FOR PRESIDENT IN 1864, GEORGE B. M'CLELLAN ent to the Decision of the Democratic National Convention.

THE negro schools in New Orleans sustained by the government are seven in num-ber, with 23 teachers and 1190 scholars.— The little darkies prove admirable scholars.— Abolition Exchange.

Negre schools sustained by the government! Where do the United States authorilies get the power to take money out of the reasury to educate negro children? How can they use the people's money for such a purpose ! Verily, these are strange times. when that provision of the Constitution (or any other) which says no money shall be taken from the treasury except by appropriations made by law, is wantonly violated. Have we no Constitution to guide us? no law but the will of the Administration ? no checks upon the action of those whom we have elected as our official agents to conduct the affairs of our government? Are our lives and fortunes at the mercy of despots and fanatics, who thirst for blood, and erave wealth and power? Are our rights and liberties set aside to build up an inferior race of beings? Then, indeed, is revolution justifiable, - a revolution to establish a Constitution, and make laws, and secure our liberties, "Resistance to tyrants is obedience to God." Il these things be true, then the time for submission is already passed, and the hour for the people to move for their deliverance from the edicts of ty. ranny, at hand.

Ne gro children educated by the governare deluged with the blood of her children, and when she is groaning under the debt and misery entailed upon her by a fanatical abolition war, -in the name of Heaven, are there no white children to educate, whose advancement in knowledge would be an Hon. G. F. Shepley honor to the country and a benefit to the ruce? Is the negro the protege of this government, upon which it must lavish all its care, and squander the people's money? Is he better than our children, that they must be neglected, despised, their God-given rights trodden under foot, their own free government, given them as a heritage by our lathers, taken from them, to liberate, and fondle, and educate him? Are we fools and slaves, that we stand idly by and permit these things ?

State laws for Southern people? In his Proclamation he says they may come back whenever one-tenth of the number who voted for President in 1860 take the Abolition oath he prescribes. They may then form a State government and come back into the Union under the blessings of the old rail-splitter.

What a good thing for the Southern people that they have so wise and eminent a man as Abraham Lincoln, to watch over their destinies, &c , &c., who first discovered that "it is easier to pay a small debt than a large one," and otherwise equally "chunks of gold !" And he was the first one of his family that discovered what a tariff was ! And if he didn't know while on his road to the national capital whether it [the tariff] was an animal of the groundcall the bear," that's no body's business,he learned what it was soon after he got there; and that was doing very weil, taking into consideration that he went by way of

But about the mercy shown the people of the South by this proclamation: It will be such a good thing for them to have Abolition State Governments! All the Abolitionists have to do is to emigrate a few hundred fanatics from the North to some safe points in each of the States mentioned, which, with the aid of niggers and Government bayonets, can easily cast one tenth of the votes thrown for President in 1860. Then it will be a good, "loyal government;" the niggers will be equal to white men, and white men equal to niggers, and all will be so happy !- provided there are no guerrillas about.

#### Columbia County.

The Auditor General's Report, on the Finances of the Commonwealth of Pennsylvania, for the year ending November 30th, ing Gen. Thomas was introduced. 1863, shows the valuation of Real and Personal Estate of Columbia county, as fixed an asses-ment of tax upon the same, including the half mill tax per Act May 15th, 1861, of \$9 956 94. The entire population of the county is set down at 24,603 and the taxable inhabitants at 5,809. On the 30th of November the amount of tax paid by Columbia county to the State Treasurer. en real and personal estate, was \$7, 951 36; New York, are duly authorized to solicit and the dollar was promptly handed over by the North, published at Bloomsburg, the County Treasurer, James S. McNinch, besides our special tax of one half mill on which was \$1,447.12. The Tavern Licenses. for the past year, were \$712.50; and the Retailers' Licenses amounted to \$708.50 -The Distillery and Brewery licenses in this County do not amount to a great deal, only, the past year, to \$52.25.

The tax on the Eating and Beer Houses, throughout the county, sum up in the aggregate, to a much larger figure. The amount paid State last year for this purpose is \$160,58. The tax on Writs, Wills, Deeds, etc., paid by Daniel Lee, late Register and Recorder of Columbia county, amounted to \$161.53; and that paid by Jacob Eyerly, then Prothonotary of the co., \$114.72. The whole amount paid State, so far as we have traced the matter, is \$11,-308,56. This is quite a snug sum of money for little Columbia to pay as taxes for one year. Her accounts on the State Books will compare favorably at all times with those of any other county in the State.

The President Denounces his Own Action.

The discussion of political matters in Louisiana between the Democrats and the imported abolitionists and negroes has brought out a letter that was written by Mr. LINCOLN in November 1862, to General SHEPLEY, in regard to the election of members of Congress from that State. The letter like a speech once made by Mr. Lincoln in Congress, on the right of a people to revolutionize and set up a government for themselves, is a severe criticism upon his own action. It is a little singular how "pressure" acts upon our "Jacksonian" President. It seems that he was "constrained" to do in the last Kentucky election, and at other times and places recently, what he pronounced in 1862 to be a disgraceful and outrageous action, and a deed ment! If the government has money to that he would vote to condemn, if he were gheny.

Chief Clerk-G. W. Hamersley, of Phil a member of Congress. "Consistency thou art a jewel." Here is the letter which we copy from the Cincinnati Gazette, an aboli-

DEAR SIR :- Dr. Kennedy, bearer of this, has some apprehension that Federal officers, not citizens of Louisiana, may be set up as candidates for Congress in that State. In my view there could be no possible object in such an election. We do not particularly need members of Congress from there to enable us to get along with legislation here. What we do want is the conclusive evidence that respectable citizens of Congress and to swear support to the Constitution; and that other respectable citizens as representatives, elected as would be un-Where did Old Abe get the right to make | derstood (and perhaps really so) at the point of the bayonet would be disgraceful and outrageous; and were I a member of ting any such man to a seat.

He had gone into his stable to bridle a vicious horse, when the animal attacked him, siezed him by the arm and broke it in three places, and finally trampled him to the earth where he was discovered by a little girl, who immediately gave the alarm to some boys working in the neighborhood. The boys not daring to enter the stable, where the ferocious beast and his victim were, formed a loop on a rope and by the aid of a pitch fork, managed to fasten it to the leg of Mr. Quick, and by this means dragged the body to the door, the horse frantically followed to the length of his tether.
