AND ULCERS. All description of sores are remediable w the proper and diligent use of this inesmable preparation. To attempt to cure rad legs by plastering the edges of the bound together is a folly; for should the skin unite, a boggy diseased dondition re mains underneath to break out with tenfold ssry in a few days. The only rationanl and successful treatment, as indicated by nature. is to reduce the inflamation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any loeal part, whereas the Ointment will do its work at once. Whoever tries the ongnent in the above manner of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as

PILES, FISTULAS, STRICTURES. The above class of complaints will be

removed by nightly fomenting the parts with warm water, and then by most effectnally rubbing in the Ointment. Persons suffering troin these direful complaints should lose not a moment in arresting their progress. It should be understood that it s not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will re move any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after rubbing in of the Ointment, will do great service. This is the only sure treatment for emales, cases of cancer in the stomach, or

Ds. Arra: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES. WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Drop-sy, Paralysia, Fits, etc. From Dr. J. P. Vaughn, Mentreal, Canada.

Too much cannot be said of your Pills for the cure of costineness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe contineness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomack and expel worms. They are so much the best physic we have that I resommend

no other to my patients From the Rev. Dr. Hawkes, of the Methodist Epis. Church. PULASKI HOUSE, Savannab, Ga., Jan. 6, 1856.

HONORED Sur: I should be ungrateful for the relief
your skill has brought me if I did not report my case to
you. A cold settled in my limbs and brought on excruclating neuralgic pains, which ended in chronic rheuma-tism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

Dr. Aver: I have been entirely cured, by your Pills, of Rheumotic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incantious use. Bilious Disorders - Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperiont, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious com-

plaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

quently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of

Dysentery, Diarrhoa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best sperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhose. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

PRICE \$10 EACH. MESSES. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Impro ved Chear Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages this implement possesses, viz: 1. It sews from 400 to 600 tight stitches

Are you sick, feeble, and complaining? Are you out of order, with your system doranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-scated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. 2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle. 3. One of the most valuable features of

this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a hoard, table or siand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and the disorders they cure.

EVANS & WATSONS Phil'a Manufactured SALMANDER No. 304 Chesingt Street PHILADELPHIA.

WITMER'S BRIEGE. Lancaster Township, July 30, 1860. Messis. EVANS & WATSON Gentlemen-The small size No. 1 Salamander Sale which I purchased from your agent. Mr. Adam R. Barr, in Lancaster City. on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books, tegether with valuable papers belonging to my-elf and some to my neighbors and triends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscathed The Safe was on the second floor, and fell to the basement of the Mill and was subjected for six hours to an intense heat among the roins, which was greatly increased by the combusti n of

Owego, N. Y , March 27, 1860. Gentlamen-li affords me much pleasure o inform you that the Safe No. 5, [upright] which I purchased of B. Strond, your Travelling Agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my books and valuable papers to the amount of several thousand dollars, for which I feel thanktul. Yours, Respecifully.

Knoxville, Tann., March 13, 1859.

Gentlemen - It affords me great pleasure to say to you that the Salamander Salu which I purchased of you in February, 1851. proved to be what you recommended it-a sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe fell brough into the celler, and was exposed to intense heat for six or eight hours, and when it was taken from the ruins and opened, all its contents were found to be in a perfect state, the books and the papers not being injured any whatever. I can cheerfully recomm and your Sales to the community, believing, as I do, that they are as near fire proof as it is possible for any Safe to be made. THOMAS J. POWELL.
