AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. Scrofula and Scrofulous Affections, sue as Tumors, Ulcers, Sores, Eruption Pimples, Pustules, Blotches, Boil Blains, and all Skin Diseases.

J. C. Aven & Co. Gentst I feel it my duty to a J. C. Aven & Co. Gentat I feel it my duty to a re-knowledge what your Sarsaparilla has done for ma. Having inherited a Scrofulous infection, I have enfer of from it in various ways for years. Sometimes it but it out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my sea p and ears with one sore, which was painful and loathsorie beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoined to read in the Gospel Messenger that you had prepar d an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I to k ft, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healt sy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by the while fell off. My skin is now clear, and I know by 11y feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the a se, and remain ever gratefully.

Yours,

ALFRED B. TALLEY

Clianning, of New York City, writes; "I most cheerfully comply with the request of your agen in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Discrete of the Scrofulous diathesis. I have cured many inveerance cases of Lemourhoza by it, and some where the complaint was caused by alexantion of the alexant. plaint was caused by ulceration of the ulcrus. The ul eration itself was soon cured. Nothing within my knewledge equals it for these female derangements." Edward S. Marrow, of Newbury, Ala., writes, "A can gerous overian towar on one of the females in my fan lly, which had defied all the remedies we could employ, has at length been completely cured by your Extract of arsaparilla. Our physician thought nothing but exti pation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, an i it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease. DR. J. C. AYER: Sir. I cheerfully comply with the re-most of your agent, and report to you some of the effects

I have realized with your Sursipartile.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic n cers in his throat, which were consuming his palate are the top of his month. Your Sarsaparilla, steadily taken ured him in five weeks. Another was attacked by idary symptoms in his nose, and the ulceration eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. It it is yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course wit tout some disfiguration to his face. A woman who had been treated for the same disorder by mercury was sufficing from this poison in her benes. They had become so sensitive to the weather that on a damp day she suffere excrucisting pain in her joints and bones. She, too was cured entirely by your Sansaparilla in a few week. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a reat remedy, consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.
