FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofalous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OARLAND, Ind., 6th June, 1859. J. C. AYDR & Co. Gents: I feel it my duty to ac-knowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my lands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilia), for I knew from your reputa-tion that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy month, and used almost three bottles. New and healthy skin scon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apselies of the age, and remain ever gratefully. Yours, ALFRED B. TALLEY.

Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes : "Three bot-tles of your Sarsaparilla cured me from a Goirre - a hid-cous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla s most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Fenale Discate* of the Scrofnlous disthesis. I have cured many inveter-ate cases of Lencorrhom by it, and some where the com-plaint was caused by adverding of the ulter.

ate cases of Lencorrhom by it, and some where the com-plaint was caused by *ulceration* of the *ulcrus*. The ulcer-ation itself was soon cured. Nothing within my knowl-edge equals it for these female derangements." Edward S. Marrow, of Newbury, Ala., writes, "A dan-gerous *averian honer* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sar-saparilla. Our physician thought nothing but extirpa-tion could afford relief, but he advised the trial of your Sarsaparilla as the hast resort before cutting, and it proved effectual. After taking your remedy eight weeks uo symptom of the disease remains."

### Syphills and Mercurial Disease.

NEW ORLEANS, 25th August, 1859. DR. J. C. ATER : Sir, I cheerfully comply with the rein st. of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitle ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla, the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sen-sitive to the weather that on a damp day she suffered ex-cruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your acent cave me, that know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859. DR. J. C. ATER: Sir, I have been afflicted with a pain-ful chronic Rheumatican for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One

bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been

afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing

destroyed my heatth. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the bleas-ing of God it has cured me, and has so purified my blood us to make a new man of me. I feel young again. The

best that can be said of you is not half good enough."

RAYMOND'S FAMILY

2 Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a hoard table or
