SOMETHING FOR THE TIMES A NECESSITY IN EVERY HOUSEHOLD!

JOHNS & CROSLY'S AMERICAN CEMENT GLUE. The Strongest Glue in the World. The Most Durable Glue in the World. The Only Reliable Glue in the World. The Best Glue in the World.

AMERICAN CEMENT GLUE. It is the only article of the kind ever produced in this country.

WILL MEND WATER. IT WILL MEND WOOD. Save your broken Furniture. IT WILL MEND LEATHER. Mend your Harness, Straps, Belts, boots &c. IT WILL MEND GLASS. Save the pieces of that expensive Cut Glass.

IT WILL MEND IVORY. Don't throw away that broken Ivory Fan, it is easily repaired. IT WILL MEND CHINA. Your broken China Cups and Saucers can be made as good as new.

IT WILL MEND MARBLE. That piece knocked out of your Marble can be put on as strong as ever. IT WILL MEND PORCELAIN. No matter if that broken Pinner did not cost but a shilling, a shilling saved is a shilling earned.

IT WILL MEND ALABASTER. That cast Alabaster Vase is broken and you can't match it, more or less, never show when put together. IT WILL MEND BONE, CORAL, LAVA AND IN FACT EVERY THING BUT METALS.

Any article Combined with AMERICAN CEMENT GLUE will not show where it is mended.

Every Householder should have a supply of Johns & Crosley's Cement Glue. New York Times.

It is so convenient to have in the house. New York Express.

It is always ready; it commends it to every body. Independent.

We have tried it, and find it useful in our house as water. Wilkes' Spirit of the Times.

ECONOMY IS WEALTH. \$10.00 per year saved in every family by One Bottle of AMERICAN CEMENT GLUE.

Price 25 Cents per Bottle. Price 25 Cents per Bottle. Price 25 Cents per Bottle. Price 25 Cents per Bottle.

Very Liberal Reduction to Wholesale Buyers. TERMS CASH.

For Sale by All Druggists, and Storekeepers generally throughout the country. JOHN S. CROSLY, (Sole Manufacturers), 78 WILLIAM STREET, Corner of Liberty street. NEW YORK.

Important to House Owners. Important to Builders. Important to Rail Road Companies. Important to Farmers.

To all whom this may concern, and it concerns every body. JOHN S. CROSLY'S IMPROVED GUTTA PERCHA CEMENT ROOFING.

The Cheapest and most durable Roofing in use. IT IS FIRE AND WATER PROOF. It can be applied to New and Old Roofs of All kinds, steep or flat, and to Shingle Roofs without removing the Shingles.

THE COST IS ONLY A-OUT ONE-THIRD THAT OF TIN, AND IT IS TWICE AS DURABLE.

This article has been thoroughly tested in New York City and all parts of the United States, Canada, West Indies and Central and South America, on Buildings of all kinds, such as Factories, Foundries, Churches, Rail Road Depots, Cars, and on Public Buildings generally, Government Buildings, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use, and it is in every respect a fire, water, weather, TIME PROOF covering for ROOFS OF ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA and RUBBER.

No Heat is required in making application. The expense of applying it is trifling, as an ordinary Roof can be covered and finished the same day.

IT CAN BE APPLIED BY ANY ONE, and when finished forms a perfectly Fire Proof surface with an elastic body which cannot be injured by Heat, Cold or Storms, Striking of Roof Boards, nor any external action whatever.

LIQUID GUTTA PERCHA CEMENT. For Coating Metals of all kinds when exposed to the action of the Weather and for Preserving and Repairing Metal Roofs of all kinds.

This is the only Composition known which will successfully resist extreme changes of climate, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to, three coats of ordinary paint, and will last THREE TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

It will not CRACK in COLD OR RUN in WARM WEATHER AND WILL NOT LEAK OFF. Lead Pipe and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT, and prevented from further corrosion and leaking, thereby ensuring a perfectly water tight Roof for many years.

This Cement is peculiarly adapted for the preservation of Iron Railings, Stoves, Ranges, Sales, Agricultural Implements &c., also for general household purposes.

GUTTA PERCHA CEMENT. For preserving and repairing Tin and other Metal Roofs of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

These materials are adapted to all climates, and we are prepared to supply orders from any part of the country, at short notice, for GUTTA PERCHA ROOFING in all its various applications, and for GUTTA PERCHA CEMENT in barrels, with full printed directions for application.

AGENTS WANTED. We will make liberal and satisfactory arrangements with responsible parties who would like to establish themselves in a lucrative and permanent business.

OUR TERMS ARE CASH. We give abundant proof of all we claim in favor of our improved Roofing materials, have applied them to several thousand Roofs in New York City and vicinity.

JOHNS & CROSLY, Sole Manufacturers, Wholesale Warehouse 78 William St., Corner of Liberty Street. NEW YORK.

Full descriptive Circulars and Prices will be furnished on application. October 13 1861.

