It will freely and fairly discuss all legit imate subjects of newspaper comment, iocluding, of course, and pre-eminently at this time, all questions connected with the existing unhappy condition of our country. It will fearlessly criticise the public acts of public servants and defend the legal and constitutional right of individual citizens

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republic-to present to them, truthfully, the fearful perils in which we stand as a nation-to exhibit the magnitude of the task that lies before them, if they would check our downward progress-and to inspire them with patriotic determination to apply the remedy for our national ills.
