

MARK THESE FACTS!
THE TESTIMONY OF THE WORLD.

HOLLOWAY'S OINTMENT.

BAD LEGS, BAD BREASTS, SORES
AND ULCERS.
All descriptions of sores are remediable by the proper and diligent use of this inimitable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPHTHERIA, ULCERATED SORE
THROAT, AND SCARLET AND
OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soothe the throat, and give immediate relief. The medicine taken by the mouth must operate upon the whole system, and its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It is sufficient merely to smear the Ointment on the affected parts, but it must be done three or four times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after rubbing in of the Ointment, will do great service. This is the only sure treatment for piles, cases of cancer in the stomach, or where there may be a general bearing down.

INDISCRETIONS OF YOUTH;—SORES
AND ULCERS.

Blisters, as also swellings, used, with certainty, be radically cured if the Ointment be used freely, and Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another, whereas this Ointment will remove the humor from the system and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

DROPSICAL SWELLINGS, PARALYSIS
AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Age, Dropsy,
Asthma, Dysentery,
Bilious Complaints, Erysipelas,
Blotches on the Face, Female Irregularities,
Skin, Fevers of all kinds,
Bowel Complaints, Fevers of all kinds,
Colic, Fits,
Constipation of the Bowels, Gout,
Consumption, Head-ache,
Debility, Indigestion,
Inflammation, Sore Throat,
Jaundice, Stone and Gravel,
Liver Complaints, Secondary symptoms,
Lumbago, Pleasies, Tympanites,
Piles, Ulcers,
Rheumatism, Venereal Affections,
Retention of Urine, Worms of all kinds,
Scrofula, whatever cause,
or King's Evil, &c., &c.

CAUTION!—None are genuine unless the words "Holloway, Tew Water mark in London," are discernible as a mark of direction on every leaf of the book. The same may be plainly seen on each pot or box. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world, in pots, at 25c. 62c. and \$1 each.

There is a considerable saving by taking the large sizes.

Directions for the guidance of patients, in every disorder, are affixed to each box. October 10, 1860.

AYER'S
CATHARTIC
PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your bowels constipated? Are you afflicted with any of the following ailments: Headache, Dizziness, Nervousness, Indigestion, Biliousness, &c. &c. Ayer's Cathartic Pills are the best medicine for all these complaints. They are purely vegetable, and do not injure the system. They are sold by all druggists.

From a Female Merchant of St. Louis, Mo., Feb. 4, 1856.
DR. AYER'S PILLS are the paragon of all that I know in medicine. They have cured my little daughter, and my mother has been long and severely afflicted with biliousness and general debility. I have tried every other medicine, but they have done me no good. I feel that I owe you a testimonial for the good you have done me, and my family.

As a Family Physic.
Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we have ever used. They are perfectly safe in their action on the bowels, which makes them invaluable to us in the daily treatment of our children.

Headache, Sick Headache, Foul Stomach.
From Dr. Edward Boyd, Baltimore.
HEADACHE, AYER'S: I cannot express you what a complete cure you have effected upon me. I have cured with your Pills, a severe headache, which had been long and severely afflicted with biliousness and general debility. I have tried every other medicine, but they have done me no good. I feel that I owe you a testimonial for the good you have done me, and my family.

Headache, Sick Headache, Foul Stomach.
From Dr. E. W. Currier, New Orleans.
Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we have ever used. They are perfectly safe in their action on the bowels, which makes them invaluable to us in the daily treatment of our children.

Bilious Disorders—Liver Complaints.
From Dr. Theodore Bell, New York City.
Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the liver and gall bladder, and in all the various bilious affections, proved more effectual for the cure of bilious complaints than any remedy I can mention. I sincerely rejoice to know that we have a medicine which is worthy the confidence of the profession and the people.

Dysentery, Diarrhoea, Relax, Worms.
From Dr. J. G. Green, of Chicago.
Your Pills have had a long trial in my practice, and I have learned to esteem them as one of the best remedies ever found. Their salutary effect upon the liver makes them a valuable remedy in all the various bilious affections, such as Dysentery and Diarrhoea. Their sugar-coating makes them very acceptable and convenient for the use of children.

Dyspepsia, Impurity of the Blood.
From Rev. J. J. Himes, Pastor of Advent Church, Boston.
DR. AYER'S PILLS have cured me of a bilious disorder, which had been long and severely afflicted with biliousness and general debility. I have tried every other medicine, but they have done me no good. I feel that I owe you a testimonial for the good you have done me, and my family.

RAYMOND'S FAMILY
SEWING MACHINE!

PATENTED MARCH 9, 1858.
PRICE \$100 EACH.
MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Chear Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families.

The following are some of the superior advantages this implement possesses, viz: 1. It sews from 100 to 600 tight stitches per minute.

2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.

4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic. The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so really useful, doing such a variety of work for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves and flowers, etc., can be represented or imitated.

9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, ristsbands, collars, etc.,—and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light of construction.

10. But we all admit, that the advantage to health, and principally to the vision of the eye, induced by the use of Sewing Machines, surpasses infinitely all other advantages.

11. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it, too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.