WILCOX & GIBBS' SEWING MACHINES. Price with Hammer and Feller, \$35 00.

THIS MACHINE HAS POINTS OF SUPERIORITY PECULIARLY ITS OWN. Stitching, Hemming, and Felling with a Single Thread. It forms a neat, even, and elastic seam, which is warranted not to rip in wear, even if the seam is cut at frequent intervals, and also under all circumstances "to survive the wash-tub."

A Patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.

Another feature which deserves particular attention is "THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG."

Two thousand Stitches, or two yards of work, can be done in one minute without drawing a stitch.

These Machines, so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these will without basting, and hem the finest muslin without puckering.

Notwithstanding at about half the price of the other first class machines, they will accomplish double the sewing in a given time.

"It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.

"It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it." Palladium Philadelphia Evening Journal.

"Among the best and most serviceable Sewing machines. Light and elegantly finished, and so simple in its construction that it seems almost impossible for it to get out of repair."—Pittsburgh Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvania.

"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimous in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in Justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in providing, beyond count, that two threads are not, as was supposed, necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.

"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with the Wilcox & Gibbs' Patent, he has purchased one of them as the best adapted to the wants of his family, and as the least liable to require repair. OLIVER CRANE, Boston, July 3, 1860.

The undersigned, during eighteen months has had in almost constant use, in his family, Wilcox & Gibbs' Sewing Machine, and has been made the clothes of his large family—from muslin to pilot cloth—including the clothing required for his several boys; and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is in all respects, well appointed, efficient and durable.

GREENWOOD SEMINARY AND COLUMBIA COUNTY NORMAL INSTITUTE, AT MILLVILLE, PENNA.

Important Additions & Improvements. Autumn Term to commence August 17. This Institution which has been in successful operation for the past year, is about undergoing a very important renovation, in order to place it on a more stable basis than ever, and present facilities which are not surpassed by ordinary Academies in North Pennsylvania.

The improvements will be a large two-story building which will give much additional room and greater conveniences for boarders; a commodious hall for a lecture room and public exercises, convenient classrooms, a library and reading room containing a catalog of minerals and curiosities, bath rooms, &c. An experienced and thoroughly qualified classical teacher and lecturer will be at the head of the Board of Instruction, but the Principal will have the general superintendence of the institution and assume a share of the duties of teaching.

Regular lectures will be delivered upon various scientific subjects, as well as upon the theory and practice of teaching, and a Normal Class of young men and women who wish to qualify themselves for teachers' profession, will receive special attention and assistance.

The course of instruction in the school will be thorough and systematic, calculated to afford the various branches of a practical education. Ample provision will be made for the study of the higher Mathematics, the elucidation of Physics, and the Natural Sciences, by means of suitable apparatus, and for the study of the Latin, Greek, and German languages, to enable students to qualify themselves for commercial and scientific pursuits, or to enter any class at college.

The country location of this Seminary in a pleasant village, in a healthy and flourishing neighborhood, well known for the elevated tone of its moral sentiment, and where the pupils are not surrounded by those demoralizing influences, and temptations found in our cities, larger towns and many other localities, with no outside influences to divert their attention from literature and the work of mental culture, presents attractions and inducements to considerate parents, ambitious students, seldom found surrounding large schools and academies.

The Literary Society also, one of the oldest and best conducted in this section of the country, presents an attractive feature and useful auxiliary, to a practical education.

The improvements will be under the immediate charge of an efficient Board of Trustees, appointed by the Seminary Company and will be completed in time for the Autumn term, to commence the 12th of August next.

While thankful for past patronage we wish to merit a continuance of similar favors, and as we intend to include a higher grade and wider range of instruction, we respectfully solicit a careful examination into our facilities and claims.

Boarding, washing, tuition, lights and incidental expenses, for one quarter of eleven weeks, will be Thirty Dollars, one half payable in advance—the other half at the expiration of each quarter.

Boarding, with furnished rooms, one quarter \$22.00. Tuition in common English branches 5.00. Tuition in Latin, Greek, and German [extra] 1.00. Washing, Lights and incidental expenses, one quarter, 3.00.

Those who desire to procure scholarships or attend by the year, will be accommodated at a reasonable discount, and students wishing to secure rooms should make reasonable application.

For further particulars address WM. BURGESS, Principal, Millville, Penna.

GEORGE MASTERS, J. K. EVES, Dr. A. P. HELLER, ELLIS EVES, Trustees. BENJAMIN K. EVES, Millville, May 29, 1861.

NEW NATIONAL LOAN. Seven and Three-Tenths Per Cent. TREASURY NOTES. Now Ready for Delivery at the Office of JAY COOKE & CO., BANKERS, No. 114 South Third Street, Philadelphia.

Pursuant to instructions from the Secretary of the Treasury, the Subscription Book to the NEW NATIONAL LOAN of Treasury Notes, bearing interest at the rate of seven and three-tenths per cent. per annum, will remain open at my office.
