

We issue the Star a little earlier this week, in order to give our composers an opportunity to prepare for the Fourth.

THE HORN GUARDS from Berwick, sorry to say, will not visit this place on the Fourth. There must have been a misunderstanding, we should think.

ANDREW MCKINLEY will be executed on next Friday, for the murder of Thomas Shaveland, unless relieved again by the Governor.—Danville Democrat.

P. S.—Since the above was put in type we learn that the prisoner has again been relieved by the Governor.

We have reliable information that the "Iron Guards" will not be here on the Fourth to take part in our celebration as was anticipated. They are not expected to remain in Camp Curtin any length of time.

COL. WRIGHT'S majority in the District is 5248. The opposition to the regular nominee had the good effect to bring out the vote. Col. Wright's vote is nearly double to what it would have been had there been no opposition, at least so far as the two lower counties are concerned.

The first Annual Commencement of the Orangeville Male and Female Academy will take place in the Academy Hall on the night of Wednesday, July 3. An address will be delivered on the occasion by Rev. D. J. WALLER of this place. Howser's Cornet Band, of Bloomsburg, will likewise be in attendance.—Republican.

OUR VOLUNTEERS.—According to the latest reliable intelligence received here, the 16th Regiment, with which the "Boys" from this Borough are connected, are at Williamsport, Maryland, and encamped in that vicinity. How long will they remain there, we cannot tell.—Berwick Gazette.

HOWSER'S CORNET BAND, of this place, are going to leave us, for the war. They propose leaving on the 8th for Camp Curtin, where they will join Col. Rickett's Regiment as Regimental Band. We are rather loath to give them up; but as they are determined on going, we bid them an affectionate farewell, and hope they may all return, enjoying the same good health, as soon as possible.

AMERICAN AGRICULTURE, for the Farm, Garden and Household.—This is one of the very best publications our farmers could subscribe to. It is massive—contains more reading matter than can be had in any other work for that amount of money—\$1 per annum. It is illustrated in a very useful manner, much more so than any other like work received at this office. Orange Judd, publisher, New York city.

SERIOUS ACCIDENT.—The Montreal American says: A terrible accident occurred in the mines at the slope, on Tuesday morning. By a premature discharge of a blast, Mr. Wm. Remphrey, was dangerously if not fatally injured. Both his eyes were destroyed, and his body and arms badly mutilated. Dr. Parsell did all that could be done for the unfortunate man. But, we presume it will be in vain.

THE REPUBLICAN of this place, talks considerably about the Breckinridge party of this district having a "Pill" to swallow in the nomination of Col. Wright. We, as a Breckinridge, should think from the howl the Republican has kept up since the election, that the Breckinridge party swallowed the "pill" with much more ease than did the Republican party. The Breckinridge party in this section are Union Democrats, and they recognize no insinuations to the contrary in the Republican.

PETERSON'S DETECTOR.—If you want a good Bank Note Detector get Peterson's Philadelphia Counterfeit Detector and Bank Note List. It is the best and most reliable Detector of Counterfeit. Altered Notes published in this country. Every store-keeper, and every man of business ought to have one in his possession. They are invaluable and indispensable and we would advise all who handle money to send and get one. You can get the monthly issue for one dollar a year, or you can get the semi-monthly issue for two dollars. Send to Peterson & Brother, No. 306 Chestnut Street, Philadelphia.

Col. W. W. RICHARDS, of Camp Curtin, and whom of this county, arrived at this place on Monday evening last, upon furlough, for the purpose of visiting his friends, and transacting some very important business. The Colonel looks well. He informs us that orders have been received from head quarters to have the number of each Company composing his Regiment increased to one hundred and one men, consequently the "Iron Guards" need a few men. Here is an opportunity to join the "Iron Guards." Col. Rickett will remain here a few days, and all who wish to join his Regiment will report themselves to him.

COMPLAINTS.—Many of our subscribers complain that their papers do not come regularly. We would say to them that the fault is not ours. Their papers are always put into the office in time for the mails on Wednesday of each week, we very seldom having missed since the commencement of the publication of our paper. Our new postmasters could not, of course, be expected to do as well in the start as old and experienced hands, but they have now had time to become accustomed to their duties, and must be held responsible for any neglect. We hope our readers will report any irregularities that may occur, in order that the fault may be traced to the proper source.

A SINGULAR CASE OF RECOGNITION.—After ten years separation, took place at Keokuk, Iowa. Two of the tallest men of rival volunteers were put back to back to ascertain which company had the taller man; after the "infant," 6 feet 4 and a half inches high, had beaten his competitor by a quarter of an inch, they were introduced, and proved to be brothers, who had been parted ten years.

ELIXIR PROPYLAMINE The New Remedy for RHEUMATISM.

During the past year we have introduced to the notice of the medical profession of this country the Pure Crystallized Chloride of Propylamine as a

REMEDY FOR RHEUMATISM! And having received from many sources, both from physicians of the highest standing and from patients, the most

Flattering Testimonials of its Real Value in the treatment of this painful and obstinate disease, we are induced to present it to the public in a form READY FOR IMMEDIATE USE, which we hope will commend itself to those who are suffering with this afflicting complaint, and to the medical practitioner who may feel disposed to test the powers of this valuable remedy.

ELIXIR PROPYLAMINE, in the form above spoken of, has recently been extensively experimented with in the

Pennsylvania Hospital, and with MARKED SUCCESS (as will appear from the published accounts in the medical journals.)

It is carefully put up ready for immediate use, with full directions, and can be obtained from all the druggists at 75 cents per bottle, and at wholesale of

A New Democratic Morning Paper. "THE UNION."

