

STAR OF THE NORTH.

BLOOMSBURG, PA.

Wednesday Morning, August 7, 1861.

A LETTER from one of the Iron Guards appears in our paper of to-day.

Our candidates have taken possession of this column this week, and how long they may continue to hold possession, will be settled on the 26th of August.

Some few republicans in this place appear very much mortified at certain individuals for subscribing to and reading the *New York Day Book*. A man who reads anything else but a Republican paper now-a-days, in the eyes of a few of our Republican friends, his loyalty is at once doubted. He is a man who gives aid and comfort to the south.

Accident.—On last Monday, as Mr. Ephraim Stiner was crossing the bridge over Fishing Creek, nearly opposite Iron Dale Furnace, Bloom township, with a load of ore, the bridge gave way, precipitating Mr. Stiner, four horses and wagon, some twelve feet into the creek, and resulted in drowning one horse. Fortunately Mr. S. escaped with slight injuries.

GREENWOOD SEMINARY AND COLUMBIA COUNTY NORMAL INSTITUTE. AT MILLVILLE, PENN'A.

Important Additions & Improvements

Autumn Term to Commence August 12. THIS Institution which has been in successful operation for the past ten years, is about undergoing a very important renovation, in order to place it on a more stable basis than ever, and present facilities which are not surpassed by ordinary Academies in Northern Pennsylvania. Among the improvements will be a large, two-story building which will give much additional room and greater conveniences for boarders; a commodious hall for a lecture room and public exercises, convenient classrooms, a library and reading room containing a cabinet of minerals and curiosities, bath rooms, &c. An experienced and thoroughly qualified classical teacher and lecturer will be at the head of the Board of Instruction, but the Principal will have the general superintendence of the institution and assume a share of the duties of teaching. Regular lectures will be delivered upon various scientific subjects, as well as upon the theory and practice of teaching, and a Normal Class of young men and women who wish to qualify themselves for teachers' profession, will receive especial attention and assistance.

The course of instruction in the school will be thorough and systematic, calculated to enable the various branches of a practical education. Ample provision will be made for the study of the higher Mathematics, the elucidation of Physics, and the Natural Sciences, by means of suitable apparatus, and for the study of the Latin, Greek, and German languages, to enable students to qualify themselves for commercial and scientific pursuits, or to enter any class at college.

The country location of this Seminary in a pleasant village, in a healthy and flourishing neighborhood, well known for the elevated tone of its moral sentiment, and where the pupils are not surrounded by those demoralizing influences, and temptations found in our cities, larger towns and many other localities, with no outside influences to divert their attention from literature and the work of mental culture, presents attractions and inducements to considerate parents and students, seldom found surrounding large schools and academies.

The Literary Society also, one of the oldest and best conducted in the section of country, presents an attractive feature and useful auxiliary, in a practical education.

The improvements will be under the immediate charge of an efficient Board of Trustees, appointed by the Seminary Company, and will be completed in time for the Autumn Term, to commence the 12th of August next.

While thankful for past patronage we wish to merit a continuance of similar favors, and as we intend to include a higher grade and wider range of instruction, we respectfully solicit a careful examination into our facilities and claims.

Terms: Boarding, washing, tuition, lights and incidental expenses, for one quarter of eleven weeks, will be Thirty Dollars, one half payable in advance—the other half at the expiration of each quarter. Tuition in common English branches, including Mathematics and Book-keeping by Double Entry, 6.00 Tuition in Latin, Greek, and German [extra] 1.00 Washing, Lights and incidental expenses, one quarter, 3.00

Those who desire to procure scholarships offered by the year, will be accommodated at a reasonable discount, and students wishing to secure rooms should make reasonable application. For further particulars address WM. BURGESS, Principal, Millville, Penn'a. GEORGE MATTERS, J. K. EVES, Dr. A. P. HALL, ELLIS EVES, BENJAMIN K. EVES, Trustees. Millville, May 29, 1861.

Ayer's Sarsaparilla.

Stoffa's LIFE PILLS AND PHOENIX BITTERS.

THESE MEDICINES have now been before the public for a period of Thirty Years, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acid kind: Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

CONSTIPATION, by cleansing the whole length of the intestines, with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all internal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most significantly on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the bowels the slimy matter to which these creatures adhere.

ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alternative effect upon the fluids that feed the skin, and the
