WITMERS BRIDGE. Lancaster Township, July 30, 1860. Messis, EVANS & WATSON :

Gentlemen-The small size No. 1 Salamander Sale which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books, together with valuable papers belonging to myself and some to my neighbors and triends, and representing a value of over Twenty Thousand

Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscathed The Safe was on the second floor, and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the roins, which was greatly increased by the combustion of a large quantity of grain confined with it the brick walls. After the fire the Safe waopener' and the books and papers taken oun in a state of perfect preservation, the pas per not even being discolored. This fact was, however, to many, bystanders a better recommendation of your Sales than

Great Fire--Another Triumph.

Knoxville, Tenn., March 13, 1859. Messrs, EVANS & WATSON, Phila'da. Gentlemen -- It affords me great pleasure to say to you that the Salamander Sale which I purchased of you in February, 1856, proved to be what you recommended it-a sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe fell brough into the celler, and was exposed to intense heat for six or eight hours, and when it was taken from the ruins and opened, all its contents were found to be in a perfect state, the books and the papers not being intured any whatever. I can cheerfully recommend your Safes to the community, believing, as I do, that they are as near fire proof as it is possible for any Sale to be made. THOMAS J. POWELL.
