

BLOOMSBURG, PA.

WEDNESDAY MORNING, JAN. 13, 1864.

The Court advertisements appear in this week's Star.

Some ten persons were immersed in Fishers Creek, at this place, on Saturday last, by the Baptist Minister, Rev. Mr. Scott.

Rev. J. R. Dixie, pastor of the Lutheran Congregation of this place, is holding a revival meeting in his Church on Market St.

Read advertisements in to-day's Star—They are among the most interesting matter of a newspaper.

Dr. Peo John wants a Bank established in this place. He is accumulating a few greenbacks. They begin to trouble him.

The Game Season is over. Any person killing a partridge after the 1st of January is liable to pay a fine of five dollars. Our sportsmen will not knowingly violate the law; at least no true sportsman.

One day last week we noticed a lot of fine venison pass through this place, on road to some better market. It had been secured on the north mountain, and was the first lot taken through this place this season.

The newly elected county officers have all assumed the duties of their respective offices, and there is not one Abolitionist holding a county office among them.

The Lutheran Church of Danville, it is said, realized about \$600, over and above all expenses, at its late Festival, which continued several days. This is encouraging to the Church certainly.

COUNTY TREASURER.—James S. McIninch, Esq., retired from the office of County Treasurer, last week; which position he held the second term, performing the duties of his office with credit to himself and the county. The county has had few, if any, better Treasurers.

The Commissioners of Columbia county, on Wednesday last, appointed W. Wirt, Esq., their Attorney for the year 1864.—This is a good appointment and well deserved. Mr. W. possesses the ability and legal knowledge necessary to make a careful and reliable adviser for our County Fathers.

The Patriotic Ladies of this place held a Festival, in the large Brick Building on Main Street, several evenings last week; the proceeds to be applied to the wants of the sick and wounded soldiers. We did not learn their success. The cause was all right, and hope they did well.

The new Treasurer, James McHenry, of Fishers Creek, assumed the duties of his office on Wednesday last. He will prove a careful, efficient and accommodating official, unless we are grossly mistaken in the character of the man. We think no better selection could have been made.

Our SENATOR—David B. Montgomery, our newly elected Senator from this District has taken his seat in the Legislature at Harrisburg. It seems right that this District should be represented by a Democratic member, and not by an Abolitionist as it was during the last two years, when the Democratic voters of the District are largely in the majority. Mr. Montgomery will be a faithful and honest representative; and will look well to the interest of his District, as well as the State at large. He has our thanks for public documents.

THE DRAFT.—The draft has been put off until the 15th inst. So says reports from Washington. We have as yet seen no order for a draft, in this district or any other.—There was no order issued for a draft on the 5th as was so much talked about. The President's proclamation stated that the States had till the 5th to make up their quotas by volunteering, and bounties would be paid up to that time. Since, a resolution has been offered in Congress to extend the time of paying the Government bounty—Volunteering is going on briskly. Large bounties are being paid in some places in connection with the government bounty of \$400 to veteran soldiers on re-enlisting.

Hon. GEORGE G. JACKSON, one of our active and working members at Harrisburg, has our thanks for the Auditor General's Report, besides other public documents, sent us since the commencement of the session. Mr. Jackson, we are pleased to state for the information of his constituents, was favorably mentioned by the Democratic caucus for Speaker of the House.—He would have creditably filled the position being fully acquainted with the rules and laws regulating and shaping the deliberations of that body. We should have been pleased to have made the announcement of his election; and we are certain it would have been gratifying to our Democratic readers.

The Republican of last week says: "While the firm of D. Foelt & Brother, 315 North 3rd Street, Philad., do not ask their customers what their political sentiments are, they do not allow anybody to talk treason in their establishment." What kind of "treason" did the "Copperhead Merchant" from this place talk, in that establishment, pray tell us, Doctor? If he talked treason, as you state he did, you are no friend to the Government, for instead of your prating over the matter, like more of Old Abe's blustering supporters, you would immediately have the man brought to justice—have him sent to some bastille, banished or hung. If D. Foelt & Brother are your evidence for publishing such a charge against a certain well known man, you are not a friend to the Government. Do this or hold your peace about respectable men talking treason!

