

THINGS ABOUT TOWN & COUNTRY. BLOOMSBURG, PA.

WEDNESDAY MORNING, JULY 13 1864.

JOHN H. HETLER, Esq., of Millin, advises letters testamentary on the estate of William Fry, late of Millin township, in this week's paper.

WE notice that the firm of A. HOWELL & Co., Liquor Dealers in Williamsport, has lately been dissolved by mutual consent, and the business will be continued by Mr. HOWELL.

PARDONED.—The President has pardoned Capt. Henry B. Todd late Provost Marshal of Washington, who was convicted by court martial of robbing ladies of their jewelry and silver spoons.

THE Senate has passed a resolution calling upon the President to set apart a day of humiliation, fasting and prayer. The President supplies us with three hundred and sixty-five days of humiliation every year.

THE late rains have been of great value to the crop. It is now set so far ahead that it is out of all danger of a drouth. The corn is doing well, although not quite so forward as we have seen it at this time other years.

THE Legislature of this State, will re-assemble on the 2nd of August, for the purpose of counting the vote on the proposed amendments to the Constitution and passing such laws as may be necessary to carry them into effect.

Gov. CURTIS has pardoned the negro soldier who was recently convicted of shooting a white citizen at camp William Penn. Hurrab for the black "soldier's friend."

H. L. HOLDEN, of Williamsport, advises in this paper, non-explosive pure Crystal Carbon Oil, and refined Benzine and Lubricating Oil; which he will sell cheap for cash. All orders sent him will receive prompt attention. Give his article a trial.

THE citizens of Epy are raising "hundred day men" in response to the call of the Governor to protect Old Ass, and afterward defend the State. We understand a dozen or more have been recruited.

THE CHAIRMAN of the Democratic Standing Committee of Columbia County, will publish notice for the holding of the Delegate Elections, throughout the different townships of this county, and the meeting of the County Convention, in the Democratic papers of this county, next week.

THE GREAT AMERICAN TEA COMPANY, of New York City, advises a superior article of Coffee for sale to dealers, in to-day's Star. Give it a trial, and our word for it, you'll find it to be what it is represented.

PUBLIC SALE.—Mr. George Lazarus will expose to public sale, on his premises, in Fishersburg township, Columbia county, on the 30th inst. his personal property.—He will dispose of one horse, 4 cows, and 7 head of sheep together with his entire lot of farming utensils. He will also sell hay by the ton.

THE Danville Intelligencer says the Pudders connected with the Penna. Iron Works, at that place, have struck for higher wages.—They have been receiving \$6.80 per ton in the past, and now demand \$7.50 in the future. This is truly said to be the natural result of a bloated paper currency. The worst has not yet come, but is in sight.

THE YOUNG LADIES of this place held a Festival last week; the proceeds of which to be applied for the benefit of the sick and wounded soldiers. The affair seemed to be pretty well attended. We learn that on Friday evening the money-till was robbed to the great surprise of the ladies, of some ten or twelve dollars. This was an outrageous act—swindling the soldier!

FRANK LESLIE'S GAZETTE OF FASHION has visited our sanctorium for the month of July with its more than usual amount of interesting contents. The plates are splendid, not surpassed by any other Magazine, and the reading is from the pen of our most talented authors. This Magazine is cheap—\$3 00—not beyond the reach of any one wishing to make a good investment. Published, 19 City Hall, New York.

HAYMAKING.—The "hotted term" has commenced in earnest, and our friends are now busily engaged in haymaking. The hay crop through the county is tolerably good. Agricultural people will be compelled to labor unusually hard during hay and grain harvest this season, owing to the scarcity of laborers. However, they are better supplied with labor-saving machines than ever before, and will be able with early and late work to secure their crops in good time. Work! work! will be the farmer's watchword for the next four weeks.

SERIOUS ACCIDENT.—Our young friend and friend, Mr. Samuel H. Ruch, met with a sad and serious accident; in the loss of a limb, while engaged in firing a mortar, in this place, on the morning of July 7. He and a young comrade, charged of the "infant thunder-bomber" firing some eight or ten pieces prematurely discharged, striking young Ruch, on the right hand thumb, shattering it in a manner that amputated it.

ADMINISTRATOR'S NOTICE. Estate of James B. Gibson, of Greenwood township, Columbia County, dec'd.

NOTICE is hereby given that letters of Administration on the estate of James B. Gibson, of Greenwood township, Columbia County, dec'd, have been granted by the Register of said county, to Abraham Young, Esq., residing in Benton township, and county aforesaid. All persons having claims against the estate of the decedent are requested to present them for settlement, and those indebted to the estate will make immediate payment.

ABRAHAM YOUNG, Adm'r. Benton twp., April 13, 1864. 3m.

A MAN was in town the other day whose appearance indicated that he was laboring under the weight of a "large brick" in his hat, being asked if he was a Son of Temperance, replied, "No—no relation."

CAPT. CLARK, of this place, is raising a Company to go down after the rebels. Volunteering is rather an up-hill business just now. All patriotism in this war has cozed out. Lincoln has fooled with the animal till it has become next thing to being master.

IMPORTANT INFORMATION.—Col. J. G. French, keeps constantly on hand and for sale, at the Recorder's office in Bloomsburg, "The Constitution of the United States," and the "State of Pennsylvania," in various styles, at prices to suit; also, sundry other democratic books, documents, and speeches; together with legal, note and cap paper, pens, ink and envelopes of all sizes and styles, as well as theological, poetical, Historical and miscellaneous books, cheap.

