RAYMOND'S FAMILY SEWING MACHINE! PATENTED MARCH 9, 1858.

PRICE \$10 EACH. MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exdusive right of the above valuable Impro red Chear Patent Sewing Machine, for he County of Columbia, will be happy to upply their friends with the atticle for the accommodation of themselves and tamilies. The following are some of the superior advantages this implement possesses, viz: 1. It sews from 400 to 600 tight stuches

2 Double thread Machines are from the nore complicated character of their mechanism invariably munaged and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded cusier than a common needle. 3. One of the most valuable features of

this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a board, table or siand, in operating order, and removed in

less than half a minute. 5. It greatly economizes the thread, and Harrisburg at 8 00 a. in. and 2.35 p. m .- | yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic .--The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so realy useful, doing such a variety of wore for the immediate use of the fumily circle and at such a moderate price as RAY MOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves and flowers, etc., can be represented or imitated. 9. It is particularly adapted to all kinds of suitching-such as gentlemen's shirts, bosoms, ristbands, collars, etc.,-and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine s rather too light of construction.

to. But we all admit, that the advantage to health, and principally to the vision or eyesight, incored by the use of Sewing Machines, surpasses infinitely all other ad-

vantages. 11. This Machine fastens the seam always uself, but if the operator wishes it untastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left nofastened, you can draw it out in three seconds and save the thread. For sale by the undersigned, at their re-

spective residences, in Bloomsburg who all necessary instruction.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Biotches, Bolls, Biains, and all Skin Diseases.

Pimples, Pustules, Biotches, Boils, Biains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your sarsaparilla has done for me. Having inherited a Scrothous infection, I have unferred from it in various ways for years. Sometimes it burst out in Ulcers on my hauds and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my sculp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejuiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the discape has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erystpelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Eryspelas by large doses of the sume; says he cures the common Eruptions by it constantly.

Bronchocele, Goltre or Swelled Neck. Zebulon Sloan of Prespect, Texas, writes: "Three bot-ties of your Sarsaparilla cured me from a Graire—a hid-cons swelling on the neck, which I had suffered from over two years." Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most chearfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhon by it, and some where the complaint was caused by alceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparills as the last resort before cutting, and it Sarsaparilla as the last resort before cutting, and it proved effectual. Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Aver: Sir, I cheerfully comply with the resuest of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilite ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the alceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mircury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excursisting pain in her joints and bones. She, too, was enred entirely by your sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

I tried every thing, and every thing failed to relieve me; and I have been a broken-down man failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space bere will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilep-sy, Melancholy, Neuralgia Many remarkable cures of these affections have been made by the alternities power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach.
