THE next Teachers' Institute of Columbia courty will be held at Catawissa on the 24th day of this month.

CAPT FRICE of the "Harley Guard" paid our town a visit on Saturday last. He looked well and will make a good officer.

THE WEATHER, on Sunday and Monday last was quite mild and moderate. The roads are very heavy in consequence.

SHERIFF FORMAN advertises for sale, in to-day's STAR, six tracts of valuable land, situate in Beaver township, south side of the river. Sale 9th of January next.

THE STAR contains two letters this week from our volunteers. Read them-they the first place sent the "Iron Guards;" an sound encouragingly-the boys are having entire new company. Since the "Hurley some good times putting down secession.

THE MESSAGE fills up our first page, thereby excluding our usual variety for that department. It is a very mild documentread it. We must say that it has very little Jacksonian ring about it.

Wz are obliged to go to press earlier than common this week, on account of other business interfering, consequently we are mable to give any late war news if there were any of importance. The doings in Congress, so far, are of not much value .-We will endeavor to give an occasional synopsis of their deliberations in our succeeding numbers.

THE BOARD OF RELIEF, of this county, met in the Commissioners' office, at this place. on Thursday of last week. There were several applicants for assistance, and all who appeared with petitions made out in the proper form, and having sworn to them, received aid from the hands of this Relief Board. HENDRICK B. WRIGHT, our member of Congress, will please accept our thank for documentary favors received

We notice Mr. Wright's name, with others, on a committee, appointed by Andrew G. ## AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. Aven & Co. Gents: I feel it my duty to re-knowledge what your Sarsaparilla has done for ne. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it bu st out in Ulcers on my hands and arms; sometimes it turned inward and distressed ine at the stomach. Two years ago it broke out on my head and covered my sculp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and seve al physicians, but without much relief from any thing. In physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it are reputation in small doses of a teaspoonful over a it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY. St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Hoad, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a danger ms Malignant Erysipelas by large doses of the same; \*xys he cures the common Eruptions by it constantly. Bronchocele, Goltre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three pot-ties of your Sarsaparilla cured me from a Goiler — a hid-

eous swelling on the neck, which I had suffered from Leucorrhen or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your ager tin saying I have found your Sarsaparilia a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Fundle Discuss of the Scrofulous diathesis. I have cured many inv terate cases of Leucorrheea by it, and some where the omplaint was careful to the complaint was careful to the complaint was careful to the complaint was careful to the careful to plaint was caused by ideration of the uterus. The u cer-ation itself was seen cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A Jangerous accrean famor on one of the females in my featily, which had defied all the remedies we could employ has at length been completely cured by your Extract of Sar-saparilla. Our physician thought nothing but extrac-tion could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. Syphilis and Mercurial Disease.

New ORLEANS, 25th August, 1859.

Dr. J. C. Avril: Sir. I cheerfully comply with the request of your agent, and report to you some of the elects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venerval and Mercurial Disease. One of my patients had Syphilitle ricers in his throat, which were consuming his paints and the in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kHi him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bores. They had become a sensitive to the weather that on a same day she suffered expensions to her faints and house. She too was cruciating pain in her joints and bones. She, too, was cared entirely by your Sarsaparilla in a few weels. I know from its formula, which your agent gave me that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1359. Dr. J. C. Aven: Sir, I have been afflicted with a painful chronic Kheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wenderful medicine. J. FR::AM. Jules Y. Getchell, of St. Louis, writes: "I have been destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than decangement of My beloved pastor, the Rev. Mr. Espy, a ivised and any thing you made was worth trying. By the bless-ing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of A great variety of cases have been reported to us where ures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepy, Melancholy, Neuralgia. ny remarkable cures of these affections have been Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.
