HOSTETTER'S CELEBRATED STOMACH BITTERS.
A pure and powerful Tonic, corrects and averts the most common diseases of the STOMACH, LIVER AND BOWELS. Cures Dyspepsia, Liver complaint, Headache, General Debility, Nausea, Dropsical Swelling, Constipation, Catarrh, Intermittent Fevers, Cramps, and Spasms, and all complaints of either Sex, arising from Bodily Weakness, whether inherent in the system or produced by special causes.

Nothing that is not wholesome, genial and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with a purest and most delicate of all diffusive stimulants. It is well adapted for the treatment of disease, and, so far as the human system can be benefited by human means against malaria, is engaged by an unwholesome atmosphere, impure water and other external causes. Hostetter's Bitters may be relied on as a safeguard.

Persons of feeble habit, liable to Nervous Attacks, Loss of Spirit and Fits of Languor, find prompt and permanent relief from the Bitters. The Testimony on this point is most conclusive, and from both sexes.

The agency of Bilious Colic is immediately assuaged by a single dose of the stimulant and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, Hostetter's Bitters produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, and Premature Decay and Debility and Debility arising from Old Age, it exerts the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to reinforce and re-establish them.

Let, but not least, it is the Only Safe Stimulant being manufactured from natural and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachics of the day.

No family medicine has been so universally and so justly popular with the intelligent portion of the community, as Hostetter's Bitters.

SILVER WATCHES.
First Class Hunting Time-Pieces, accuracy of movement, beauty of material, and above all, cheapness in price, these watches must insure universal approbation.

An imitation so faultless that it can hardly be detected by the most experienced judges. The material being of two metals, the outer one first quality Sterling Silver, while the inner one is German Silver, it cannot be recognized by cutting or heavy engraving, making it, not only in appearance, but in durability, the best resemblance of Solid Sterling Silver in existence.

N. Y. WEEKLY NEWS.

The cheapest and best New York News paper. Only one dollar per annum. Eight pages—forty columns. A complete record of events, Benjamin Wood, editor and proprietor. Published at No. 19 City Hall Square, Daily News Building, New York City.

THE NEW YORK WEEKLY NEWS is unrivaled in its ability and enterprise as a public organ, and in EVERY DEPARTMENT is most efficiently conducted, so as to form a weekly record of events political, commercial, financial and literary, throughout the World. In addition to this it contains all the Domestic Intelligence of each week and full reports of every matter of public interest.

As a political Journal the Weekly News will be found on the side of the Constitution of the country as it was framed and established by the Fathers of the Republic, and will secure their care and fidelity every public act that may tend to the violation of the letter and spirit of that instrument of our liberties. It prefers the

POLICY OF PEACE to a ruinous and exhausting system of War. Insisting upon the truth of the principle embodied in the Declaration of Independence, that the just powers of the Government are derived from the consent of the governed, it urges the preservation of the fundamental principles of liberty, to wit:—of more sacred importance than national grandeur or consolidated power under despotic rule without the pale of established law. On all questions of national importance it is the inflexible champion of the rights of citizens, as guaranteed under the instruments by which they have decided to be governed. It therefore boldly avows its purpose to sustain the Freedom of Speech and of the Press, with the view to protect the people from the encroaching dogmas of those who contemplate a modification of the democratic principles which to this time have been sustained against every effort to overthrow them. In all matters pertaining to Government the purpose of this newspaper is to protect the people from intemperate and rash legislation, and to hold the public servants to a strict accountability for their conduct while exercising the machinery of power. To this end the most careful attention will be given to all Federal and Legislative laws, and a firm and impartial examination of every new proposition may be expected as the only means of protecting the people from an abridgment of their rights.

COMMERCIAL & MARKET REPORTS are given in the most succinct yet complete manner. They claim particular notice for their fidelity and truth, and all those who desire to comprehend the exact financial condition of the country should not fail to examine the views which will be found in this department of the journal.

THE FOREIGN CORRESPONDENCE will be found especially interesting and instructive and being derived from some of the ablest writers in Europe must be read with the utmost interest by those who desire to comprehend that diplomacy of the Governments of the Old World.

In all other respects **THE WEEKLY NEWS** will be found to meet the public demand. It is the special object of the Proprietor to render it a valuable and entertaining

FAMILY NEWSPAPER, pure in its moral influence, enabling in its character, and satisfactory to that large class in the community who desire to see the Public Press in its true and proper character, with arguments expressed in courtesy and candor, though at the same time, with the spirit due to the themes discussed.

By reference to the terms of The New York Weekly News it will be noticed that it is by far the cheapest newspaper in the city, and the Proprietor feels that he may have those who prize its principles and conduct to use their influence in adding to its present large circulation.

PROSPECTUS FOR 1864.

LIBERTY AND UNION NOW AND FOREVER. THE EVENING POST.
THIS Journal, which is now in the sixty second year of its existence, is a thoroughgoing, independent and fearless advocate of genuine practical democracy. It makes no compromise with the right of man to justice and freedom; it earnestly approves the war for the Union; it holds up the backs of our brave soldiers in the field; and it opposes treason in all shapes, whether open, as in the South, or covert or sneaking, as in the North. At the same time it is the enemy of all the friends of power, or all kinds of political jobbery and corruption, and insists upon economy in expenditures, and a strict adherence to the constitution.

Throughout the war it has advocated the most vigorous prosecution of it, but as the war draws to a close political questions take the precedence of a more stupendous, difficult and interesting problem was never presented to any people, than that of the restoration of the revolting states to their allegiance. It will require all the statesmanship and wisdom of the nation to bring it to a satisfactory solution.

