

STAR OF THE NORTH, BLOOMSBURG, PA.

Wednesday Morning, November 20, 1861.

Who will bring us a goblet for Thanksgiving day? Don't all speak at once.

See our advertisements in today's Star. Give them a careful perusal.

The official vote of this Representative District will be seen in this week's paper. Hurrah for the Democracy!

Our outside this week will be found about two Regiments of war news, quite interesting.

Patrols in on hand to day (Wednesday) with fresh oysters. He is selling as usual at 12c per quart. Give him a trial—they are right.

Tax Baptist congregation at this place, are holding a revival meeting; it has been going on during the past week. They will have preaching on Sabbath next at 10 o'clock, A. M.

MARKET PRICES in this place, still keep up. Buckwheat Flour is selling at \$2 25 per cwt. Fresh Pork \$6 00 per cwt. Potatoes 40c per bushel. Chickens 25 to 37c cis. a pair.

CHARLES H. NOLL, the late barber of this place, has joined Capt Winter's Company of Philadelphia. He was home on furlough, last week, paying a visit to his family. His brother continues the barbering business, and is worthy of patronage.

Next Monday a week will be Court week in this county. We would notify those owing as thus early, that they will greatly oblige us by bringing or sending us their indebtedness upon that week. It may be an advantage to some to heed this notice. We must collect closer.

The Secretary of the Agricultural Society requests us to make a correction in the published report of the "trial of horses" at the Fair. The second premium of five dollars for double team trot should have been awarded to Wesley Bowman instead of A. Patterson.—Republican.

The Republican's explanation in relation to the Fair printing is satisfactory. All we have to say is, had the Republican made up his bid for the letting at the rate it charged for that "extra work" it would never have received the work at the price reported—forty-two dollars and seventy-five cents. That's all—you can run along.

ACCIDENT.—We learn that WILLIAM SHAFER, son of Samuel Shaffer, of Bloom township, had one of his legs broken on Tuesday last, caused by the running away of his team—two horses—with a load of oats, throwing him off the wagon and passing over him. One other young man was hurt but not seriously.

IMLAY AND BICKNELL'S Bank Note Reporter—the semi-monthly—has been received for the 15th inst. This is a sure and safe money guide, considered among the very most reliable. Published in Philadelphia, at \$2 for the semi monthly and \$1 for the monthly.

The first snow of the season fell on Thursday night last. It reminded one strongly of the approach of winter, and of making the necessary preparations for an early and a long one. The hills hereabouts were quite white, the article having fell to the depth of about two inches.

SPECIAL attention is invited to the new advertisement of HENRY ZERRINGER's watch and clock establishment in this week's Star. Mr. Z. has just improved his instruments, and received increased facilities, to enable him to execute the most difficult jobs with neatness and dispatch. His workmanship will favorably compare with any done this side of our eastern cities. Give him a trial.

New LIQUORS are to be had, at the Liquor store of Daniel Robbins, in this place. He has lately replenished his already large and superior stock of liquors. Those dealing in the article as retailers will find it to their advantage to purchase at this establishment. The prices are right, and the liquor is—Choice liquors of every description are to be had at this store.

MORE MEN WANTED.—Capt. Manly, of the Mortour Rifles, and of the 6th Regiment, commanded by Col. Ricketts, has advertised for one hundred able bodied men to fill up the different companies composing the 6th Regiment. They are at liberty to join any company they choose. Here is a good opportunity to come in close contact with the rebels. This Regiment is encamped at or near Pierpont, Virginia. The officers of this Regiment are desirable men to be under, no better in the army.

A BATHERS serious accident happened, on Friday last at McKelvey. Neal and Co's Furnace, by the falling of a scaffold some twenty-five feet, inside of the stack upon which five or six workmen were engaged. The whole party were badly bruised and injured; but no bones were broken save the splitting of a knee-cap of Samuel Jacoby. The names of the injured men, as far as we are informed, are Christian Knapp, Samuel Jacoby, John Keshy, Herring.

We neglected in our last to notice the arrival of our estimable young friend, Mr. GEORGE W. BENDISMAN, son of Jacob Bendisman, of this place, who is a member of the 1st California Regiment, commanded by the late Col. BAKER. By the way George is a printer, and we believe we taught him to set the first type. He was prostrated by sickness at the time of the Bull's Bluff affair, otherwise he might have been among the unfortunate ones. He expects to return to his company in a few days. Success to him.

WILCOX & GIBBS' SEWING MACHINES.

Price with Hammer and Feller, \$35 00. THIS MACHINE HAS POINTS OF SUPERIORITY PECULIARLY ITS OWN. Stitches, Hemming, and Felling with a Single Thread. It forms a neat, even, and elastic seam, which is warranted not to rip in wear, even if the seam is cut at frequent intervals, and also under all circumstances "to survive the wash-tub."

A patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.

Another feature which deserves particular attention is THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG. Two thousand Stitches, or two yards of work, can be done in one minute without dropping a stitch.

These Machines, so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these left without work, and hem the finest muslin without puckering.

Although at about half the price of the first class machines, they will accomplish double the sewing in a given time. "It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.

"It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it."—Palladium Evening Journal.

"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing Machines. Light and elegantly finished, and so simple in its construction that it seems almost impossible for it to get out of repair."—Pittsburg Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Penny-Variant.

"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimous in favor of the Wilcox & Gibbs as a sewing machine."—Pennsylvania State Agricultural Society's Report.

"We must, in Justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in providing beyond count, that two threads are not, as we supposed, necessary to do the work."—Christian Advocate and Journal, June 21, 1860.

"We have one of these machines in use, and think more highly of it than any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them as the best adapted to the wants of his family, and as the best liable to require repair."—CLIVER CRANE. Boston, July 3, 1860.

"This machine, during eighteen months has had an almost constant use, in his family. Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family—from muslin to plaid, including the clothing required for his several boys; and in no case have the seams failed, although in hard service." The only new in use in his family, has required no repair, and is in all respects, well appointed, efficient and durable.

JAMES WILCOX & GIBBS, Manufacturers. No. 508 Broadway, New York, Opposite St. Nicholas Hotel, August 28, 1861.—1y.
