RAYMOND'S FAMILY SEWING MACHINE! PATENTED MARCH 9, 1858.

PRICE \$10 EACH. MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improred Cheap Patent Sewing Machine, for he County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families, The following are some of the superior advantages this implement possesses, viz:

1. It sews from 400 to 600 tight stitches The 10.15 a. m. up train only connects at 2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a com-

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing

6. No human hand is capable of producing a seam so regular and systematic .-The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Mathine is adapted to all kinds of work as experience has proven. There are perhaps none so realy useful, doing such a variety of wore for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT. 8. The operator can shape his seam just

as he pleases, waves, leaves and flowers, etc., can be represented or imitated. 9. It is particularly adapted to all kinds of sutching-such as gentlemen's shirts, bosoms, ristbands, collars, etc.,-and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light of construction.

10. But we all admit, that the advantage to health, and principally to the vision or eyesight, induced by the use of Sewing Machines, surpasses infinitely all other advantages.

il. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circomstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.

Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathsome ond description. I tried many medicines and several sicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cluciouatl and got it, and used it till it cured me. I took Cincinnall and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and romain ever gratefully. Yours,
ALFRED B. TALLEY.

Y., 12th Sept., 1450, that he has cured an inveterate case of th opsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Millynant Erysipelus by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebnion Sican of Prospect, Texas, writes: "Three bot-fles of your Sarxaparilla cured me from a Goi're — a hid-cons swelling on the neck, which I had suffered from over two years."

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Saraparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Physics* of the Scrofulous disthesis. I have cared many inveterate cases of Lencorrhesa by it, and some where the complaint was caused by alcerotion of the alerna. The ulcer-ation itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A danrous operion beaser on one of the females in my family, sich had defied all the remedies we could employ, has at length been completely cured by your Extract of Sar-sopacible. Our physician thought nothing but extirpa-tion could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks symptom of the disease remains."

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1860.

Dr. J. C. Aven: Sir, I cheerfuily comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have enred with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fenerell and Mercental Discuss. One of my patients had Syphilitic alcers in his throat, which were consuming his paints and the top of his mouth. Your Sarsaparilla, stendily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had Ondary symptoms in his nose, and the ulceration had saten away a considerable part of it, so that I believe the disorder would seen reach his brain and kill him. But it disorder would seen reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dz. J. C. Ariz: Sir, I have been afflicted with a painful chronic Rheumotism for a long time, which buffled the skill of physicians, and stack to me in spite of all the remedies I could find, until I tried your Sansaparille. One ottle cured me in two weeks, and restored my general health so much that I am far better than before attacked. I think it a wenderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been affected for years with an affection of the Liver, which destroyed my health. I tried overy thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any shing you made was worth trying. By the bless-log of God it has cured me, and has so purified my blood of to make a new man of no. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit

them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimu-lates the vital functions into vigorous action, and thus omes disorders which would be supposed beyond its reach. Such a remedy has long been required by the ne-cessities of the people, and we are confident that this will do for them all that medicine can do.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects— some fiving trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not to more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

EVANS & WATSONS, Phil'a Manufactured SALMANDER SAFES;

No. 304 Chestnut Street

United States, and have been well tested in many fi es; the following shows another instance of their capability in resist-WITMER'S BRIDGE. Lancaster Township, July 30, 1860.

Messis. EVANS & WATSON Gentlemen-The small size No. 1 Salamander Sale which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books, tegether with valuable papers belonging to my-elf and some to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscathed. The Safe was on the second floor, and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the roins, which was greatly increased by the combusti in of a large quantity of grain confined with it the brick walls. After the fire the Safe waopened and the books and papers taken oun in a state of perfect preservation, the pas per not even being discolored. This fact was, however, to many, bystanders a bet-

from me. Yours Respectfully, SAMUEL RANCK.

Owego, N. Y., March 27, 1860. Gentlamen-li affords me much pleasure o inform you that the Safe No. 5, [upright] which I purchased of B. Stroud, your Travelling Agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my books and valuable papers to the amount of several thousand dollars, for which I feel thankful.

Yours, Respectfully, J. N. ELDRIDGE.

Philadelphia. Jone 4th, 1858. Messis EVANS & WATSON manufactured the Fire Proof Safes which have been in use since the commecement of op Bank, and are supplied with three of the given entire satisfaction. This Lock we have great confidence in, both as regarde security and convenience, there being no chance to blow it out with powder, and co key to carry. We consider it one of the ROBERT MORRIS, Pres't Com'th Bank. HENRY GRAMBO, Cashier.

Great Fire--Another Triumph.

Knoxville, Tenn., March 13, 1859. Messrs. EVANS & WATSON, Phila'da. Gentlemen-It affords me great pleasure to say to you that the Salamander Sate which I purchased of you in February, 1851, proved to be what you recommended it-a Flour \$7 25; Corn and Oats Chop \$1 55; sure protection from fire: My storehouse, together with several others, was burned to the ground in March last. The Safe fell brough into the celler, and was exposed to intense heat for six or eight hours, and when it was taken from the mins and opened, all its contents were found to be in a perfect state, the books and the papers not being injured any whatever. I can cheerfully recommend your Safes to the comin general, that he has just received from | munity, believing, as I do, that they are as near fire proof as it is possible for any Sale to be made.