A FORTUNE FOR ALL!

EITHER MEN OR WOMEN! NO HUMBLED, but an ENTIRELY NEW thing. Only three months in this country. No clap-trap operation to gull the public, but a genuine money-making thing! Read the Circular of instruction once only, and you will understand it perfectly. A Lady has just written to me that she is making as high as TWENTY DOLLARS SOME DAYS! giving instructions in this art. Thousands of Soldiers are making money rapidly at it. It is a thing that takes better than anything ever offered. You can make money with it home or abroad—on steam boats or railroad cars, and in the country or city. You will be pleased in pursuing it, not only because it will yield a handsome income, but also in consequence of the general admiration which it elicits. It is pretty much all profit. A mere trifle is necessary to start with. There is scarcely one person out of thousands who ever pays any attention to advertisements of this kind, thinking they are humbugs. Consequently those who do send for instructions will have a broad field to make money in. There is a class of persons in this world who would think that because they have been humbugged out of a dollar or so, that everything that is advertised is a humbug. Consequently they try no more. The person who succeeds is the one that keeps on trying until he hits something that pays him. This art cost me one thousand dollars, and I expect to make money out of it—and all who purchase the art of me will do the same. One Dollar sent to me will insure the prompt return of a card of instructions in the art. The money will be returned to those not satisfied. Address: WALTER T. TINSLEY, Oct. 21, 1863.—3m.

United States 5-20's.

The Secretary of the Treasury has not yet given notice of an intention to withdraw this popular Loan from Sale at Par, and until ten days notice is given, the undersigned as General Subscription Agent, will continue to supply the public. The whole amount of the Loan authorized is Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treasury, mostly within the last seven months. The large demand from abroad, and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will, in a very short period absorb the balance.—Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and as it will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be obtained at par. IT IS A SIX PER CENT LOAN, THE Interest and Principal payable in Coin, this yielding over Nine per cent per annum at the present rate of premium on Coin. The Government requires all duties on Imports to be paid in coin; these duties have for a long time past amounted to over a Quarter of a Million of Dollars daily, a sum nearly three times greater than that required in the payment of the Interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to make some special payments upon all liabilities. The Loan is called 5-20 from the fact that whilst the Bonds may run for twenty years yet the Government has a right to pay them off in Gold at par, at any time after five years. The Interest is paid half yearly, viz: on the 1st day of November and May. Subscribers can have Coupon Bonds, which are payable to bearer, and are \$30, \$100, \$500, and \$1000; or Registered Bonds of same denominations, and in addition, \$5,000 and \$10,000. For Banking purposes and for investments of Trust monies, the Registered bonds are preferable. These 5-20's cannot be taxed by States cities, towns, or counties, and the Government tax on them is only 15 per cent, on the amount of income, when the income of the holder exceeds Six hundred dollars per annum; from all other investments, such as income from Mortgages, Railroad Stock and Bonds, &c., must pay from three to five per cent, tax on the income. Banks and Bankers throughout the country will continue to dispose of the bonds; and all orders by mail, or otherwise, promptly attended to. The inconveniences of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay. JAY COOKE, SUBSCRIPTION AGENT, 114 South Third Street, Phila. December 2, 1863.

Form a yearly volume of 322 pages, quarto, with an immense number of original engravings of patented machines, valuable inventions, and objects of scientific interest. It is not an industrial journal, which does not read, but a practical, attention. It contains official lists of patent claims, important statistics, practical recipes for domestic purposes and has long stood, both in this country and in Europe, as the highest authority in the mechanic arts and sciences. There is no publication more valuable to the farmer, the miller, the engineer, the iron founder the mechanic, or the manufacturer. We have never opened a number without learning something we never knew before, and obtaining valuable information for the benefit of our readers. The Publishers, Messrs. Munn & Co., of 37 Park Row, New York, have deserved the success which they have achieved. No one should visit that city without calling at their palatial establishment, which is a museum of inventive genius, collected from the entire world.—If any of our friends do not know this work and will take our advice, they will mail \$2 and become subscribers immediately, by applying to the Publishers they will be sure to confirm the truth of our recommendation.
