Batt, in Lancaster City; on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Sale, containing all my books, tegether with valuable papers belonging to my-elf and some to my neighbors and triends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscathed. The Safe was on the second floor, and fell to the basement of the Mill and was subjected for six hours to an intense heat among the roins, which was greatly increased by the combustio of a large quantity of grain confined with it the brick walls. After the fire it e Safe waopened and the books and papers taken oun in a state of perfect preservation, the pas per not even being discolored. This fact was, however, to many, bystanders a better recommendation of your Sales than could be expressed in any other words from me. Yours Respectfully.

J. C. Ater & Co. Gents: I feel it my doty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stemach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your rejutation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a tenspoonful over a Niagara Falls, and the Canadas.

Dr. Robert M. Preble writes from Salem, N. I have cured many inveterare cases of Loucorrhon by it, and some where the com-plaint was caused by afternities of the aferus. The afteration itself was seen cured. Nothing within my knowledge equals it for these femals derangements."

Edward S. Marrow, of Newbury, Alk., writes, "A dangerous occarion tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sar-

tion could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Syphilis and Mercurial Disease. New Orleans, 25th August, 1850.

Pr. J. C. Aven: Sir, I cheerfully comply with the remest of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found iss effects truly wonderful in the cure of Veneral and Mer-curial Disease. One of my patients had Syphilitic plears in his throat, which were consuming his painte and the top of his month. Your Saraaparilla, steadily taken, cured him in five weaks. Another was attacked by secondary symptoms in his nose, and the ulceration had yielded to my administration of your farsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sen-

writta. Our physician thought nothing but extirpa

from this posson in her bones. They may become so sensitive to the weather that on a Gamp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your isboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D. Rheumatism, Gout, Liver Complaint, INDEPENDENCE, Preston Co., Vo., 6th July, 1859. Dr. J. C. Aven: Sir, I have been afflicted with a painful chronic Rheumatiam for a long time, which baffled the bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down mat for some years from no other cause than decongruent of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the bless-ing of God it has cured me, and has so purified my blood

best that can be said of you is not half good enough." Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Excellation of A great variety of cases have been reported to us where curse of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized rations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects -some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs.
As all know the dreadful fatality of these disorders, and

as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virues that it did have when making the cures which have won so strongly upon the confidence of manhind.