With a view to meet a universally admitted want, the undersigned will issue on Monday, the 1st of July next, a Morning Penny Paper, to be called "THE UNION." The great mission of the Democratic Party, which has ever stood as the bulwark of the Union and the Champion of the CONSTITUTION, renders its entire unity and bold attitude in this hour of National peril a matter of vital concern. The pending struggle is not less for the maintenance of a United Country than for the perpetuation of Democratic principles, as expounded by JEFFERSON and JACKSON. The most momentous result hang upon the issue. Mere party questions are for the time by common consent adjourned. The past is dead, save in its lessons of experience.

The Democratic ho-ists have not shrunk from their full share in the responsibilities and dangers of the emergency, they have rallied with one accord around the standard of our common country. But the occasion imposes other duties. The Government will demand and receive the willing support of every patriot, in its efforts to vindicate the National honor and re-assert the National authority; but the Preservation of Constitutional Liberty rests more with the people than with Congress and Cabinet. Vigilance and Unity are therefore the especially requisite in the present juncture.

It is the purpose of the Proprietors to make "THE UNION," in every respect a first class Journal. The Democracy of the whole State feel the need of a bold and vigorous Metropolitan daily; and no effort will be spared to render "THE UNION" both popular and efficient as a newspaper, and as a fearless exponent of the great principles for which the Democratic party have ever contended, and which are now so unhappily imperiled.

The Proprietors have perceived such arrangements as will place the enterprise, from the beginning, upon a substantial business basis, with abundant means to make a Newspaper second in interest and ability to no other in the city, and while the paper will be fearlessly Democratic, it will sedulously avoid all faction, as the deadliest bane to party efficiency.

We look to the DEMOCRATIC MASSES for support, and shall labor to make "THE UNION" in every way worthy their confidence and liberal patronage, as a fresh, readable and fearless Journal.

TERMS.—Per Annum, Three Dollars, or served by Carriers SIX CENTS PER WEEK.

Orders should be addressed to JO. SEVERNS & CO. No. 130 South Third St., Philadelphia, Pa. June 26, 1861.

GREENWOOD SEMINARY AND COLUMBIA COUNTY NORMAL INSTITUTE, AT MILLVILLE, PENNA.

Important Additions & Improvements

Autumn Term to Commence August 12. This Institution which has been in successful operation for the past ten years, is about undergoing a very important renovation, in order to place it on a more stable basis than ever, and present facilities which are not surpassed by ordinary Academies in Northern Pennsylvania. Among the improvements will be a large three-story building which will give much additional room and greater conveniences for boarders; a commodious hall for a lecture room and public exercises, convenient classrooms, a library and reading room containing a cabinet of minerals and curiosities, bath rooms, &c. An experienced and thoroughly qualified classical teacher and a Noveling Class of young men and women will be at the head of the Board of Instruction, but the Principal will have the general superintendence of the institution and assume a share of the duties of teaching. Regular lectures will be delivered upon various scientific subjects, as well as upon the theory and practice of teaching.

The course of instruction in the school will be thorough and systematic, calculated to embrace the various branches of a practical education. Ample provision will be made for the study of the higher Mathematics, the elucidation of Physics, and the Natural Sciences, by means of suitable apparatus, and for the study of the Latin, Greek, and German languages, to enable students to qualify themselves for commercial and scientific pursuits, or to enter any class at college.

The country location of this Seminary in a pleasant village, in a healthy and flourishing neighborhood, well known for the elevated tone of its moral sentiment, and where the pupils are not surrounded by those demoralizing influences, and temptations found in our cities, larger towns and many other localities, with no outside influence to divert their attention from literature and the work of mental culture, presents attractions and inducements to considerate parents emulous students, seldom found surrounding large schools and academies.

The Literary Society also, one of the oldest and best conducted in this section of the country, presents an attractive feature and useful auxiliary, to a practical education.

The improvements will be under the immediate charge of an efficient Board of Trustees, appointed by the Seminary Company, and will be completed in time for the Autumn term, to commence the 12th of August.

While thankful for past patronage we wish to merit a continuance of similar favors, and as we intend to include a higher grade and wider range of instruction, we respectfully solicit a careful examination into our facilities and claims.

Boarding, washing, tuition, lights and incidental expenses, for one quarter of eleven weeks, will be Thirty Dollars, one half payable in advance—the other half and all tuition bills will be expected promptly at the expiration of each quarter.

Items: Boarding, with furnished rooms, one quarter \$22.00, Tuition in common English branches 5.00, including Mathematics and Book-keeping by Double Entry 6.00, Tuition in Latin, Greek, and German [extra] 1.00, Washing, Lights and incidental expenses, one quarter, 3.00

Those who desire to procure scholarships or attend by the year, will be accommodated at a reasonable discount, and students wishing to secure rooms should make seasonable application.

Ayer's Cathartic Pills.

THESE MEDICINES have now been before the public for a period of Thirty Years, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

SYRRIPTICIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of their use.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

ALCOHOLIC DRINKS, by dissolving from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

HERPETIC ERUPTIONS and BAD COMPLEXIONS, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, scallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the complexion of the skin. Common Colds and Influenza will always be cured by one dose, or by two at the worst cases.

PILES.—The original proprietor of these Medicines, was cured of Piles, 35 years standing by the use of the Life Medicines alone.

FEVER AND AGUE.—For this scourge of the Western country, these Medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these Medicines is permanent.

TRY THEM, be Satisfied and be Cured. BILIOUS FEVERS and LIVER COMPLAINTS, General Debility, Loss of appetite, and Diseases of Females—the Medicines have been used with the most successful results in cases of this description; Kings Evil, and Scrofula, in its worst forms yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Pains of the Colon, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system, all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.