On that point of view it is the enemy of those grounds, and endeavor to bring about a condition of universal freedom and real democracy. Pledged to no party, and looking only to the interest of the whole country, it will use whatever energy and influence in the defence of the great principles of Justice, Liberty and Human Rights which lie at the foundation of our institutions.

It aims chiefly, however, at being a good newspaper. In its columns will be found a complete History of the war, all important political or State Documents entire, Proceedings of the Executive Bodies, and summaries of European Intelligence, and news from all parts of the world, accurate reports of financial and commercial matters, trustworthy Correspondence, and a carefully selected Literary Miscellany, comprising Poetry, Reviews of new Works, with literary extracts, Tales, gossip and anecdote, which while forming an excellent variety in which every reader will discover something of his taste.

WRITE MEN MUST RULE AMERICA.

THE CHEAPEST PAPER PUBLISHED. FORTY-EIGHT columns of reading matter per week for \$1 20 per year. The only New York paper made up exclusively for country circulation; and, the news of the week, with the cable, produce, and other markets, carefully reported.

The New York Day-Book for 1864. White Men's Liberties—State Rights—Federal Union. The New York Day-Book is an independent, Democratic Journal, holding with the late Senator Douglas, that "this government is made on the white basis; by white men for the benefit of a large white, their posterity forever." Its able sheet, with forty eight columns of reading matter, and in all respects—whether for Markets, news, Literary or Agricultural information—is not inferior to any as a political or family paper. In its political department, it grasps the pulse with the real question before the American people, and presents the only philosophy of it which can resist the sweeping march of Abolitionism. It is Democratic in the true sense of the term—the defender of the people's rights, but it is not only for a party, it is for the whole people. It is not only for a party, it is for the whole people. It is not only for a party, it is for the whole people.

The Day Book contains the only weekly political paper in New York city made up exclusively for country circulation. All others are rehashed from the columns of some daily paper, which renders it almost impossible to give so complete and general a summary of the news as in the other papers. The Day Book, therefore, should take this into consideration. Democrats, also, must see to it that sound papers are circulated among the people, or abolitionism will never be put down. All who desire to read the arguments of Abolitionists, will receive the Day Book.

TERMS—One copy one year, \$2 00; Three copies one year, \$5 00; Five copies one year, \$7 50; Ten copies one year, and one to the getter up of the club, \$14 00; Twenty copies one year, and one to the getter up of the club, \$24 00. Additional copies, each \$1 20.

The name of the post-office, county, and State, should in all cases, be plainly given in every letter. Payments always in advance, and all papers will be stopped when the time of subscription paid for expires.

Address, VAN EVRIE, HOLTEN & CO., 162 Nassau St., New York.

Special Orders.—We desire this year to place before a million of northern readers the great doctrine "The Day Book" teaches on the question of the Races. We confidently believe if this Journal were read on the basis of one part of the year of the northern States between this time and November, 1864, the Democrats could not fail to carry the next presidential election. We therefore make the following offers, not in the light of prizes, and not even because it will be profitable, for we can scarcely afford to—but solely to secure the best of the minds of the states which we profoundly believe will save our country.

Clubs of Twenty.—For a club of 20, besides the extra paper now offered, we will send a copy of Dr. Van Evrie's great work on "Negroes and negro Slavery," the third edition of which is just ready. Price One Dollar.

Clubs of Fifty.—For a club of Fifty subscribers, at \$10, we will send one extra paper, and a complete set of our Anti Abolition Publication, "The Progress of which, taken together, amount to \$2 75.

Clubs of One Hundred.—In relation to Clubs of one hundred, we will say this: Whoever will send us one hundred subscribers at one time, the club to be sent to one address, and begin and end at the same time, will receive the papers at \$100. V. E. H. & CO. November 18, 1863.

PROSPECTUS OF "THE AGE" A NATIONAL DEMOCRATIC NEWSPAPER. TO be published Daily and Weekly in the city of Philadelphia, by A. J. GLOSSBRENER & Co. "The Age" will advocate the principles of the Democratic party, and will, therefore, necessarily favor the restoration of the Union as it was, and defend the Constitution of the United States, and that of this Commonwealth.

It will freely and bravely discuss all legitimate subjects of public concernment, including, of course, and pre-eminently at this time, all questions connected with the existing unhappy condition of our country. It will fearlessly criticize the public acts of public servants and defend the legal and constitutional right of individual citizens and sovereign States, against assaults from any quarter.

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republic—to present to them, truthfully, the fearful perils in which we stand as a nation—to exhibit the magnitude of the task that lies before them, if they would check our downward progress, and to inspire them with the noble determination to apply the remedy for our national ills. In brief, it will in all things, aim to be the faithful exponent of Democratic principles, and to render itself worthy to be an organ of the democratic party, under whose auspices our country prospered so long and so well. The restoration of that party—the party of the Constitution and the Union—in power in the legislative and executive governmental branches of the State and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restoration will be our highest aim.

The news, literary, commercial and other departments, will receive due attention, and will be so conducted as to make "The Age" worthy of the support of the general reader.

The many difficulties now attending an enterprise of the magnitude of that which the undersigned are engaged, to require them to appeal to the public for generous support, and to ask for "The Age" a liberal patronage and extended circulation.

The preparatory arrangements warranted the issuing of the first number of the Daily Age in the month of March 1863, and the Weekly was commenced soon after.
