

**THE SOLDIER'S TRUE FRIEND.**  
**ALWAYS READY.**

**HOLLOWAY'S OINTMENT.**

Long marches, sore and stiff joints, blistered and inflamed feet, all these the soldier must endure, **MOTHERS REMEMBERS!** when your sons are grasping their muskets to meet danger, think what relief a single jar of **HOLLOWAY'S OINTMENT** will give to the one you love when far away from home and friends. It hardens and makes tough the feet so that they can endure great fatigue. It soothes and relieves the inflamed and stiffened joints, leaving them supple, strong and vigorous, while for **SABRE CUTS AND GUNSHOT WOUNDS.**

**WIVES AND SISTERS OF OUR VOLUNTEERS.**

You can not put into the knapsacks of your husbands and brothers, a more valuable or more necessary gift than a supply of **HOLLOWAY'S OINTMENT**. The lonely soldier walking his rounds at night, exposed to drenching rains and chill night air, is often seized with most violent pains through and along the spine, and the first systems of quick consumption by which he is supplied with **HOLLOWAY'S PILLS AND OINTMENT**, all danger is averted, a few Pills taken night and morning, and the Ointment briskly rubbed twice a day over the throat and chest will remove the severest pains and stop the most distressing or Dangerous Cough. Therefore we say to the whole Army.

**SOLDIERS ATTENTION!**

See to your own health, do not trust to the army supplies although most valuable. These Pills and Ointment have been thoroughly tested; they are the only remedies used in the European Camps and Barracks, for over fifty years Dr. Holloway has supplied all the Armies in Europe, and during the Crimean Campaign he established a depot at Balaklava, for the exclusive sale of these great remedies, many a time his special agent there has sold over a ton in weight of the ointment in a single day. These terrible and fatal enemies of the Soldier in Camp **DARLENG'S LIVER REGULATOR**, **WILCOX'S GIBBS' PATENT SEWING MACHINE**, **SCROFOLOUS ERUP TIONS**, all disappear like a charm before these **PILLS AND OINTMENT**, and now while the **Army** rings throughout the land,

**TO ARMS! TO ARMS!**

Do not let these brave men perish by disease, place in their hands these precious remedies, that will enable them to resist the dangerous exposures, the Fevers, the Chills and the wounds which they cannot avoid, and what is more cannot frequently get a doctor in the moment of need, whereas if you have these men only to put their hands into their knapsacks and find there a sure remedy for all the casualties of the battle field. How many thousands of lives would be saved who would otherwise perish before relief could be obtained.

**CAUTION!**

None are genuine unless the words **Holloway, New York and London**, are discernible as a watermark around every leaf of the book of directions, around each pot or box, the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

**WILCOX & GIBBS' SEWING MACHINES.**

Price with Hammer and Feller, **\$35 00.**

THIS MACHINE HAS POINTS OF SUPERIORITY PECULIARLY ITS OWN.

Stitching, Hemming, and Felling with a Single Thread.

It forms a neat, even, and elastic seam, which is warranted not to rip in wear, even if the seam is cut at frequent intervals, and also under all circumstances "to survive the wash."

A patented device of great utility to laborers, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.

Another feature which deserves particular attention is **THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG.**

Two thousand Stitches, or two yards of work can be done in one minute without dropping a stitch.

These Machines, so simple and accurate in their construction, supercede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these will without backing, and hem the finest muslin without puckering.

Although at about half the price of the other first class machines, they will accomplish double the sewing in a given time.

"It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.

"It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it." Palladium and Evening Journal.

"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing Machines. Light and elegantly finished, and so simple in its construction that it seems almost impossible for it to get out of repair."—Pittsburgh Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pittsburgh Chronicle.

"This machine, in the opinion of the committee, fits more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability, and doing all the work the committee were unanimously in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in Justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in providing, beyond doubt, that two threads are not, as was supposed, necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.

"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them as the best adapted to the wants of his family, and is the least liable to require repair."—CLIVER CRANE, Boston, July 3, 1860.

