

## STAR OF THE NORTH

### THINGS ABOUT TOWN & COUNTRY.

#### BLOOMSBURG, PA.

WEDNESDAY MORNING, AUG. 3, 1864.

The supplementary draft, to fill the old quota in Luzerne county, was made at Scranton, last week.

FRANK A. PAUL, of Wilkes Barre, has gone to Vicksburg, Mississippi, to recruit negro soldiers in the rebel States, as Commissioner for Luzerne county.

The draft to fill the old quota in Columbia county is expected to take place in a few days; there being quite a deficiency caused through exemptions for physical disability, aliens, non-residents, &c.

Mrs. Wm. B. Koons is busily engaged in rebuilding his stables which were destroyed by the late fire. He is building with brick, and designs slate roofing his stables, which will make them more secure from fire.

Apprentice Wanted—A stout, active, intelligent boy, of good habits, between the ages of fifteen and eighteen years, wishing to learn the art of printing, the "art preservative of all arts," can find a good situation by applying immediately at this office.

SAMUEL KLINE, of Benton township, sold his farm of 70 acres, on Saturday last, to Christiana Ash of same township, for \$1797.50, at public sale. The land is rather nicely situated, and in a good state of cultivation. The house is new, and the barn is in a reasonably good condition. Mr. Kline also sold his personal property.

ARTHUR'S MAGAZINE has paid a visit for August—with contents of more than usual interest. This is a most excellent Magazine, never failing to treat its readers to something rich, rare and interesting. The embellishments found in this work are of a superior character, second to none published in the more costly magazines. Terms yet remain \$2.00 a year in advance. Four copies for one year \$5.00.

The wheat crop throughout the country has been a complete failure. We have accounts of the wheat crop having failed considerably short in the Western States. Should the summer crops yet prove a failure, we may witness some trying times—see grain advance to a price beyond the reach of the poor man. It has almost come to that now, when you cannot get wheat for two dollars and fifty cents per bushel. No quantity of it can be had for this price, and we may expect to pay five dollars a bushel before next year this time.

We were given a few heads of wheat not long since, by Mr. A. J. ALBERTSON, one of our worthy and industrious farmers of Greenwood township, which might be called extraordinary wheat. We shelled two ordinary size, one containing mixed grains and the other one hundred and fifty cents per bushel. We believe it is the white blue stem wheat—an article that was brought from the west, and a little superior to any heretofore raised in this section. It is, unquestionably, the wheat to raise.

ANOTHER WRECK.—On Saturday last, an axle of one of the cars of a loaded coal train, of the L. & B. Railroad, broke when about half a mile above town, making a complete wreck of eight cars, and precipitating several of them in the canal. The water was withdrawn from the level, in the evening, in order to remove the coal. This is the third or fourth wreck, within our immediate neighborhood, in as many weeks. One of them are known to have occurred through sheer carelessness. Fortunately no one has been hurt.—Berwick Gazette.

COAL.—It is rumored that the coal speculators have determined upon a still further advance in the price of coal at the commencing of next month. We have reason to believe the report well founded, and advise consumers to lay in their winter stock of coal at once. Of course those who have the pecuniary means will do so, while the poor, who are obliged to purchase in small quantities, will have to pay the increased rates. With fuel, food and clothing constantly going up in price, the poor classes are likely to have a hard time of it. How they will manage to get through the coming winter, God only knows. The people are now realizing the "good times" promised them by the abolition party.

