As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating and are a valuable remedy for persons addicted to the use of excessive strong drink.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is impure, or where Chills and Fevers are prevalent.

Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading these valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease from the land.

DR. J. BOVEE DODD'S IMPERIAL WINE BITTERS are prepared by an eminent and skillful physician who has used them successfully in his practice for the last twenty years.

THE proprietor, before purchasing this exclusive right to manufacture and sell Dr. J. Bovee Dodd's Celebrated Imperial Wine Bitters, had them tested by two distinguished medical practitioners, pronounced them a valuable remedy for disease.

Although the medical men of the country as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their merits, who would not be highly approved of by Dr. J. BOVEE DODD'S IMPERIAL WINE BITTERS.

Imperial Wine Bitters are composed of a rare and milderated Wine, combined with Barberry, Solomon's Seal, Conley, Wild Cherry Tree Bark, Spikenard, Chamomile Flowers, and Gentian. They are manufactured by Dr. Dodd himself, who is an experienced and successful Physician, and hence should not be considered as a quack nostrum.

These truly valuable Bitters have been so thoroughly tested by all classes of the community for almost every variety of disease incident to the human system, that they are now deemed indispensable as a TONIC, MEDICINE AND BEVERAGE.

Purchase One Bottle! It Costs but Little! Purify the Blood! Give Tone to the Stomach! Remove the Cause of the System, and Prolong Life!

RAYMOND'S FAMILY SEWING MACHINE!

MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Cheap Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families.

1. It sews from 400 to 600 tight stitches per minute. 2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a board table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended. 6. No human hand is capable of producing a seam so regular and systematic.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. 8. The operator can shape his seam just as he pleases, waves, leaves, and flowers, etc., can be represented or imitated.

9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, ribbands, collars, etc.—and all kinds of ladies' sewing, including silks, laces, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light in construction. 10. But we all admit, that the advantage to health, and principally to the vision of the eye, induced by the use of Sewing Machines, surpasses infinitely all other advantages.

11. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it, so that you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. 12. For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.

EVANS & WATSON'S Phila Manufactured SALAMANDER SAFES;

These Safes are in use now all over the United States, and have been well tested in many instances; the following shows another instance of their capability in resisting fire. WITMER'S BRIDGE, Lancaster Township, July 30, 1860. Messrs. EVANS & WATSON: Gentlemen—The small size No. 1 Salamander Safe which I purchased from your agent, Mr. Adam K. Barr, in Lancaster City, on July 26th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books, together with valuable papers belonging to myself and some to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, [20,000] was in my Mill, which was destroyed on the night of the 27th of July, 1860, and passed through the very ordeal unscathed. The Safe was on the second floor, and fell to the basement of the Mill and was subjected for six hours to an intense heat among the ruins, which was greatly increased by the combustion of a large quantity of grain confined with it between the walls. After the fire the Safe was opened and the contents were taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many bystanders a better recommendation of your Safes than could be expressed in any other words from me. Yours Respectfully, SAMUEL RANCK.

Another Victory for Evans & Watson's
