RAYMOND'S FAMILY SEWING MACHINE! PATENTED MARCH 9, 1858.

PRICE \$10 BACH. MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Chear Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages this implement possesses, viz: 1. It sews from 400 to 600 tight stitches

er minute. 2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism. 4. It can be attached to a board, table or siand, in operating order, and removed in

less than half a minute. 5. It greatly economizes the thread, and vet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic .-The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as Through first class tickets at reduced experience has proven. There are perhaps rates to Niagara Falls, Buffalo, Detro t, none so realy useful, doing such a variety Chicago, and all the principal points in the of wore for the immediate use of the fain-

as he pleases, waves, leaves and flowers, All tickets will be purchased before the etc., can be represented or imitated.

9. It is particularly adapted to all kinds of saitching-such as gentlemen's shirts, Engineer and General Superintendent, bosoms, ristbands, collars, etc.,-and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light of construction.

10. But we all admit, that the advantage to health, and principally to the vision or eyesight, induced by the use of Sewing Machines, surpasses infinitely all other ad-

11. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, espeeasily for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

For sale by the undersigned, at their respective residences, in Bloomsburg, who Old Rye gray with age, fine Old Bourb m, will put the Machine in operation and give HENRY Z"PPINGER.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. Aren & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsoma beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsapariila), for I knew from your reputation that any thing you made must be good. I sent to Cincinnational got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropay, which threatened to terminate fatally, by the persavering use of our Sarsaparilla, and also a dangerous Malignant Erysipelus by large doses of the same; says he cures the common Eruptions by it constantly. Bronchocele, Goltre or Swelled Neck. Zebulon Sloan of Prespect, Texas, writes: "Three bot-tles of your Sarsaparilla cured me from a Goite: — a hid-cons swelling on the neck, which I had suffered from

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writen; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhom by it, and some where the complaint was conseal by the region of the views. The other

int was caused by nocration of the uterus. The uter-on itself was seen cured. Nothing within my knowl-re equals it for these female derangements." Edward S. Marrow, of Newbury, Ala., writes, "A dangerous occurrent tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsayarilla. Our physician thought nothing but extrpation could afford relief, but he advised the trial of your Sarsayarilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease. New Ontraces, 25th August, 1850.

Dr. J. C. Aven: Sir, I chearfully comply with the request of your agent, and report to you some of the effects.

I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Merensets truly wonderful in the cure of reneral and ser-curial Discuss. One of my patients had Syphilitic ulcors in his throat, which were consuming his palate and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by sec-ondary symptoms in his nose, and the ulceration had caten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilia; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered ex-cruciating palo in her joints and bones. She, teo, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. " INDEPENDENCE, Preston Co., Va., 6th July, 1869. Dr. J. C. Aven: Sir, I have been afflicted with a pain ful chronic Rheumatism for a long time, which haffled the skill of physicians, and stuck to me in spite of all the edies I could find, until I tried your Samaparilla. One s cured me in two weeks, and restored my general health so much that I am far befter than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my localth. I tried every thing, and every thing failed to relieve me; and I have been a broken-down ma r some years from no other cause than derang Pec Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he sald he knew you, and any thing you made was worth trying. By the bless-ing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again, best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit

them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimu-lates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the neconsider of the people, and we are confident that this will do for them all that medicine can do.
