FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Bolls, Blains, and all Skin Diseases.

Having Inherited a Scrotulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned howard and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. You'rs.

I have cured many inveterof the Serotitions distinsess. I have cured many investigate cases of Leucorrhoan by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dan-

gerous oversian tomor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sar-saparilla. Our physician thought nothing but extirpa-tion could afford relief, but he advised the trial of your Bareaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

Dr. J. C. Aven: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects.

I have realized with your Sarsaparilla.

I have enred with it, in my practice, most of the complaints for which it is recommended, and have found its
effects tenly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphillitic ulcers
to his threat which were consuming his uslate and the curial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had saten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your flarsaparilla; the ulcers healed, and he is well again, not of cause without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excrucisting pain in her joints and bones. She, too, was sitive to the weather that on a damp day she suffered ex-eruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dr. J. C. Aven: Sir, I have been afflicted with a pain ful chronic Rheumstiam for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than decongement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so parified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones. A great variety of cases have been reported to its where curse of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to

furnish gratis to all who call for them Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the ne-cessities of the people, and we are confident that this will do for them all that medicine can do.

WITMER'S BRIDGE, Lancaster Township, July 30, 1860. Mesers, EVANS & WATSON :

Gentlemen-The small size No. 1 Salamander Sate which I purchased from your agent. Mr. Adam R. Batt, in Lancaster City, on July 20th. 1858, has been subjected to a very severe test, which it with-tond in a most satisfactory manner. This Site, containing all my books, regether with valuable papers belonging to my-elf and some to my neighbors and triends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of ordeal unscathed. The Safe was on the second floor, and fell to the basement of the Mill and was subjected for six hours in an intense heat among the mins, which wa- greatly increased by the combusti n of a large quantity of grain confined with it the brick walls. Aber the fire it e Safe wamener and the books and papers taken oun in a state of perfect preservation, the pas per not even being discolored. This fact was, however, to many, by standers a better recommendation of your Siles than could be expressed in any other words from me. Yours Respectfully.

Owego, N Y March 27 1860. Gentlan en-li affords me moch pleasure to inform you that the Safe No. 5 [apright] which I purchased of B. Stroud, your Travelling Agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my books and valuable papers to the amount of several thousand dollars, for which I feel thankful. Yours, Respectfully.

Kenzville, Tenn., March 13, 1859. Massrs, EVANS & WATSON, Phila'Ga. Gentlemen - It affords me great pleasure to say to you that the Schamander Satu which I purchased of you in February 1854, proved to be what you recommended it--sure protection from fire. My storehouse, together with several others, was borned to the ground in March last. The Safe fell brough into the celler, and was exposed to intense heat for six or eight house, and when it was taken from the mins and opened, all its contents were found to be in a perfect state, the books and the paners not being injured any whatever. I can cheerfully recomm nd your Sales to the community, believing, as I do, that they are as war fire proof as it is possible for any Safe o be made. THOMAS J POWELL.
