ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exlusive right of the above valuable Impro red Chear Patent Sewing Machine, for he County of Columbia, will be happy to apply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages this implement possesses, viz: 1. It sews from 400 to 600 tight stitches

per minute. 2. Double thread Machines are from the more complicated character of their mechwith more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle. 3. One of the most valuable features of

this Machine, is the smallness and the compactness of its mechanism. 4. It can be attuched to a board, table or eand, in operating order, and removed in less than half a minute. 5. It greatly economizes the thread, and

any work for which it is intended, a qualification not known to all kinds of Sewing 6. No human hand is capable of producing a seam so regular and systematic .-Through Tickets-Reading to Baltimore, The seam is so strong if well done, that the strongest material will tear before the

seam will give way. 7. Among the array of Patent Sewing Machines, there are none so cheap and dorable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps mone so realy useful, doing such a variety of wore for the immediate use of the family circle, and at such a moderate price as 8. The operator can shape his seam just

10. But we all admit, that the advantage to health, and principally to the vision or eyesight, induced by the use of Sewing Machines, surpasses infinitely all other ad-

This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, espeenally for beginners, a very favorable circomstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Hlains, and all Skin Diseases.

Pimples, Pustales, Blotches, Boils, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ater & Co. Gents: I feel it my duty to acknowledge what your farsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathsom beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoorful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a white fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

I have cured many inveterate cases of Lencorrhoea by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous overian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease. New Omeans, 25th August, 1859.
Dr. J. C. Aven: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Saraparilla.
I have curred with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venezcal and Mereffects truly wonderful in the cure of Venereal and Mer-curiol Discuse. One of my patients bad Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by sec-endary symptoms in his nose, and the ulceration had saten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not furprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. * INDEPENDENCE, Preston Co., Va., 6th July, 1850.
Dr. J. C. Ayen: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the remedies I could find, until I tried your Sarsaparilla. On bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the bless-ing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again, best that can be said of you is not half good enough.

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of their may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Mclancholy, Neuralgia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes elisarders which would be supposed beyond its reach. Such a remedy has long been required by the necessity of the people, and we are confident that this will do for frem all that medicine can do.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness,

Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease. This is a remedy so universally known to surpass any other for the cure of throat and jung complaints, that it is useless here to publish the evidence of its virtues. Its rivation excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects— some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not cure RHEUMATISM permanently is three do more than to assure them that it has now all the vir-tues that it did have when making the cures which have won so strongly upon the confidence of mankind.
