

STAR OF THE NORTH

THINGS ABOUT TOWN & COUNTRY.

BLOOMSBURG, PA.

WEDNESDAY MORNING, JUNE 29, 1864.

REVENUE.—B. P. Fortner has lately resigned his office as Commissioner of Internal Revenue, for this district.

THE RECEPTION FOR THE "IRON GUARDS" at Lime Ridge, on Saturday last, is said to have been a fine affair. All passed off pleasantly.

ROBERT L. F. COLLEY, of Benton township, lost his barn by fire on the 18th inst. It is thought to have been the work of an incendiary.

AN EXPRESS TRAIN on the N. P. Central Railroad, met with a terrible accident near Syracuse. The engine exploded, killing three persons, and injuring thirty others.

THERA will be preaching in the Baptist Church of this place on Sabbath next, by the Rev. Geo. W. Scott, of Danville, at 10 o'clock, A. M.

WORKED SOLDIERS.—We have at our office a list of the sick and wounded Pennsylvania soldiers in the field and in the hospitals at Washington, Alexandria and Cumberland. It can be seen any time.

AN AWFUL FACT.—The Lonsville Journal truly remarks: "It is the most awful fact in this war that the President of the United States considers his own reelection the chief purpose to be accomplished by it."

THE REAL SLAVERY PARTY.—Slavery of speech, slavery of press, slavery of mind, slavery of election; but above all freedom to break the Constitution suppress opposition newspapers, and insult the people.

Since the nomination of Fremont the Lincoln papers have fallen upon our foreign population, especially the Germans, without mercy. Fremont they now declare is an adventurer but forwarded by infidel Germans and foreign disorganizers. Is that the way you talk of your once darling Fremont?

GENERAL McCLELLAN delivered on the 16th inst. the oration at the dedication of the site for the Battle Monument to be erected upon "Trophy Point," at West Point, to the memory of the officers and soldiers who have fallen in this war.

MAIN STREET has at last been redeemed from the almost insufferable dust which has held undisputed sway, for the last week or two, by the action of the citizens who have made arrangements for having them regularly sprinkled.

ARTHUR'S MAGAZINE is out for July. It is an interesting number, and growing in interest as it becomes older. The reading is most capital, as well as the patterns and fashion plates interesting. It ranks among the foremost of Magazines. Price \$2.00 in advance. Published by T. S. Arthur, Philadelphia.

If President Lincoln had withdrawn Gen. Burnside's corps from Gen. Grant just previous to the commencement of the late battles as he did Gen. McDowell's from Gen. McClellan's army during the latter's campaign against Richmond, which side of the Rapidan would the Lieutenant General have been to day?

PUBLIC SALE.—In another column of the Star will be seen advertised for sale valuable personal property and real estate belonging to Samuel Kline, of Benton twp., Columbia county. This is desirable property, especially the Real Estate. It is beautifully situated and in a good state of cultivation, with tolerably good buildings. Part of the tract is excellent timber land, desirable for its good quality of timber. Capitalists will take notice.

This drafted men in this county are reporting in this place. The examinations commenced for this county on Thursday last, and will continue until the 5th of July. Quite a number are being exempted on the grounds of physical disability, and some are paying commutation; but in many townships there are a large number not reporting. So far but three or four have been procured for the service, they being substitutes. The people have become sick and tired of war, and will not enter the service.

We received the first number of a new Democratic paper published in Ashland Schuylkill county, entitled *The Constitutional Advocate*, and edited by NEWELL & McGINTY. It is a spirited sheet, large and well printed, and its appearance indicates for it a hearty support at the hands of the Schuylkill county Democracy. We wish it both pecuniary and political success.

It is decidedly funny to see the Abolition organs throughout the country calling Fremont and party "Copperheads" when they are well known to belong to the same woolly-headed tribe. The Fremont journals are throwing Greek fire into the Abolition ranks at a furious rate. It is destined to be come too hot for the Lincolnites, and they are in a terrible bad way in consequence. The old adage may be verified that "when rogues fall out honest men get their dues."

LET US REASON TOGETHER.—Has not the laboring man abundant employment, at better wages than he received two or three years ago?—Abolition paper.

Suppose he has, does it not cost him four times as much to live? Can he buy coffee at 12 cents, as he could two or three years ago? Can he buy maulin at 8 cents, as he could two or three years ago? Can he buy anything at reasonable prices.

Is he not taxed four times as much, and is he not drafted four times as much to pay of his small means \$300, or dragged from his family to be slaughtered for the negro?

A democratic exchange very pertinently inquires "what has become of the republican party catch word that 'in time of war there can be but two parties, patriots and traitors?' We now find within their own harmonious household at least two parties—one for Lincoln and one for Fremont.

ACCIDENT.—Two freight trains on the Lackawanna and Bloomsburg railroad came in collision on Tuesday night last below the "Half way Hoe," making almost a complete wreck of one of the engines and some forty coal cars. The damage to the road and obstructions from broken cars prevented the regular passenger train due here Wednesday morning from getting through until the evening of that day. The loss to the company is stated at \$12,000. All the result, we have been told, of carelessness on the part of an engineer on one of the trains. Fortunately no person was injured by the collision.—*Danville Intelligencer.*

IMLAY & BICKNELL.—Imlay & Bicknell's Bank Note Reporter for June has been received. It contains quite a list of spurious money now in circulation, among which are \$20 and \$100 Government Greenbacks, and \$50 Treasury notes. This Detector can be relied upon. No business man should be without a copy.

FIRE.—The miserable apology for a Depot at this place was destroyed by fire on Sabbath last. It is supposed to have caught fire from cinders thrown upon it by an engine, that had passed but a short time previous to the alarm being given. It has long been considered a nuisance, and no regret was felt by any one at its complete destruction. Fortunately, everything of value was saved, with but very little damage. It is to be hoped that a handsome and suitable building will soon be erected, either upon the old site or in some other equally eligible location. Rumors are afloat that the company anticipate erecting the new building a mile or two below town. Let our citizens unanimously remonstrate against it. The accommodating Station Agent, B. Rush Davis, has his headquarters in the Reading Room of the "National Hotel," where he will be pleased to wait upon the traveling public.—*Berwick Gazette.*

U. S. 10-40 BONDS.

These Bonds are issued under the Act of Congress of March 3rd, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscribers to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. This interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—or in United States notes, or the notes of National Banks, adding five per cent. for premium, or receive their drawing interest from the date of subscription and deposit. As these Bonds are Exempt from Municipal or State Taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold the pay OVER EIGHT PER CENT INTEREST in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is hoiden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 31st day of March 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the customs revenue in gold for the current fiscal year ending June 30th, 1864, has been so far at the rate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by all National Banks which are depositories of public money, and all RESPECTABLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depository Bank,) will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS.

Subscriptions will be Received by the First National Bank of Danville, Pa.