The undersigned, during eighteen months has had in almost constant use, in his family, Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family—from male to female, and the undersigned is satisfied that his sewing machine is the best he has ever used, and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is in all respects, well appointed, efficient and durable.

**TO THE PEOPLE OF THE UNITED STATES!**

IN the month of December, 1858, the undersigned for the first time offered for sale to the public **DR. J. BOVEE DODS' IMPERIAL WINE BITTERS**, and in this respect they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is astonishing, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailment should be had; for diseases of the body must invariably affect the mind. The subscribers now only ask a trial of

**DR. J. BOVEE DODS' IMPERIAL WINE BITTERS!!!**

from all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomachs, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth.

To be assured of their genuine nature, it is necessary to make the trial. The Wine Bitters are of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alternative in their character, so they strengthen and invigorate the whole system and give a firm tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to FEMALES, where a Tonic is required to strengthen and tone the system. A lady, who is subject to lassitude and faintness, should be without them as they are revivifying in their action.

**THESE BITTERS Will not only Cure, but Prevent Diseases** and in this respect are doubly valuable to the person who may use them. For **INCIDENTAL CONSUMPTION.**

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, and for all cases requiring a Tonic.

**Dr. Dods' Celebrated Wine Bitters ARE UNSURPASSED** For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, and for persons of a weak constitution, for Ministers of the Gospel, Lawyers, and all public speakers—for Book Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading an ordinary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is hard or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading these valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

In all Affections of the head, such as Headache or Nervous Headache, Dr. Dods' Imperial Wine Bitters will be found to be most Salutory and Efficacious.

**DR. J. BOVEE DODS' IMPERIAL WINE BITTERS**

Are prepared by an eminent and skillful physician, who has used them for many years in his practice for the last twenty-five years. The proprietor, before purchasing the exclusive right to manufacture and sell Dr. J. Bovee Dods' Celebrated Imperial Wine Bitters, had them tested by two distinguished medical practitioners, pronounced them a valuable remedy for disease.

Although the medical men of the country are generally of the opinion of the value of these Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medicinal properties, who will not highly approve **DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.**

To all newly settled places, where there is a large quantity of exciting time, and where from that poisonous miasm is created, these Bitters should be used every morning before breakfast.

**DR. J. BOVEE DODS' IMPERIAL WINE BITTERS** Are composed of a pure and unadulterated Wine, combined with Barberry, Solomon's Seal, Confrey, Wild Cherry Tree Bark, Spikenard, Chamomile Flowers, and Ginger. They are manufactured by Dr. Dods himself, who is an experienced and successful Physician, and hence should not be classed among the quack nostrums which flood the country, and against which the Medical Profession are so justly prejudiced.

These truly valuable Bitters have been thoroughly tested by all classes of the community for almost every variety of disease incident to the human system, that they are now deemed indispensable as a TONIC MEDICINE AND A BEVERAGE.

**RAYMOND'S FAMILY SEWING MACHINE!**

PATENTED MARCH 9, 1858.

**PRICE \$10 EACH.** MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Family Sewing Machine, for the Territory of Columbia, will be happy to supply the friends with the article at the lowest possible price, and on liberal terms. The following are some of the superior advantages this machine possesses, viz: 1. It sews from 400 to 600 tight stitches per minute.

2. Double thread Machines are from the most complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine is the smallness and compactness of its mechanism.

4. It can be attached to a board table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a quality not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic. The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Double the quantity of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so really useful, doing such a variety of work for the immediate use of the family circle, and such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves and flowers, etc., can be represented or imitated.

9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, ribbands, collars, etc.—and all kinds of ladies' sewing, including silks, laces, delaines, calicoes, &c., &c., excepting for men's heavy wear, this Machine is rather too light of construction.

10. We all admit, that the advantage to health, and principally to the vision or eyesight, induced by the use of Sewing Machines, surpasses infinitely all other advantages.

11. This Machine fastens the seam all ways itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can take it out in three seconds and save the thread.

For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.
