

STAR OF THE NORTH

The Columbia County Board of Relief will meet at the Commissioners' Room, in this place, on Saturday, the 5th of July, at 1 o'clock p. m.

To Consumptives. THE advertiser having been restored to health in a few weeks, by a very simple remedy, after having suffered years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used [free of charge] with the directions for preparing and using the same, which they will find a sure cure of Consumption, Asthma, Bronchitis, &c.

The Star contains two letters written by our regular army correspondent, TOOLESS, on the 16th and 19th ult., which ought to have reached us better than a week ago.

The Democratic State Convention assembled at Harrisburg on the 4th of July. Several of our Democratic friends from old Columbia will be in attendance.

The war news this week has so far been rather meagre—there has been considerable fighting—but not any great amount of particulars made public.

Cherries begin to come into our market in a abundance. There is any amount of fruit coming on this season. A larger crop than has been yielded in this section for a number of years.

The 4th in Bloomsburg, from present indications, will be a quiet one. We know not of even a Sabbath school celebration to take place at Bloomsburg, the coming 4th. A great many of our people are going to other places to celebrate the day.

A Boat will leave Port Noble wharf, at 5 o'clock on the morning of the 4th, for the purpose of conveying a Military Company, of this place, to Berwick, to participate in the Sham Battle. The boat will be able to take many other besides the company who may wish to go. Fare 25c up and back.

LEUT. R. B. RICKETS arrived at this place on Tuesday last on his way to Orangeville, where his parents reside. He left his battery at Massena Junction a few days ago. He is brother to Col. W. W. Ricketts who is lying at home very ill. The Lieut. looks admirably well, and is apparently in first-rate spirits. He intends returning to his command in a few days.

Dr. John in his last issue called Vallandigham a "nigger worshipper" and in the same article a "tory" and "traitor." Just as we have always said. All "nigger worshippers" are traitors. Doctor John and Vallandigham may make a very nice team to look at, but we do not think many people would like to ride behind it. It is decidedly a one-horse affair, Vallandigham being a colt, wild and fractious, the doctor being an A—(s) Bad team that.

Da. John don't seem to regard at all the advice of his "valued friends" as to noticing the Star and the Democrat. It seems he places a higher estimate upon the influence of these two journals than these same friends of his; for in his last weeks issue he devotes no less than eleven articles to "ourselves and neighbor. That is right, Doctor. Don't let the cowardice of your "friends" control you. Puch in. We shall continue to do so.

This speech of Hon. Ben. Wood of New York, will be found on the first page of the Star. Our Abolition opponents have found a good deal of fault with Ben. Wood ever since the war commenced. He is a little too constitutional for them—sticks too close to old Democratic land-marks. He sees that through the intervention of the Democratic party the Constitution as it is, and the Union as it was, may yet be preserved, if there is any hope for it at all. This is what his Abolition friends hate him for—this is why a Committee of the House was appointed to examine into his loyalty.

The question of Senatorial Delegate from this District was left unsettled at the last Conference meeting, which met in Danville, a short time ago. It will be for the Convention to decide. We feel sure that Col. Jno. G. Freeze, of Columbia co., will be admitted to a seat in the Convention as the Senatorial Delegate from this District. The way we understand the matter the admission of Mr. Freeze would be no more than right, and would give general satisfaction to the great mass of the Democracy of the District, besides his services be a valuable acquisition to the deliberations of the Convention.

Can't the editors of the Democrat and Star be induced to speak the truth for once? Do so for the novelty of the thing, if for no other motive. Even a little of the article, now and then, plainly and fairly told, would materially add to the interest of their papers. Try it.—Columbia County Republican.

It will be seen from the above that Dr. John persists in his peculiar way of arguing questions. You lie is the beginning of his argument; you lie is the middle; you lie is the end. But does he point out wherein you lie? Nay, time! People will draw their own conclusions as to his calibre as a logician, and his honesty as a journalist.

Tax Republicans of last week is not as black as usual; we suppose some of those friends of the Doctor, of whom he spoke a week or two ago, as guiding and directing him in his course as a journalist, have told him it wouldn't do. Be plucky, Doctor; everybody knows you are an original abolitionist; you will not deny it, and you should give these officious friends, who brought you to Bloomsburg and established you as their mouth-piece, to understand that you are for "free speech, a free press, free soil and freedom." If they are not, on their own heads be it. Be strong, Doctor, be strong for your colored brethren!

Important to House Owners. Important to Builders. Important to Rail Road Companies. Important to Farmers.

To all whom this may concern, and it concerns every body.

JOHN & CROSLY'S IMPROVED GUTTA PERCHA CEMENT ROOFING.

The Cheapest and most durable Roofing in use. IT IS FIRE AND WATER PROOF. It can be applied to New and Old Roofs of All kinds, steep or flat, and to Shingle Roofs without removing the Shingles. THE COST IS ONLY ABOUT ONE-THIRD THAT OF TIN, AND IT IS TWICE AS DURABLE.

This article has been thoroughly tested in New York City and all parts of the United States, Canada, West Indies and Central and South America, on Buildings of all kinds, such as Factories, Foundries, Churches, Rail Road Depots, Cars, and on Public Buildings generally, Government Buildings, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use. It is in every respect a fire, water, weather and TIME PROOF covering for ROOFS OF ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA and INDIA RUBBER.

No Heat is required in making application. The expense of applying it is trifling with ordinary Roofs can be covered and finished in a few days.

IT CAN BE APPLIED BY ANY ONE, and when finished forms a perfectly Fire-Proof surface, with an elastic body, which cannot be injured by Heat, Cold or Storms, Shrinking of Roof Boards, nor any external action of the weather.

LIQUID GUTTA PERCHA CEMENT. For Coating Metals of all kinds when exposed to the action of the Weather and for Preserving and Repairing Metal Roofs of all kinds.

This is the only Composition known which will successfully resist extreme changes of climate, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to three coats of ordinary paint, costs much less, and will LAST THREE TIMES AS LONG; and from its elasticity is not injured by the contraction of TIN and other METAL ROOFS, which are subjected upon sudden changes of the weather.

It will NOT CRACK IN COLD OR RUN IN WARM WEATHER AND WILL NOT WASH OFF.

Leaky Tin and other Metal Roofs can be repaired with GUTTA PERCHA CEMENT, and so prevented from further corrosion and leaking, thereby ensuring a perfectly water tight Roof for many years.

This Cement is peculiarly adapted for the preservation of Iron Railings, Stoves, Ranges, Saws, Agricultural Implements, &c., also for coating and preserving the same.

GUTTA PERCHA CEMENT. For preserving and repairing Tin and other Metal Roofs of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

These materials are adapted to all climates, and are applied to supply orders from any part of the country, on notice, for GUTTA PERCHA ROOFING in rolls, ready prepared for use, and GUTTA PERCHA CEMENT in barrels, with full printed directions for application.

AGENTS WANTED. We will make liberal and satisfactory arrangements with responsible parties who would establish themselves in Lacerative and Permanent business.

OUR TERMS ARE CASH. We can give abundant proof of all we claim in favor of our improved Roofing Materials, and we are prepared to send out thousands of Roofs in New York City and vicinity.

JOHN & CROSLY, Sole Manufacturers, Wholesale Warehouse
