All description of sores are remediable by the proper and diligent use of this ines. timable preparation. To attmpt to cure bad legs by plastering the edges of the wound-together is a folly; for should the skia unite, a boggy diseased dondition remains underneath to break out with tenfold nry in a few days. Any of the above diseases may be cured by well rubbing the Ointment three times to all its parts, by equalizing the circulation a day into the chest, throat and neck of the removing obstructions, and producing a patient; it will soon penetrate, and give immediate relief. The above class of complaints will be removed by nightly fomenting the parts with warm water, at d then by most effectually rubbing in the Ointment. Persons suffering troin these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will re move any hidden sore or wound as effectually as though palpable to the eye. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; constitues it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and esrs with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much rollef from any thing. In fast, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared and esrs withing you made must be good. I sent to Cincinnati sod got it, and used it till it cured me. I took while fell off. My skin is now clear, and I know by you while fell off. My skin is now clear, and I know by you while fell off. I have cured with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mer-curial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by sec-ondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would scon reach his brain and kill him.
