

STAR OF THE NORTH

THINGS ABOUT TOWN & COUNTRY.

BLOOMSBURG, PA.

WEDNESDAY MORNING, JULY 20 1864.

A CONVENTION of Railroad officers lately met in New York and raised the freight 20 per cent.

A BOSS MEXICO is being held this week in Culp's Grove, near Lower Lime Ridge. It is conducted by the Rev. Mr. Reese.

We learn that fourteen young men from the Borough of Berwick and vicinity responded to the Governor's call for one hundred days men. They received a bounty of \$10 each.

A COMPANY of Eighty men was raised in Danville, for the one hundred day's service, in response to the call of Governor Curtin, for troops to defend Old Abe. The Borough Council appropriated \$100 bounty to each volunteer.

STONE COAL is selling in Danville at \$5.50 per ton; and retailing in this place at from \$4 to \$5.25. These prices are almost beyond the reach of the poorer class of people. They cannot stand these high-rates much longer.

PATRICK REIDY and THOMAS O'BRIEN have been arrested and lodged in Jail at Wilkes-Barre, charged with the murder of George Hepler, which was committed in Pittston on the evening of the 4th. Several others who were with the accused are still at large.

THE BOATMEN who were on a strike for higher wages, a short time ago at Wilkes-Barre, have again resumed operations. The matter was arranged, we understand, by a slight advance in wages. The boatmen are making no money, so far, this season.

THE Editor of the Berwick Gazette seems quite jubilant over the arrival of reinforcements, brought to his "support" by his "better-hall," in the shape of a "regular line powder." "New recruits" are still coming to the rescue! We may soon look for an enlargement of the Gazette.

DR. JOHN C. FAULT has been appointed Surgeon of the 18th Penna. Regiment. Dr. Fault has been in the service nearly two years as Assistant Surgeon, and for his meritorious conduct and excellent services, has been promoted to Surgeon, with the rank and pay of Major. He was once taken prisoner by the enemy and escorted to Richmond where he was held several months. He is a son of JOHN FAULT, Esq., of Jerseytown, Columbia co., and brother to Robert C. Fault, Commissioner's Clerk; thus you see he does not belong to that class of stay-at-home abolition bawling patriots.

One of the young *lads* of this place, expatiating over the late raid by the Rebels into Maryland and Pennsylvania, was heard to say: "Grant will certainly take Richmond and if the people don't turn out to the call of the President the Rebels ought to take our Capitol." This young Leaguer has nothing to hinder him from responding to the call of the President. He is stout, hale and hearty, and nobody but himself to look after. Why does he not respond? We are sure this place could easily part with him. But then, "if the people don't turn out the Capitol ought to be taken!" This is patriotism for you! He is not one of "the people," he's a Union Leaguer!

WE are pleased to announce the return of our young friends JAMES H. RAMSEY and CRESTER S. FURMAN from the front, their term of service having expired. The former is the oldest son of the late Dr. Ramsey, of this place, and the latter a son of the present Sheriff of this county. They were members of the "Iron Guards," upon detached duty, on the Signal Corps. They both look well, after a three years hard campaign. Their friends and all extend to them a welcome home!

THE fall of Petersburg has not yet happened, although the telegraph has had it down two or three times. Grant has lost twice the number of men McClellan did, and has made no more important advances upon Richmond. When Grant started for the Rebel Capitol the Abolitionists told us: "We have a General at the head of the army who will fight; he is not like McClellan. The traitors are all out of the army now, and the rebellion will soon be put down." How swimmingly we are getting along, and Old Abe is pretty near ready to acknowledge the Southern Confederacy.

AN effort was made on Thursday night last, in the Academy, to revive the "Union League" organization at this place. How well it succeeded we have not yet learned. The rebel raid is over, and they once more venture out to sun themselves! We are sorry to be deprived the privilege of publishing the roll of that Company, composed of those brave young leaguers whose names now stand registered on "the roll of honor," but didn't go! They made considerable bluster and blow about going to war, in response to the Governor's call, at the same time not any of them were willing to shoulder the musket and sling the knapsack. We think a Company of Colonels, Majors, Captains, and Lieutenants, could easily be raised in this place, to the maximum number in a short time. What patriotism!

