in the IRON GUARDS of this place, which company is at Camp Cortin at present, procured a furlough one day last week, and paid a visit to his friends in this town and his parent at or near Berwick; He returned to Camp on Monday last. He reports all in good spirits, and the health of the company pretty generally good They were organized into a regiment on the first of last week, W. W. Rickets elected Colonel of the regiment, and the next account stated that they were again disorganized ; it was suspected for the purpose of affecting some minor matters rel ative to the different companies composing the regiment. It is expected that no very great change will be made in the regiment as first formed. It was composed of the very best material in the Camp. .....

WE ARE pleased to state that our young friend, THOMAS C. ELSE, formerly of this place, has become connected with SHULTZ, PIPER & Co., manufacturers and wholesale dealers in boots and shoes at No. 45 North Third Street, Philadelphia. We have no doubt from what we know of Mr. E's busiress qualifications and his general popular ity, especially through this section, that he will prove a valuable acquisition to this firm. Mr. Else is, at present, up the West Branch, upon a business lour, having spent a day or two in this immediate neighborhood the early part of this week. Those of our merchants and dealers in this and adjoining sections wishing anything in their line would do well to purchase of them .-This is a safe and reliable firm, dealing in an excellent article of boots and shoes of all descriptions. THE REPUBLICAN ONGANS are crying aloud "no party now." This all sounds very well. but when you look at their actions you will soon become satisfied as to their sincerity. The administration gave notice not long since that its intention was to postpone making any further appointments or changes in office. This announcement was receiv ed no doubt by the masses with great satis faction, especially those who felt disposed to stand by the administration in this ithour of great peril. In no case were ap pointments to be made except to fill vacan cies ; and particularly in no case when the incombent and his constituents were loyal to the Union would he attempt to make an alteration. Now, gentlemen, before this proclamation was fairly received and read, what do we see; why we see enough to convince us that their theory, in this instance, has been most grossly violated .-Scarcely has a day passed since this announcement but what the broad-aze has been applied to some man's neck. In this District it has been used pretty extensively. In Philadelphia it has not been spared; and yet these men who denounce as as tories and traitors cry "no party." THE REPUBLICAN organ, of this place, says: "Do not force politics in this issue gentleman," meaning of course the Democrats .--We are not disposed, as far as we are concerned, to" force politics in this issue of electing a CONGRESSMAN. We are willing that but one candidate shall be in the field, and that that candidate shall "neither claim the result as a Democratic or Republican triumph." Now we propose to present the man from our ranks, and a man who is for the Union, will you go for him! We wish to try your sincerity, as you are for cured eisewhere in Bloomsburg. Their one party and that a Union party. You stock comprises know, and will admit that there were two distinct parties, and you are equally aware, of the choicest styles and latest fashions. that a candidate must come from one of DRY GOODS, the other branches; now what objection CA DO OO OO DO 10 11 OO So would you have in making that choice from Hardware, Queensware, Cedarware, Holthe old Democratic branch ; as your branch lowware, Iron, Nails, Boots & Shoes, Hats and Caps, &c., &c. In short, everything are sharing the emoluments of office at the present time, and you so willing to be harmonious, we would naturally suppose that you and your party would most happily concur in the selection of any good Union man, let him have belonged to what party he may.

Primples, Pustules, Blotches, Bolls, Blains, and all Skin Diseases.
DATLAY, Ind., 6th June, 1859.
J. C. Arma & Co. Gents: I feel it my duty to ashnowledge what your Saraparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it hocks cut on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared to that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took is syon advise, in small dozes of a teaspoonthil over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fall off. My skin is now clear, and I know by or fully such as the diserse has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be cue of the apostles of the age, and remain ever gratefully. You has a spin the set of the age. The set of the set of the set of the set of the set. S H. Miller & Eyer, Simon C. Shive.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salom, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes : "Three bot-ties of your Samaparilla cured me from a Goitre — a hid-eous swelling on the neck, which I had suffered from over two years."

Syphilis and Mercurial Disease.

**Byphilis and Mcrcurial Disease.** Naw ORLEANS, 25th August, 1869. Dr. J. C. ATRE: Sir, I cheerfully comply with the re-quest of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mer-curial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, stoadily taken, cured him in five weeks. Another was attacked by sec-endary symptoms in his nose, and the ulceration had saten away a considerable part of it, so that I believe the disorder would soon reach his brain and hill him. But it yielded to my administration of your Sarsaparilla; the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarssparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sen-sitive to the weather that on a damp day she suffered ex-eruciating pain in her joints and bones. She, too, was cured entirely by your Sarssparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remsdy; consequently, these truly remarkable results with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D.

ATER: SIT, I have been afflicted with a pain-ful chronic Rheamatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Saraaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing fulled to relieve me; and I have been a broken-down man for some years from no other cause than deromeent of Washington Parr, Kester & Mendenhall, Daniel McHenry, Bernard Ammerman Howell & Penington, Solomon Bass, Emandas Unangst & Bro.
