

## THE SOLDIER'S TRUE FRIEND. ALWAYS READY.

## HOLLOWAY'S OINTMENT.

Long marches, sore and stiff joints, blistered and inflamed feet, all these the soldier must endure. **MOTHERS, REMEMBER THIS**, when your sons are grasping their muskets to meet danger, think what relief a single pot of this **ALL HEALING & COOLING SALVE** will give to the one you love when far away from home and friends. It hardens and makes tough the feet so that they can endure great fatigue. It soothes and relieves the inflamed and stiffened joints, leaving them supple, strong and vigorous, while for

**SABRE CUTS AND GUNSHOT WOUNDS.** It stands unequalled, removing and preventing every trace of inflammation and gently drawing the edges together, it quickly and completely heals the most frightful wounds.

**WIVES AND SISTERS OF OUR VOLUNTEERS.** You can not put into the knapsacks of your husbands and brothers, a more valuable or more necessary gift than a supply of this

## EXTRAORDINARY MILITARY SALVE.

The lonely sentry walking his rounds at night, exposed to chilling rains and the most violent Pains Cough and suffocating hoarseness, first symptoms of quick consumption but if supplied with Holloway's Pills and Ointment, all danger is averted, a few Pills taken night and morning, and the Ointment rubbed twice a day over the throat and chest will remove the severest pains and stop the most distressing or Dangerous Cough. Therefore we say to the whole Army.

## SOLDIERS ATTENTION!

See to your own health, do not trust to the army supplies although most valuable. These Pills and Ointment have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years Dr. Holloway has supplied all the Armies in Europe, and during the Crimean Campaign he established a depot at Balaklava, for the exclusive sale of these great remedies, many a time his special agent there has sold over a ton of his pills and ointment in a single day. These terrible and fatal enemies of the Soldier: in Camp DIARRHEA, FEVER, SCURVY, HORRS AND SCROFULOUS ERUPTIONS, all disappear like a charm before these PILLS & OINTMENT, and now while the City rages throughout the land,

## TO ARMS! TO ARMS!!

Do not let these brave men perish by disease, place in their hands these precious remedies, that will enable them to resist the dangerous enemies of the Soldier: the Chills and the wounds which they cannot avoid, and that is more cannot frequently get succor in the moment of need, whereas if our brave men have only to put their hands into their knapsacks and find there a sure remedy for all the casualties of the battle field. How many thousands of lives would be saved, and how many otherwise perishing men could be preserved.

**CAUTION!**—None are genuine unless the words "Holloway, New York and London" are discernible as a watermark in every leaf of the book of directions, around each pot or box, the same may be plainly seen by holding the leaf to the light. A handsome reward will be paid to any person who can furnish information as to the location of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufacture of Prof. Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots at 25c. 50c. and \$1 each.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients, in every disorder are affixed to each box.

## WILCOX & GIBBS' SEWING MACHINES.

Price with Hammer and Feller, \$35 00.

THIS MACHINE HAS POINTS OF SUPERIORITY PECULIARLY ITS OWN.

Stitching, Hemming, and Felling with a Single Thread.

It forms a neat, even, and elastic seam, which is warranted not to rip in wear, even if the seam is subjected to frequent use, and also under all circumstances "to survive the wash."

A Patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.

Another feature which deserves particular attention is **THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG.**

Two thousand Stitches, or two yards of work, can be done in one minute without dropping a stitch.

These Machines, so simple and accurate in their construction, perfectly the use of all the practical results of the two thread machines, and more, for these will without basting, and hem the finest muslin without puckering.

Although at about half the price of the other first class machines, they will accomplish double the sewing in a given time.

It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for.—Boston Transcript.

"It is indeed a wonderful production, and for family use, especially for other work, by any comparison with it." Philadelphia Evening Journal.

"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing machines. Light and elegantly finished, and so simple in its construction, it seems almost impossible for it to get out of repair."—Pittsburgh Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvania.

