clusive right of the above valuable Improved Chear Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages this implement possesses, viz: 1. It sews from 400 to 600 tight stitches per minute.

2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a hoard, table or

stand, in operating order, and removed in less than half a minnte. 5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing

Machines. 6. No human hand is capable of producing a seam so regular and systematic .-The seam is so strong if well done, that the strongest material will tear before the

seam will give way. 7. Among the array of Patent Sewing Machines, there are none so cheap and dorable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so realy useful, doing such a variety of wore for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT. 8. The operator can shape his seam just

as he pleases, waves, leaves and flowers, etc., can be represented or imitated. 9. It is particularly adapted to all kinds of stitching-such as gentlemen's shins, bosoms, ristbands, collars, etc.,-and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine

is rather too light of construction. 10. But we all admit, that the advantage to health, and principally to the vision or citizens of Bloomsburg and vicinity, eyesight, induced by the use of Sewing Machines, surpasses infinitely all other ad-

il. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

Children in the presude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely. Take Ayer's Pilis, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pilis, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements, of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Dr. Aver: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and fest that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic. From Dr. E. W. Curtwright, New Orleans. Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore. Dear Bro. Aven: I cannot answer you what complaints
I have cured with your Pills better than to say all that we
ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with
disease, and believing as I do that your Pills afford us the
best we have, I of course value them highly.

DR. J. C. ATER. Sir: I have been repeatedly cured of the worst keadache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,

Clerk of Steamer Claries.

Bilious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., 7th Feb., 1856.

Sir: I have used your vills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have setlom found a case of bilious discuss so obsticate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Diarrhea, Relax, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhosa. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood. From Rev. J. V. Himes, Pastor of Advent Church, Boston. Dr. Aver: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

If others of our fraternity have found them as efficacions as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe conficency to be lived by the process of the process of the lived by the process of the proc freezes to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural sere-tion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. Messis, EVANS & WATSON : Gentlemen-The small size No. 1 Salamander Sate which I purchased from your work. His stock of buseaus, enclosed and to my neighbors and triends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of second floor, and fell to the basement of the Mill and was subjected for six hours to an intense heat among the mins, which was greatly increased by the combusti n of a large quantity of grain confined with it the brick walls. After the fire the Safe waopened and the books and papers taken oun in a state of perfect preservation, the pas per not even being discolored. This fact was, however, to many, bystanders a bet-RESPECTULLY offers his could be expressed in any other words from me. Yours Respectfully. from me. Yours Respectfully, SAMUEL RANCK.

Another Victory for Evans & Wat-

sen's Salamander Safe. Owego, N. Y. March 27, 1860. Gentlamen-It affords me much pleasure o inform you that the Safe No. 5, [upright] which I purchased of B. Strond, your Travelling Agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my books and valuable papers to the amount of several thousand dollars, for which I feel thankful.

Yours, Respectfully. J. N. ELDRIDGE.

Philadelphia, Jone 4th, 1858. Messrs EVANS & WATSON manufacured the Fire Proof Sales which have been in use since the commecement of oc-Bank, and are supplied with three of the Patent Alphabetical Bank Lock, and have given entire satisfaction. This Lock we have great confidence in, both as regards security and convenience, there being no chance to blow it out with powder, and no key to carry. We consider it one of the

best and salest Locks now in use. ROBERT MORRIS, Pres't Com'th Bank. HENRY GRAMBO, Cashier.

Great Fire-- Inother Triumph. Knoyville, Tenn , March 13, 1859. Massrs. EVANS & WATSON Philadia. Gentlemen - It affords me great pleasure to say to you that the Salamander Salo which I purchased of you in February 1851, proved to be what you recommended it-a are protection from fire. My surehouse, together with several others, was burned o the ground in March last. The Safe fell brough into the celler, and was exposed o intense heat for six or eight hours, and when it was taken from the ruins and opened, all its contents were found to be in a perfect state, the books and the papers not being injured any whatever. I can cheerhe citizens of Bloomsburg, and the public fully recommend your Sales to the community, believing, as I do, that they are as

near fire proof as it is possible for any Safe to be made. THOMAS J. POWELL.
