AYER'S Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Gents: I feel it my duty to ac-knowledge what your Sussparilla has done for ms. Having inherited a Scrotulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathcome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared-an alterative (Sarsaparilia), for I knew from your reputa-tion that any thing you made must be good. I sont to Cincinuati and got it, and used it till it cured me. I took it, as you advise, in small dones of a tespoonful over a Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doess of a tangoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the discase has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours, ALFRED B. TALLEY.

I have created with your Sursparilla. I have cured with your Sursparilla. I have cured with it, in my practice, most of the com-effects for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mer-curial Disease. One of my patients had Syphilitic ulcers in his threat, which were consuming his palate and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attanised by sec-ondary symptoms in his nose, and the ulceration had enten away a considerable part of it, so that I believe th it yielded to my administration of your Sarsaparilla : the yielded to my administration of your Samaparilia; the ulcers healed, and he is well again, not of course without some disfiguration to his faces. A woman who had been treated for the same disorder by mercury was suffering treated for the same disorder by mercury was suffering from this poison in her bones. After the fire the Safe waopened and the books and papers taken oun in a state of perfect preservation, the pas per not even being discolored.
