

STAR OF THE NORTH
BLOOMSBURG, PA.
Wednesday Morning, October 23, 1861.

OSTRAC.—Charles H. Noll requests us to announce that he is prepared to supply families with fresh oysters by the whole or half cans. Is in daily receipt of fresh bivalves.
Owing to the County Fair and the absence of one of our boys, the Star does not present its usual variety of reading matter this week.

Those who denounce shows, gambling, and "sporting" generally, should be very cautious and not allow themselves to be caught practicing contrary to what they preach.

WILLIAM B. KOONS is giving the Exchange Hotel a thorough renovating—making many improvements in the interior arrangement of the house. He is adding a great deal to its appearance as well as to the comfort of those about it.

EMIGRATED.—A number of colored persons, most of whom have resided in our town for many years, left on Wednesday night on route for Haiti. They have been induced to emigrate through the clever inducements held out to them by the government of that island.—Lancaster Intelligencer.

FIVE THOUSAND DOLLARS.—A gentleman and wife have instituted proceedings against an individual in this borough for slander, claiming damages of the above amount. The plaintiffs charge the defendant with calling them "secessionists"—Williamprt. Democrat.

THE NEW DIKES.—A change has been made in the ten cent pieces that bear date this year for these heretofore coined.—The figure of Liberty, instead of being surrounded by stars, is encircled by the words, "UNITED STATES OF AMERICA," which formerly were placed on the reverse of the piece.

HOWARD ASSOCIATION, PHILADELPHIA.—This well known Institution continues its human labors for the relief of the victims of venereal diseases, and its managers have won for themselves a high reputation for honorable conduct, as well as professional skill. We believe it is a highly useful and perfectly reliable Institution.

JUDAS SLENKER ELECTED.—We learn from a private source, that Slenker the Democratic candidate for President Judge in the District composed of Union and Millin Counties, has been elected over his competitor Woods, by a small majority. This District is strongly Republican, and the election of Judge Slenker, may very properly be regarded as an indication from the "people" that they desire a "change."—Danville Intelligencer.

GODEY.—Godey's Lady's Book for November is already out. The frontispiece is an amusing scene well gotten up, representing the arrival of "The New Boy," at school. As usual he gives a mammoth fashion plate in colors, and a large number of plain engravings of new styles of dresses, fancy work, &c. The letter press is of most unexceptionable character, and such as will tend to elevate the intellect, and cultivate a taste for good literature. Godey is decidedly "an institution."

THE WAR NEWS.—We learn as we go to press that fighting is being done near Leesburg, along the Potomac, the particulars of which we are unable to give this week.—Col. Baker, who formed and had command of the California Regiment fell in the battle. Telegraph states that 1800 of the Federal troops were cut up and captured. It needs confirmation. No doubt a lively fight is going on about this time. We believe our "Serenio boys" were under Col. Baker's command. If so, some of the Columbia county boys have had a "brush."

OUR AGONY.—Our readers will remember that the New York Day Book, was one of the papers suppressed by the Administration, some weeks since. The proprietor of the Day Book has issued a new paper to take the place of the Day Book, called the "New York Weekly Caucasian." His new paper is especially devoted to the interests of the white race, and opposed to the demoralizing and equalizing designs of the Abolitionists. The heroes of the latter class he handles unsparringly, and in his usual forcible style. It is furnished at \$1 year.

BLANKETS.—Blankets are much wanted by our troops, and this want, it is feared, will be greatly increased, from the fact that a number of those to whom contracts were recently awarded, have failed to comply with the same. The Government is thus compelled to waste valuable time in looking elsewhere for a supply. It is extremely gratifying to state, however, that with what contributions are now being sent forward by the citizens of the State, and all the factories in operation, the Pennsylvania troops will be fully supplied.

MADISON HOUSE.—Some two or three weeks ago we stopped with our friend Samuel Rimer, proprietor of the Madison House, in Jerseytown, Columbia county, and must say that we passed our time very pleasantly while at his house, although we found the proprietor's situation none of the best to accommodate his guests, on account of having torn part of his house completely to pieces, for the purpose of enlarging and improving the interior arrangement of his house in many respects. Mr. B. has a fine location, and from all appearances, by the time he gets through with his house, he will have one of the most comfortably as well as the most neatly arranged houses for hotel keeping in this section of country.—We presume he is getting well on with the work by this time. We shall try and call around that way before long. Success to Samuel.

WILCOX & GIBBS'
SEWING MACHINE S.
Price with Hammer and Feller,
\$35 00.

THIS MACHINE HAS POINTS OF SUPERIORITY PECULIARLY ITS OWN.
Stitching, Hemming, and Felling with a Single Thread.
It forms a neat, even, and elastic seam, which is warranted not to rip or wear, even if the seam is cut at frequent intervals, and also under all circumstances "to survive the wash-tub."
A Patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.

Another feature which deserves particular attention is "THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG."
Two thousand Stitches, or two yards of work, can be done in one minute without dropping a stitch.
These Machines, so simple and accurate in their construction, supercede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these will without basting, and hem the finest muslin without puckering.

