We publish a letter from one of the "Hurley Guards" in to day's paper.

THE potato rot still continues in this section without any interruption. Some of our farmers will lose their whole crop.

Conn .- If any of our patrons will bring us corn we will receive the same on subscription, and be glad to get it.

THOSE candidates who have not paid us for printing tickets had better se p forward and save an exposition.

We have filled up a portion of our first page with news from the seat of war, it being rather interesting we concluded to lay it before our readers.

THANK-GIVING -The Governor of the State has announced Thursday, the 28th inst . to be set apart as a day of Thanksgiving to Almighty God for his blessings to us during the past year.

THE sale of the personal property of the late Col. Joseph Paxton, which was going off on Tuesday, Wednesday and Thursday last, was adjourned until Saturday next, the 9th of November. Quite a lot of grain will be offered Now is the time to purchase.

We would be much obliged to some of our patrons if they would bring us some Buckwheat flour on subscription to the STAR. This article has been brought us in abundance other seasons. What is the trouble this year? Pienty of it in the country,

Hollow Eve passed off in this place with its usual amount of door thumping. Several cabbage patches in our vicinity were visited by the "mischievous." How long the practice of pulling and throwing of cabbage stumps against dwellings will continbe no one can tell.

GOVERNMENT AGENTS have been buying up has in this section, the last few days, and shipping it to Harrisburg. Dr. Ramsey of this place and the admr's of Col. Paxton deceased, have dispused of a good and large quantity of hay to those army agents. At what figure we did not learn. Hay is plenty this season.

HENRY C. HARTMAN, of this place, is endeavering to raise a military company for the war. This gentleman has become pa triotic and is bound for a fight. Here is a good opportunity for those to enlist who wish to serve their country in putting down this rebellion.

The storm, on Saturday evening last blew in the gable end of Elias Mendenhall's brick store, in this place. The damage done to the building is considerable. The third floor was broken down by the fall of the brick. It is rather formulas that the storm did not an roof the building. ****

On Saturday last, the wife of Mr Appel of this place, met with an accident by having a horse and buggy pass over her body. on third Street. The woman was consider ably injured. We learn that the affair was purely accidental. Too much caution can not be exercised in ariving our streets.

Quite a large number of our patrons have not called upon us since we commenced the publication of the STAR, for which we are not much obliged to them. There are some to whom we have frequently sen: NOVEMBER, 1861, at one o'clock in the bills, but as yet have not paid us a cent -We want to settle up all accounts as soon as possible and start a fresh or not at all.

FOR PURIFYING THE BLOOD. Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. ATER & Co. Gents: I feel it my duty to ac-Local Arts & Co. Gents: I feel it my duty to asknowledge what your sursuparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was reloiced beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilis), for I knew from your reputation that any thing you made must be good. I sent to Cincinuati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used sinust three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gove from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Ervaipelas.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Hoad, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Ergainetar by large doses of the same; says be cured the common Ergainets by it constantly. Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three bot-ties of your Sarsaparilla cured me from a Geire — a hid-cous awelling on the neck, which I had suffered from over two years."

Leucorrhos or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saving I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Famile Discases of the Scrofulous diathesis. I have cured many inveterate cases of Leucertheza by it, and some where the complaint was caused by algorithm of the view. ate cases of Leucorrhoea by it, and some where the complaint was caused by uterration of the uterus. The uteration itself was soon cased. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous servian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Examarilla at the last reseat before attitudes. Sarsapurilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks optom of the disease remaina."

Syphilis and Mercurial Disease. Da. J. C. Aten: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cured with your Sar-aparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Discuss. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had saten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the yielded to my administration of your Sarsaparilla; the alcors besied, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so senstive to the weather that on a damp day she suffered ex-eruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your isboratory must be a great remedy; consequently, these truly remarkable results

with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D. Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dr. J. C. Aven: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the runedies I could flud, until I tried your Sarsaparilla. One of the curred one in two weeks, and restored my general eaith so much that I am fur better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing faciled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised the to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfeliation of

A great variety of cases have been reported to us where cures of these furnidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilep-sy, Melancholy, Neuralgia Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the ne-cessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs.
As all know the dreadful fatality of these disorders, and
as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the vir-tues that it did have when making the cures which have won so strongly ppen the confidence of mankind. Prepared by Dr. J. C. AYER & CO., Lowell, Mass.
