BADG LEGS, BAD BREATS, SORES AND ULCERS.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To aumpt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased dondition remains underneath to break out with tenfold ury in a few days. The only rationaul and successful treatment, as indicated by nature. le to reduce the inflamation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole sys-tem ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the ungnent in the above manner of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PALES, FISTULAS, STRICTURES. The above class of complaints will be removed by nightly flomenting the parts with warm water, and then by most effectnally rubbing in the Cintment. Persons Piles, and for all cases requiring a Tome suffering Iron these direful complaints should lose not a moment in accesting their progress. It should be understood that it is not sufficient merely to smear the Gintment on the affected pasts, but it must be well tubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will re move any hidden sore or wound as effectnally as though palpable to the eye. There again bread and water poultices, after subbing in of the Cintment, will do great service. Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the com-

plaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Discuss. One of my patients had Syphilitic ulcers

In his throat, which were consuming his palate and the

top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by sec-

ondary symptoms in his nose, and the niceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it

yielded to my administration of your Sarsaparilla; the ulcers heried, and he is well again, not of course without

some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering

the Liver. My beloved paster, the Rev. Mr. Espy, advised

me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the bless-ing of God it has cured me, and has so purified my blood

as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimu-lates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its

creach. Such a remedy has long been required by the ne-cessities of the people, and we are confident that this will

ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Impro ved Chear Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommedation of themselves and families. The following are some of the superior advantages this implement possesses, viz: 1. It sews from 400 to 600 right stitches

from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my field and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In 2. Double thrend Machines are from the more complicated character of their mechiphysicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel hossenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that stry thing you made must be good. I sent to Cincinnatiand got it, and used it till it culted me. I took it, as you advice, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the agostles of the age. anism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common meedle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a hoard, table or

siand, in operating order, and removed in less than half a minute. 5. It greatly economizes the thread, and vet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing

Machines. 6. No human hand is capable of produeing a Beam so regular and systematic .-The seam is so strong if well done, that the strongest material will tear before the

Dr. J. B. S. I have cured many inveterseam will give way. 7. Among the array of Patent Sewing Machines, there are none so cheap and dutable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so realy useful, doing such a variety ate cases of Leucorrhea by it, and some where the com-plaint was caused by ulceration of the uterus. The ulcer-ation itself was soon cured. Nothing within my knowlof wore for the immediate use of the family circle, and at such a moderate price as Edward S. Marrow, of Newbury, Ala., writes, "A dan-RAY MOND'S PATENT. gerous overlan tunor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla hs the licht resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." 8. The operator can shape his seam just

as he pleases, waves, leaves and flowers, eic., can be represented or imitated. 9. It is particularly adapted to all kinds if stitching-such as gentlemen's shirts, bosoms, ristbands, collars, etc.,-and all kinds of ladies' sewing, including silks, lawns, defaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine s rather too light of construction.

SALMANDER

Messis, EVANS & WATSON : 'Gentlemen-The small size No. 1 Salemander Sate which I purchased from your agent, Mr. Adam R. Barr, in Lapea-ter City, on July 20th, 1858, has been subjected to a very severe lest, which it withstood in a most satisfactory manner. This Sale, containing all my books, treether with valuable papers belonging to my-elf and some to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the nery ordeal unscattled The Sale was on the second floor, and fell to the basement 'o' the Mill and was subjected for six hours to an intense heat among the ruins, which was greatly increased by the combustin of a large quantity of grain cor fined with it the brick walls. After the fire the Safe waopened and the books and papers taken oun in a state of perfect preservation, the pas per not even being discolored. This fact was, however, to many, bystanders a better recommendation of your Siles that RESPECTULAY offers his could be expressed in any other words from me. Yours Respectfully,

> Another Victory for Evans & Waltson's Salamander Safe. Ouego, N. Y March 27, 1860.

Gentlarren-li affords me much pleasure o inform you that the Safe No. 5, I apright which I carchased of B. Strond, your Travelling Agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a while heat, so that the corners of it appear melt ed; but it preserved my books and valuable pape'ts to the amount of several thousand dollars, for which I feel thankful. Yours, Respectfully. J. N. ELDRIDGE.

Philadelphia, Jone 4th, 1858. Messrs. EVANS & WATSON manufact ured the Fire Proof Sales which have been in use since the commecement of oc-Bank, and are supplied with three of the given entire satisfaction. This Lock we have great confidence in, both as regards security and convenience, there being n chance to blow it out with powder, and rekey to carry. We consider it one of the best and salest Locks now in use. ROBERT MORRIS, Pre-'t Com th Bar.k

Great Fires-Another Triumph.

HENRY GRAMBO, Cashier.

Knoxville, Tenn , March 13 1859. Messts, EVANS & WATSON, Pinla'Ga, Gentlemen - It affords me great pleasure Flour and Feed, FOR CASH, about ten per to say to you that the Salamander Sale proved to be what you recommended it -- & sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe fell brough into the celler, and was exposed to intense heat for six or eight hours, and when it was taken from the mins and opened, all its contents were found to be in a perfect state, the books and the papers not being injured any whatever. I can cheerfully recomm nd your Sales to the comminuity, believing, as I do, that they are as near fire proof as it is possible for any Sale o be made. THOMAS J. POWELL.
