

WILCOX & GIBBS
SEWING MACHINES.
Price with Hammer and Feller,
\$35 00.
THIS MACHINE HAS POINTS OF SUPERIORITY OVER ALL OTHERS.
Sewing, Hemming, and Felling with a Single Thread.
It forms a neat, even, and elastic seam, which is warranted not to rip in wear, even if the seam is cut at frequent intervals, and will stand under all circumstances "to survive the wash-tub."
A patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.
Another feature which deserves particular attention is **THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG.**
Two thousand Stitches, or two yards of work, can be done in one minute without dropping a stitch.
These Machines, so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these fell without busting, and hem the finest muslin without puckering.
Although at about half the price of the other first class machines, they will accomplish double the sewing in a given time.
"It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.
"It is indeed a wonderful production, and for a family use especially, no other will bear any comparison with it." Philadelphia Evening Journal.
"A mechanical wonder."—Scientific American.
"Among the best and most serviceable Sewing Machines. Light and elegantly finished, and so simple in its construction that it is almost impossible for it to get out of repair."—Pittsburgh Chronicle.
"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvaniaian.
"This machine, in the opinion of the commission, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.
"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimously in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.
"We must, in Justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great proving, beyond doubt, that two threads are not, as was supposed, necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.
"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.
The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them as the best adapted to the wants of his family, and as the least liable to require repair."—CLIVER CRANE, Boater, July 3, 1860.
The undersigned, during eighteen months has had in almost constant use, in his family, Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family—from muslin to pilot cloth—including the clothing required for his several boys; and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is as good as new, well appointed, efficient and durable."—JACOB CHICKERING, Boston.

TO THE PEOPLE OF THE UNITED STATES:
IN the month of December, 1858, the undersigned, for the first time offered for sale to the public Dr. J. BOVEE DODS' IMPERIAL WINE BITTERS, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is surprising, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailment should be had; for diseases of the body most invariably affect the mind. The subscribers now only ask a trial of
DR. J. BOVEE DODS' IMPERIAL WINE BITTERS!!!
from all who have not used them. We challenge the world to produce their equal.
These Bitters for the cure of Weak Stomachs, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, try the Wine Bitters of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alternative in their character, so they strengthen and invigorate the whole system, and give tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to FEMALES, where a Tonic is required to strengthen and brace the system. No Lady, however delicate her constitution and faintness should be without them as they are revivifying in their action.
THESE BITTERS
Will not only Cure, but Prevent Disease and in this respect are doubly valuable to the person who may use them. For
INCIPENT CONSUMPTION.
Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, and for all cases requiring a Tonic and for all cases requiring a Tonic.

DR. J. BOVEE DODS' IMPERIAL WINE BITTERS ARE UNSURPASSED!
For Sore Throat, so common among the Clergy, they are truly valuable.
For the aged and infirm, and for persons of a weak constitution, or for Ministers of the Gospel, Laundresses, Tailors, Steamfitters, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.
As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.
These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is hard, and where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.
Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading their use, and in their own families, should be especially careful to banish Drunkenness and Disease.
In all Affections of the head, sick Headache or Nervous Headache, Dr. Dods' Imperial Wine Bitters will be found to be most Salutory and Efficacious.

DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.
Are prepared by an eminent and skillful physician who has used them successfully in his practice for the last twenty-five years. The Proprietor, before purchasing the exclusive right to manufacture and sell Dr. J. Bovee Dods' Celebrated Imperial Wine Bitters, had them tested by two distinguished medical practitioners, pronounced them a valuable remedy for disease.
Although the medical men of the country as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medicinal properties, who will not highly approve of DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.
In all newly settled places, where there is always a large quantity of decaying timber from which a poisonous miasma is created, those Bitters should be used every morning before breakfast.
DR. J. BOVEE DODS' IMPERIAL WINE BITTERS
Are composed of a pure and undiluted Wine, combined with Barberry, Solomon's Seal, Coffee, Wild Cherry Tree Bark, Spikenard, Chamomile Flowers, and Gentian. They are manufactured by Dr. Dods himself, who is an experienced and successful Physician, and his name should be placed among the quack nostrums which flood the country, and against which the Medical Profession are so justly prejudiced.
These Bitters have been so thoroughly tested by all classes of the community for almost every variety of disease incident to the human system, that they are now deemed indispensable as a TONIC, MEDICINE AND A BEVERAGE.

DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.
These Medicines have now been before the public for a period of Thirty Years, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.
The following are among the distressing variety of human diseases in which the **VEGETABLE LIFE MEDICINES** are so wonderfully successful:
DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Biliousness, Anxiety, Languor, and Melancholy, which are the general symptoms of this disease, will vanish, as a natural consequence of its cure.
COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.
EVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.
The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles of the body, and of the joints.
DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.
THE WORMS, by dislodging from the tunage of the bowels the slimy matter to which these creatures adhere.
SCURVY, ULCERS, and INVERTERTEA SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.
SCORBUIC Eruptions and RAC COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy and other disagreeable complexions.
The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two in the worst cases.
PILES—The original proprietor of these Medicines, was cured of Piles, 35 years standing by the use of the Life Medicines alone.
FEVER and AGUE—For this scourge of the Western country, these Medicines were found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these Medicines is permanent—TRY THEM, be Satisfied and be Cured.
BILIOUS FEVERS and LIVER COMPLAINTS—General Debility, Loss of appetite, and Diseases of the Female—the Menstrual system, will be cured with the most beneficial results in cases of this description: Kings Evil, and Scrofula, in its worst forms yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.
MERCURIAL CASES—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system, all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla. RAYMOND'S FAMILY SEWING MACHINE!
PATENTED MARCH 9, 1858.
PRICE \$10 EACH.
MESSRS. ZUPPINGER & ROBBINS,
Bloomsb., having purchased the exclusive right of the above valuable Improved Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages this implement possesses, viz:
1. It sews from 400 to 800 tight stitches per minute.
2. Double thread Machines are by the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.
3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.
4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.
5. It greatly economizes the thread, and yet produces a seam as strong as that of any other kind; it is intended, a qualification not known to all kinds of Sewing Machines.
6. No human hand is capable of producing a seam so regular and systematic.—The seam is so strong it will do, that the strongest material will tear before the seam gives way.
7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so really useful, doing such a variety of work for the immediate use of the family as Raymond's, at a moderate price as RAYMOND'S PATENT.
8. The operator can shape his seam just as he pleases, waves, leaves and flowers, etc., can be represented or imitated.
9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, ruffles, &c., and all other kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light of construction.
10. We do not all admit, that the advantage to health, and principally to the vision of the eyesight, induced by the use of Sewing Machines, surpasses infinitely all other advantages.
11. This Machine fastens the seam all by itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.
For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.