LEAGUERS all declare the war is just and noble war and thank God that it was started, but when called upon to put their "white feather" in, they have no "white feather" in. We have no war or the party that is carrying it, and are opposed to giving any money; and had the demonstration that position, and held it, been the country, there would have been a war, but few shoddy conspirators, and no national debt!

CAPT. ALEX. G. THORNTON, of Light Street, one of the original members of the "Hurley Guards," has lately received an honorable discharge, from the service of the United States, on account of his health, which has become so greatly impaired through disease contracted while in the service, as to render it necessary for him to send in his resignation, that he may endeavor to, through judicious and skillful treatment, regain his former good health and spirits. It is nearly three years since Capt. Thornton entered the service, and that, too, at a time when no bounties were being paid. He enlisted not as a hireling but as a patriot, feeling that his country needed his services, to restore the Union and preserve the Constitution. But how is it to-day! How many are enlisting under such conditions now? Not one man! The "Hurley Guards" belong to the gallant old 84th, which Reg't has seen as much, if not more, hard service than any other Pennsylvania Regiment—Capt. Thornton participating in all its battles save the late campaign in front of Richmond and Petersburg. He has repeatedly been wounded, though never seriously. As an officer, the service had no better, and as a soldier none braver. The men of his command, as well as the entire Regiment, hold him in high estimation. He is one of your bleating Abolitionists, but a sound Democrat, and will support the whole Democratic ticket this Fall as he ever has done before.

WE are pained to learn of the death of CHARLES P. SCOTT, son of Hon. Geo. Scott of Catawissa; who entered the U. S. Navy, about eighteen months ago, as Third Assistant Engineer. He died of fever on board the U. S. Steamer Tigra, about one day out from Key West, bound North. He was just over twenty years of age, a young man of great promise, showing high aptitude for the profession he had chosen. His loss is a great calamity, not only to his family and friends, but to that branch of the service to which he belonged, and of which he was an ornament.—Columbia Democrat.

THE Carbon Democrat, and other Carbon and Luzerne co. papers, record the death of Edward B. Yarrington, of Tamaqua, formerly of Wilkes-Barre, by a most deplorable catastrophe. While travelling in a buggy from Summit Hill to Tamaqua, it is supposed that his horse took fright, and threw him out in such a manner as to get his clothing entangled, and he was dragged on the ground, his limbs broken and most horribly mangled, leaving the tracks of blood along the road for near six miles.

A BAD accident happened on Wednesday morning last, by which a little son of Paul Dunn's was badly burned. On the Fourth the cannon which had been in the keeping of Mr. Dunn, was taken out by a party to fire a salute. On returning it, a floor barrel was set in the garden containing some sixteen cartridges which had not been used. The little boys of the neighborhood were playing around on Wednesday morning, and young Dunn had his hand in the barrel, when some one threw a match in it, igniting the powder and blowing the whole up. The boy fortunately turned his head aside, and as the explosion was upwards without burning the barrel, he escaped with severe burns on one side of his face and some bruises, but his eyes are safe, and he is not dangerously burnt.—Wilkes-Barre Record.

HON. C. R. BOCKALEW has our thanks for an early copy of his Congressional Address, to the people of the United States, and particularly to the people of the States which adhere to the Federal Government. It is an able document. Every man should read it.

EDITOR OF THE STAR.—Dear Sir:—With your permission I wish to say to the readers of your paper that I will send, by return mail, to all who wish it (free) a Recipe, with full directions for making and using a simple Vegetable Balm, that will effectually remove, in ten days, pimples, blotches, Tap, Freckles, and all impurities of the skin, leaving the same soft, clear, smooth and beautiful. I will also mail free to those having Bald Heads, or bare Faces, simple directions and information that will enable them to start a full growth of luxuriant hair, whiskers, or a moustache, in less than 30 days.

All applications answered by return mail without charge. Respectfully yours, THOS. F. CHAPMAN, Chemist. 831 Broadway, New York. July 20, 1864.—3m.

FRENCH BREAKFAST AND DINNER COFFEE.