We cannot positively say whether Fred. Douglas will stump the States for Abraham Lincoln or John C. Fremont, this Fall, or not; but we are inclined to the belief, that Fred. is becoming tired of the Lincoln party; finding that they are a shade too black for his color and political opinions, he may be induced to become one of Fremont's orators. The bigger organ at this place is considerably exercised over the probability of losing Douglas' valuable support to their Shoddy candidate. As Fred. goes so goes the black man's vote which so dearly cherish, and by which they hope to re-elect Old Abe. The blacks in the army, in Ohio, and in New York, are governed in a great measure by the course of Fred. Douglas.—There is where the shoe pinches Thomas Dunn of the Republic.

THE Senate has passed a resolution calling upon the President to set apart a day of humiliation, fasting and prayer. The President supplies us with three hundred and sixty-five days of humiliation every year.

FRENCH BREAKFAST AND DINNER COFFEES. OWING to the very high price of Coffee, and the great difficulty in procuring a good, uniform and reliable article our customers have often expressed a wish that they could be supplied from first hands. It was the intention of

The Great American Tea Company, to do a strictly Tea business, but as we have had some customers living at a distance that have relied upon us to supply them exclusively with Tea and Coffee, it being inconvenient from them to come to New York. The Great Tea Coffee Emporium of this country—and as our Tea was purchased of information relating to a Coffee that could be furnished at a moderate price, and give universal satisfaction, and at the same time afford the retailer a handsome profit—we have been compelled to supply those parties. THIS COFFEE HAS BECOME SO POPULAR with our customers and their sales have increased to such an extent that we have been compelled to make large additions to our machinery, which will enable us to supply a few more customers with it. We will therefore send it to those who may order.

It is fast SUPERSANDING ALL OTHER COFFEES. This coffee has been used for more than a century in Paris, and since its introduction into this country, it has been in use by some of the leading French Restaurants here. The Parisians are said to be the best judges of coffee; and the great favor in which it is held by them is the best commendation that can be produced for its fine flavor and healthy effects upon the human system.

We put up but one grade of this coffee, and that is of a quality that our customers have found from experience will give perfect satisfaction and meet all the demands of their trade. It is the lowest price that we can command.

We do all our business on the most extensive scale, buy by the cargo and sell at two cents per pound profit.

We put up this coffee in barrels only of 125 pounds each. This method of putting it up saves from 2 to 5 cents per pound to the customer, and by its being in a large quantity it retains its fine flavor much longer in this form than in any other. We send with each barrel Show Cards, Circulars and Posters, to assist the dealer in introducing it to his customers. We hope our customers will take pains to have them well posted up and distributed, as it will be to their advantage to do so.

This coffee we warrant to give perfect satisfaction, and if it does not please, the purchaser has the privilege of returning the whole or any part of it to us, and having his money refunded together with all the expenses of transportation both ways.

We issue a Price Circular of our Teas and Coffees, which we are glad to send free to all who wish it. Consumers of coffee should enquire for the French Breakfast and Dinner Coffee and be sure that they purchased of the GREAT AMERICAN TEA COMPANY, Importers and Jobbers, 35 & 37 Vesey St., New York. July 13, 1864.—3m.

A NUMBER of years have elapsed, since the introduction of HOFMEYER'S CELEBRATED BITTERS to the public. The prejudice existing in the minds of many persons against what are denominated patent medicines at first greatly retarded its sale; but, as its virtues and merits became known, this barrier of prejudice was overthrown, and the demand increased so rapidly that in a few years scarcely a village existed in the United States, in which the afflicted had not experienced the benefit arising from the use of the "Bitters" and at the present day there are to be found IN ALL PARTS OF THE WORLD vouchers for the great merits of the article. No greater cure for Dyspepsia can be found. See testimonials.

For sale by Druggists and dealers generally everywhere.

THE PATMAN MANUFACTURING CO., No. 13 Platt Street, N. Y. & Cleveland, O. S. C. NORTHRUP, Agent.

What Everybody Knows, viz: That iron well galvanized will not rust. That a simple machine is better than a complicated one. That a Wringer should be self-adjusting, durable, and efficient.—That cog wheel regulators are not essential, but that they would be a great delay and trouble to regulate and keep in order. That wood soaked in hot water will swell, shrink and split. That wood bearings for the shaft to run in will wear out. That the Patman Wringer, with or without cog wheels, will not tear the clothes.

That cog wheel regulators are not essential, but that they would be a great delay and trouble to regulate and keep in order. That the Patman Wringer, with or without cog wheels, will not tear the clothes. That it will wring a THREAD or a BED QUILT without alteration.

It might fill the paper with testimonials, but we will only give a few. We are skeptical, if such there be; and we say to all, test Patman's Wringer. Test it thoroughly with any and all others, and if not entirely satisfactory, return it.

Putman Manufacturing Co. Gentlemen—I know from practical experience that iron well galvanized with zinc will not oxidize or rust. The Patman Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use.

Respectfully yours, JOHN W. WHEELER, Cleveland, Ohio. Many years experience in the galvanizing business, enable me to endorse the above statement in all particulars.

JNO. C. LEFFERTS, No. 100 Beekman St. New York, January, 1864. We have tested Patman's Clothes Wringer by practical working, and we can say it will do. It is cheap, it is simple, it requires no room whether at work or at rest; a child can operate it. It does its duty thoroughly. It saves time and it saves wear and tear.—We earnestly advise all who have much washing to do, with all intelligent persons who may wish to buy the Wringer. It will pay for itself in a year at most.
