We are pleased to state that, as far as we can learn, the ticket formed in the Democratic Convention, at this place, on Monday of last week, seems to meet the general approbation of the Democracy of Columbia county. It is composed in a great measure of true and tried men and should,

We were shown, a few days since the WASHINGTON UNITED STATES MAP. by Mr. J. D. This Map contains more information than any other one yet published of these United States -Its marginal information alone is worth half the price of the Map. Among the many are the following, as near as we can remember from looking over it: Height of Mountains in the United States as exposed the variation of "time" at a large number of places mentioned on the map when it is perature, giving the annual fall of rain, etc.; a Map explaining the Zoological distribu-United States; a table of air line distances between the largest places of the Union, computed from the latest observations of their longitudes and latitudes; also a hand some view of the Capitol at Washington. which was threatened so furiously by the rebels not long since. We deny that there are any Jeff Davis men in this county. if there are they are not in the Democratic party. This thing has been carried quite far enough by this Republican editor; the people of this county are getting tired of it; they are loyal and law-abiding citizens, and when this nonsensical sheet assects that the Jeff. Would not this be "comforting" the South by having them believe there are people in the North who are pleased and sympathise with their doings? Where is the Democratic paper that has attempted to make such a thing appear, especially in this county ?-As we have said belove, there are no Secessionists in this county, and woe to the man who ever calls some of them Secessionists.