This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimous in recommending the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in Justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in providing, beyond doubt, the two thread machine, as supposed, necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.

"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them as the best adapted to the wants of his family, and as the least liable to require repair."—OLIVER CRANE.

Re-undersigned, during eighteen months has had in almost constant use, in his family, Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family—from muslin to pilot cloth—including the clothing required for his own boys; and in no case has the machine failed, although in hard service. The machine now in use in his family has required no repair, and is in all respects, well appointed, efficient and durable.

## TO THE PEOPLE OF THE UNITED STATES!

IN the month of December, 1858, the undersigned for the first time offered for sale to the public Dr. J. BOVEE DODS' IMPERIAL WINE BITTERS, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising from a neglect of small complaints is surprising, and it is therefore of the utmost importance to attract attention to the least and most baneful bodily ailment now to be had; for diseases of the body most invariably affect the mind. The subscribers now only ask a trial of

## DR. J. BOVEE DODS' IMPERIAL WINE BITTERS!!!

from all who have not used them. We challenge the world to produce its equal.

These Bitters for the cure of Weak Stomach, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth.—To be assured of this, it is only necessary to make the trial. The Wine itself is of a pleasant taste, being about one-third stronger than other wine; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alternative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and inducing a general warmth. They are also excellent for Diseases and Weakness peculiar to FEMALES, where a Tonic is required to strengthen and brace the system. No Lady, who is subject to lassitude and faintness, should be without them as they are revivifying in their action.

**THESE BITTERS** Will not only Cure, but Prevent Disease and in this respect are doubly valuable to the person who may use them. For

**INCIDENTAL CONSUMPTION.** Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, and for all cases requiring a Tonic

**Dr. Dods' Celebrated Wine Bitters ARE UNSURPASSED!**

For Sore Throat, so common among the Clergy, they are truly valuable.

For a weak constitution,—for Ministers of the Gospel, Lawyers, and all public speakers,—for Book Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading these valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

In all Affections of the head, such as Headache, Neuralgia, &c., Dr. Dods' Imperial Wine Bitters will be found to be most Salutory and Efficacious.

## FEARLESS.

The many certificates which have been tendered us, and the letters which we are daily receiving, are conclusive proof that among the women those Bitters have given a satisfaction which no others have ever done before. No woman in the land should be without them, and have fitted to their medical practitioners, pronounced them a valuable remedy for disease.

Although the medical men of the country as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable physician can be found in the United States, acquainted with their medicinal properties, who will not highly approve of DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.

In all newly settled places, where there is always a large quantity of decaying timber from which a poisonous miasma is created, those Bitters should be used every morning before breakfast.

## DR. J. BOVEE DODS' IMPERIAL WINE BITTERS

Are composed of a pure and undiluted Wine, combined with Barberry, Solonon's Seal, Confrey, Wild Cherry Tree Bark, Spikenard, Chamomile Flowers, and Gentian. They are manufactured by Dr. Dods himself, who is an experienced and successful Physician, and hence should not be classed among the quack nostrums which flood the country, and against which the Medical Profession are so justly prejudiced.

These truly valuable Bitters have been so thoroughly tested by all classes of the community for almost every variety of disease incident to the human system, that they are now deemed indispensable as a TONIC, MEDICINE AND REVEALER.

## RAYMOND'S FAMILY SEWING MACHINE!

PATENTED MARCH 9, 1858.

## PRICE \$10 EACH.

MESSRS. ZUPPINGER & ROBBINS, of Bloomburg, having purchased the exclusive right of the above valuable Improved Family Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families.

The following are some of the superior advantages this implement possesses, viz: 1. It sews from 400 to 600 tight stitches per minute.

2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.

4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic.—The seam is so strong if well done, that the stitches will not wear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so really useful, doing such a variety of work for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves, and flowers, etc., can be represented or imitated.

9. It is particularly adapted to all kinds of sewing, such as gentlemen's shirts, bosoms, ribbands, collars, etc.,—and all kinds of ladies' sewing, including silks
