I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its flocts truly wonderful in the cure of Venercal and Mersurial Discuss. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his month. Your Sarssparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the diceration had eaten away a considerable part of it, so that I believe the disorder would soon much his brain and kill him. PHILADELPHIA.

Gentlemen-The small size No. 1 Salamander Sale which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been subjected to a very severe lest, which it withstood in a most satisfactory manner. This Safe, containing all my books, tegether with valuable papers belonging to my-elf and some to my neighbors and triends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscattred. The Safe was on the second floor, and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the mins, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls. After the fire the Safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many, bystanders a better recommendation of your Sales than RESPECTULLY offers his could be expressed in any other words from me. Yours Respectfully, SAMUEL BANCK
