AYER'S Sarsaparilla

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. Aven & Co. Gents: I feel it my duty to ne-knowledge what your Sarsaparilla has done for no. Having inherited a Scrofitous infection, I have suffined from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathso no beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prejoined an aiterative (Sarsaparilla), for I knew from your repuration that are they are not as the content of the same and the sa tion that any thing you made must be good. I sent to Cincinnationed get it, and used it till it cured me. I took Cincinnatiand got it, and used it till it curred me. I look it, as you advise, in small doses of a tenspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I held you to be one of the apostles of the age, and cannot care gratefully. you, that I need you to and remain ever gratefully. Yours, ALFRED B. TALLEY.

St. Authony's Fire, Rose or Erystpelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the

Syphilis and Mercurial Disease.

New Onleans, 25th August, 1859.

Dr. J. C. Aven: Sir, I cheerfully comply with the resuest of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fenered and Mercured Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his month. Your Sarsaparilla, steadily taken, cured him in live weeks. Another was attacked by secondary symptoms in his mose, and the ulceration land ndary symptoms in his nose, and the ulceration had aten away a considerable part of it, so that I believe the disorder would soon reach his beam and kill him. But it yielded to my administration of your Sarsaparilla. the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had beer treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sen-sitive to the weather that on a damp day she suffered ex-cruciating pain in her joints and bones. She, ico. was red entirely by your Sarsaparilla in a few weeks. I now from its formula, which your agent gave me that this Preparation from your inhoratory must be a great remedy; consequently, these truly remarkable results with it have not surprised inc. Rheumatism, Gout, Liver Complaint, INDEPENDENCE, Preston Co., Va., 6th July, 1869.
Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatian for a long time, which baffled the skill of physicians, and sinck to me in spite of all the remedies I could find, until I tried your Sanaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than befor attacked. I think it a wonderful medicine. J. FREAM. Jules V. Getchell of St. Louis, writes: "I have been afficied for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than decomponent of the Liver. My beloved pastor, the Rev. Mr. Espy, a vised me to try your Sarsapardia, because he said he knew you, and any thing you made was worth trying. By the bless-ing of God it has curst me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not leaf good enough."

Schirrus. Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of A great variety of cases have been reported to us where cures of these fermidable complaints have resulted from the use of this remedy, but our space here will not admit Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilep-Many remarkable cures of these affections have been made by the alterative nower of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the ne-cessities of the people, and we are confident that this will do for them all that medicine can do.

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Inciplent Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that i is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects— some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and are than to assure them that it has now all the virtues that it did have when making the cures which have Prepared by Dr. J. C.