We would ask those who are owing us for one year's subscription or more to the STAR OF THE NORTH to come forward and pay us, as we are in need of our money. It costs us twice as much to publish our paper now-a-days as it did three years ago, while we were living under good old Democratic rule. Paper that we could then buy for 8 and 9 cts. per pound, we are now paying at the rate of 25 cts. for; and getting but two dollars for our paper, the same that we received in good times. Our patrons will have to pay us promptly or else we will be obliged to have more for our paper. We cannot stand it, at two dollars per year, and pay when they get ready, as many of them are doing. The Lincoln prices are too high, and there is no prospect of them getting any lower until we turn Old Abe and pany out of power. It is not alone with our branch of business that the people have room to find fault, but it is in every branch of industrial pursuit. The whole country has been grossly misled and humbugged by this Lincoln party; led into all this difficulty, which the Democracy warned the people of time and again previous to Lincoln's election. You were told that "nobody was hurt," that there would be no war, and that the South would not fight, and a thousand other lies, to induce you to support Lincoln, but the time is fast coming when you will have an opportunity to repudiate him at the ballot box.

The citizens of Bloom township held a meeting in the Grand Jury Room of the Court House, one evening last week, and as near as we can learn, resolved to lay a tax upon the township to raise money to pay volunteers for the purpose of filling the quota for this township in the late 1500,000 call. In case the Commissioners would not take the matter in hand and levy a tax upon the whole county, it was proposed the School Directors of this township proceed to levy a tax. It was believed that negroes could be procured by paying a small bounty. A Commissioner was named, who, it was proposed, should be sent into any of the seceded States to procure the blacks. We were not present at this meeting, and are unable at present to state what progress has been made in the matter. The thing must be getting at a low ebb if patriotism has so far cooled out of our Abolition neighbors as to rely upon negroes to fight their battles. They declare they will not go themselves, but they will pay blacks to go if they can get them. Let the draft come, like Thomas Dunn, we are ready for it!

The Election is over, but the returns not yet brought in. The Amendments carried in Bloom township by a small majority—133. The vote cast was 359. Two hundred and forty-six for and one hundred and thirteen against. The whole Democratic vote was not out. At the last Governor's election 479 votes were polled, one hundred and twenty over the vote at this election. The Democratic vote was 196 at the last and at this election 113, a difference of 83 votes. The majority in the county against first amendment will be pretty large. There was not the effort made on the part of the Democrats at our polls to get out the vote that was made by the opposition. Certain ones of our iron masters were on the ground as usual, with their hands full of tickets, dealing them out to their hirelings, and observing strictly that they were vote! This looks much like a free ballot, when the employers draw this kind of a lash over their right of suffrage. This is as bad as military discipline—obey your masters or be punished—discharged—branded as a "Copperhead!"

SENATOR FRANCIS M. GIBSON, of Battery K, 2d Penna. Heavy Artillery, is at home, in this place, on leave of absence from one of our Hospitals, where he has been lying some time, suffering from the effects of a severe wound received in the foot, in front of Petersburg. He is son of John Gibson, of this place, and said to be a good soldier. He enlisted for a bounty, to fill the quota of Montour township, last Spring. Success to "Lockard!"

## FRENCH BREAKFAST AND DINNER COFFEE.

OWING to the very high price of Coffee, and the great difficulty in procuring a good, uniform and reliable article our customers have often expressed a wish that they could be supplied from first hands. It was the intention of

The Great American Tea Company, to do a strictly Tea business, but as we have had some customers living at a distance that have relied upon us to supply them exclusively with Tea and Coffee, it being inconvenient from them to come to New York, The Great Tea Coffee Emporium of this country—and as our Tea Taster was possessed of information relating to a Coffee that could be furnished at a moderate price, and give universal satisfaction, and at the same time afford the retailer a handsome profit—we have been compelled to supply those parties. THIS COFFEE HAS BECOME SO POPULAR with our customers and their sales have increased to such an extent that we have been compelled to make large additions to our machinery, which will enable us to supply a few but no more with it. We will therefore send it to those who may order.

It is fast SUPERSSEDING ALL OTHER COFFEES. This coffee has been used for more than a century in Paris, and since its introduction into this country, it has been used by some of the leading French Restaurants here. The Parisians are said to be the best judges of coffee; and the great favor in which it is held by them is the best recommendation that can be produced for its fine flavor and healthy effects upon the human system.

