THE CHEAPEST PAPER PUBLISHED.

The only New York Paper made up exclusively for country circulation; and, the news of the week, with the cattle, produce, and other markets, carefully reported. The New York Day-Book, for 1884. White Men's Liberties-State Rights-Fed-

eral Union.

The New York Day-Book is an independent, Democratic Journal, holding with the late Senator Douglas, that "this govern ment is made on the white basis, by white men, for the benefit of white men and their posterity forever." It is a large dogble sheet, with forty eight columns of reading matter, and in all respects-whether for Markets, news, Literary or Agricultural information—is not inferior to any as a pocal department, it grapples bolcly with the real question before the American people, and presents the only philosophy of it which can resist the sweeping march of Abolitionism. It is Democratic in the true sense of the term-the defender of the people's rights, but it is the upholder of no party chicanery or inckery. It is not only for peace, but it shows how, and how only, permanent peace can be obtained, and this glorious white man's government of Washington restored, viz: by the utter route, overthrow, and extermination of Abolition ism from American soil.

The Day Book is now the only weekly political paper in New York city made up exclusively for country circulation. All the others are rehashed from the columns of some daily paper, which renders it almost impossible to give so complete and general a summary of the news as in the other also, must see to it that sound papers are He invites a share of the public cus- circulated among the people, or abolitiontom, and pledges his best efforts, to help ism will never be put down. PROSPECTUS OF "THE AGE," A NATIONAL DEMOCRATIC NEWSPAPER,

O be published Daily and Weekly in the city of Philadelphia, by A J Glossbrenner & Co. "The Age" will advocate the principles of the Demoratic party, and the Constitution of the United States, and that of this Commonwealth.

It will freely and fairly discuss all legitimate subjects of newspaper comment, in-Mineral plate and block teeth manufac- cluding, of course, and pre-eminently at this time, all questions connected with the existing unhappy condition of our country. It will fearlessly criticise the public acts of public servants and defend the legal and constitutional right of individual citizens

> It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republic-to present to them, truthfully, the tearful perils in which we stand as a nation-to exhibit the magnitude of the task that lies before them, if they would check our downward progress-and to inspire them with patriotic determination to apply the remedy for our national ills. In belief, it will in all things, aim to be the faithful exponent of Democratic principles, and to render itself worthy to be an organ of the democratic party, under whose auspices our country prospered so long and so well. The restoration of that party-the party of the Constitution and the Union-to power in the legislative and executive governmental branches of the State and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic.