It is at about half the price of the other first-class machines, they will accomplish double the sewing in a given time.
"It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.
"Is indeed a wonderful production, and for the family use especially, no other will bear any comparison with it."—Philadelphia Evening Journal.
"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing machines. Light and elegantly finished, and so simple in construction that it is almost impossible for it to get out of repair."—Pittsburgh Chronicle.
"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvania.
"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.
"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimous in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.
"We exist, to Justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in proving, beyond doubt, that two threads are not, as was supposed, necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.
"We have tried one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them as the best adapted to the wants of his family, and as the best labor to require repair. OLIVER CRANE,
Boston, July 3, 1860.
The undersigned, during eighteen months has had in almost constant use, in his family, Wilcox & Gibbs Sewing Machine, upon which he has made many alterations, and has found it to be the best of the kind, including the clothing required for his several boys; and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is in all respects, well appointed, efficient and durable.

GREENWOOD SEMINARY
AND COLUMBIA COUNTY
NORMAL INSTITUTE,
AT MILLVILLE, PENNA.

Important Additions & Improvements.
Autumn Term to Commence August 12.
THIS Institution which has been in successful operation for the past ten years, is about undergoing a very important re-ovation, in order to place it on a more substantial basis, and present facilities which are not surpassed by ordinary Academies in Northern Pennsylvania. Among the improvements will be a large three-story building which will give much additional room and greater conveniences for boarders; a commodious hall for a lecture room and public exercises, convenient class rooms, a library and reading room, containing a cabinet of minerals and various objects of natural history, and a bath room, &c. An experienced and thoroughly qualified classical teacher and teacher will be at the head of the Board of Instruction, and the Principal will have the general superintendence of the Institution and assume a share of the duties of teaching. Regular lectures will be delivered upon various scientific subjects, as well as upon the theory and practice of teaching, and a Normal Class of young men and women who wish to qualify themselves for teachers' profession, will receive special attention and assistance.

The course of instruction in the school will be thorough and systematic, calculated to embrace the various branches of a practical education. Ample provision will be made for the study of the higher Mathematics, the elucidation of Physics, and the Natural Sciences, by means of suitable apparatus, and for the study of the Latin, Greek, and German languages, to enable students to qualify themselves for commercial and scientific pursuits, or to enter any class at college.

The country location of this Seminary in a pleasant village, in a healthy and flourishing neighborhood, well known for the elevated tone of its moral sentiment, and where the pupils are not surrounded by the dissipated influences, and temptations found in our cities, larger towns, and many other localities, with no outside influences to divert their attention from literature and the work of mental culture, presents attractions and inducements to considerate parents anxious students, seldom found surrounding large schools and academies.

The Literary Society also, one of the oldest and best conducted in this section of country, presents an attractive feature and useful auxiliary, to a practical education. The improvements will be under the immediate charge of an efficient Board of Trustees, appointed by the Seminary Company, and will be completed in time for the Autumn term, to commence the 12th of August next.

While thankful for past patronage we wish to merit a remuneration of similar favors, and as we intend to include a higher grade and wider range of instruction, we respectfully solicit a careful examination into our facilities and claims.

Terms:
Boarding, washing, tuition, lights and incidental expenses, for one quarter of eleven weeks, will be Thirty Dollars, one half payable in advance, the other half at the expiration of the quarter.

MEYER'S LIFE PILLS & FROENIX BITTERS.
THESE MEDICINES have now been before the public for a period of Thirty Years, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing varieties of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.
DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind: Flatulence; Loss of Appetite; Headache; Restlessness; Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without Violence; all violent purges leave the bowels costive within two days.
FEVERS of all kinds, by restoring the blood to regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.
DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the bowels the slimy matter in which these creatures adhere.
ULCERS, ETC., and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.
SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the removal of all which occasion all eruptive complaints, such as cloudy and other disagreeable complexion.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. Common Cold and Influenza will always be cured by one dose, or by two in the worst cases.
FILES.—The original proprietor of these Medicines, was cured of Piles, 35 years standing by the use of the Life Medicines alone.

FEVER AND AGUE.—For this scourge of the Western country, these Medicines will be found a safe, speedy and certain remedy. Other medicines have been vainly subjected to a return of the disease, a cure by these Medicines is permanent. TRY THEM, be Satisfied and be Cured.
BILIOUS FEVERS and LIVER COMPLAINTS.—General Debility, Loss of Appetite, and Diseases of Females.—The Medicines have been used with the most beneficial results in cases of the worst forms of King's Evil, and Scrofula, in the worst forms of the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they need but to eradicate from the system, all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla. Prepared and sold by W. B. MOFFAT, 335 Broadway, New York.
FOR SALE BY ALL DRUGGISTS.

HEALTH AND ITS PLEASURES, OR Disease With Its Agonies! CHOOSE BETWEEN THEM.

HOLLOWAY'S PILLS.
NERVOUS DISORDERS.
What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing; for where can a remedy be found? There is one—drink but little wine, beer, or spirits, or fat butter, none; take no coffee;—weak tea being preferable to all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of stews; and if these rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

MOTHERS AND DAUGHTERS.
If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never, never weaken the system, and always bring about a permanent cure. SICK HEADACHES AND WANT OF APETITE.

These feelings which so sadden us so frequently arise from impurities and troubles, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow a clear head, a good appetite and a clear complexion. In the East and West Indies, scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.
In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed instructions directions, and the Orinment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.
No medicine will so effectually invigorate the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or impure food, and reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms—in fact they never fail in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following diseases.
Acne,
Asthma,
Bilious Complaints,
Liver Complaints,
Blotches on the Face,
Lumbago,
Bowel Complaints,
Piles,
Colic,