OWING to the very high price of Coffee, and the great difficulty in procuring a good, uniform and reliable article our customers have often expressed a wish that they could be supplied from first hands. It was the intention of

The Great American Tea Company, to do a strictly Tea business, but as we have had some customers living at a distance that have relied upon us to supply them exclusively with Tea and Coffee, it being inconvenient for them to come to New York, The Great Tea Coffee Emporium of this country—and so The Tea Company was possessed of information relating to a Coffee that could be furnished at a moderate price, and at the same time afford the retailer a handsome profit—we have been compelled to supply those parties. THIS COFFEE HAS BECOME SO POPULAR with our customers, and their sales have increased to such an extent that we have been compelled to make large additions to our machinery, which will enable us to supply a far more extensive market. We will therefore send it to those who may order.

It is fast SUPERSEEDING ALL OTHER COFFEES. This coffee has been used for more than a century in Paris, and since its introduction into this country, it has been used by some of the leading French Restaurants here. The Parisians are said to be the best judges of coffee; and the great favor in which it is held by them is the best recommendation that can be produced for its fine flavor and healthy effects upon the human system.

We put up but one grade of this coffee, and that is of a quality that our customers have found from experience will give perfect satisfaction and meet all the demands of the trade. It is the lowest price that we can command.

We do all our business on the most extensive scale, buy by the cargo and sell at only two cents per pound profit.

We put up this coffee in barrels only, of 125 pounds each. This method of putting up the coffee, and by its sale in large quantities it retains its fine flavor much longer in this form than in any other. We send with each barrel Show Cards, Circulars and Papers, to assist the dealer to introduce it to his customers. We hope our customers will take pains to have them sent up, and distribute them, as it will be to their advantage to do so.

This coffee we warrant to give perfect satisfaction, and if it does not please, the purchaser has the privilege of returning the whole or any part of it within 60 days, and having his money refunded together with all the expenses of transportation both ways.

We issue a Price Circular of our Tea and Coffee, which we are glad to send free to all who wish it. Consumers of coffee should enquire for the French Breakfast and Dinner Coffee and be sure that it was purchased of the GREAT AMERICAN TEA COMPANY, Importers and Jobbers, 35 & 37 Vesey St., New York. PUTNAM CLOTHES WRINGER.

IT IS THE ONLY RELIABLE SELF-ADJUSTING WRINGER. No Wood-Work to swell or split—No Thumb-screws to get out of order—Warranted with or without cog-wheels. It took the first premium at fifty-seven State and County Fairs in 1863, and is without any exception, the best Wringer ever made. Patented in the United States, England, Canada, and Australia. Agents wanted in every town, and in all parts of the world. Energetic Agents can make from three to ten dollars per day.

Sample Wringers sent Express paid on receipt of price. No. 2, \$6.50. No. 1, \$7.50. No. F, \$8.50. No. A, \$9.50. Manufactured and sold, wholesale and retail, by THE PUTNAM MANUFACTURING CO., No. 13 Platt Street, N. Y. & Cleveland, O. S. C. NORTHROP, Agent.

What Everybody Knows, viz: That iron well galvanized will not rust. That a simple machine is better than a complicated one. That a Wringer should be self-adjusting, durable, and efficient.

That Thumb-screws and Fastenings cause delay and trouble to regulate and keep in order. That wood soaked in hot water will swell, shrink and split. That wood bearings for the shaft to run in will wear out, at the most unreasonable rate. That cog wheel regulators are not essential. That the Putnam Wringer has all the advantages, and not one of the disadvantages above named. That all who have tested it, pronounce it the best Wringer ever made. That it will wring a THREAD or a BED QUILT without alteration.

We might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, test Putnam's Wringer. Test it thoroughly with any and all others, and if not entirely satisfactory, return it to Putnam Manufacturing Co.

Gentlemen—I know from practical experience that iron well galvanized with will do. It is cheap, it is simple, it requires no room whether at work or at rest; a child can operate it. It does its duty thoroughly. It saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who may have any, to buy this Wringer. It will pay for itself in a year at most.

Respectfully yours, JOHN W. WHEELER, Cleveland, Ohio.

Many years experience in the galvanizing business, enable me to endorse the above statement in all particulars. JNO. C. LEFFERTS, No. 190 Beekman St. New York, January, 1864.