We put up but one grade of this coffee, and that is of a quality that our customers have found from experience will give perfect satisfaction and meet all the demands of their trade. It is the lowest price that we can command.

We do all our business on the most extensive scale, buy by the cargo and sell at two cents per pound profit. We put up this coffee in barrels only, of 125 pounds each. This method of putting it up saves from 2 to 5 cents per pound to the customer, and by its being in a large quantity it retains its fine flavor much longer than the form taken in any other. We send with each barrel Show-Cards, Circulars and Posters, to assist the dealer to introduce it to his customers. We hope our customers will take pains to have them well posted up and distributed, as it will be to their advantage to do so.

The coffee we warrant to give perfect satisfaction, and if it does not please, the purchaser has the privilege of returning the whole or any part of it within 60 days, and having his money refunded together with all the expenses of transportation both ways.

We issue a Price Circular of our Tea and Coffee, which we are glad to send free to all who wish it. Consumers of coffee should enquire for the French Breakfast and Dinner Coffee and be sure that it was purchased of the GREAT AMERICAN TEA COMPANY, Importers and Jobbers, 35 & 37 Vesey St., New York.

## THE CAMPAIGN AGE.

THE PUBLISHERS OF THE PHILADELPHIA AGE  
Will issue a Campaign Sheet for the Democratic and Conservative masses, in the form of a large sheet of fine white paper, at such rates as will bring it within the reach of all. It will support the nominees of the Democratic National Convention, the full proceedings of which will be published in its columns. It will boldly advocate the rights of the white man, and fearlessly assail all the constitutional rights of the citizen, no matter from what quarter they may be assailed.

The first number will be issued about the 5th of August. The whole number will be thirteen following each other weekly, until the Presidential election, the result of which will be printed on the first number. Democratic and Conservative Clubs, County Committees, Agents and all interested in the cause are invited to co operate in the circulation of

**THE CAMPAIGN AGE.**

TERMS.—The Campaign Age, of Thirteen Numbers. Single Copies for the series, 50 cents. In Clubs of not less than 20 to one address, 45 cts. each. In Clubs of not less than 50 to one address, 40 cts. each. Cash must accompany each order, and no variation will be made in any case from the above terms.

Orders should be sent in immediately, or at latest by the first day of August, to GLOSSBRENNER & WELSH, 430 Chestnut Street, Philadelphia, Pa.

**PUTNAM CLOTHES WRINGER.**

IT IS THE ONLY RELIABLE SELF-ADJUSTING WRINGER.

No Wood Work to swell or split—No Thumb-screws to get out of order—Warranted with or without cog-wheels.

It took the first premium at fifty-seven State and County Fairs in 1863, and is without any exception, the best Wringer ever made. Patented in the United States, England, Canada, and Australia. Agents wanted in every town, and in all parts of the world. Energetic Agents can make from three to ten Dollars per day. Sample Wringers sent Express paid on receipt of price. No. 2, \$6.50. No. 1, \$7.50. No. F, \$8.50. No. A, \$9.50. Manufactured and sold wholesale and retail, by THE PUTNAM MANUFACTURING CO., No. 13 Platt Street, N. Y. & Cleveland, O. S. C. NORTHROP, Agent.

**What Everybody Knows, viz:**

That iron well galvanized will not rust. That a simple machine is better than a complicated one. That a Wringer should be self-adjusting, durable, and efficient. That Thumb screws and Fastenings cause delay and trouble to regulate and keep in order. That wood swells in hot water will swell, shrink and split. That wood bearings for the shaft to run in will wear out. That the Putnam Wringer, with or without cog wheels, will not tear the clothes. That cog-wheel regulators are not essential. That the Putnam Wringer has all the advantages, and not one of the disadvantages above named. That all who have tried it, pronounced it the best Wringer ever made. That it will wring a THREAD or a BED-QUILT without alteration.

We might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, test Putnam's Wringer. Test it thoroughly with any and all the others, and if not entirely satisfactory, return it.

Putnam Manufacturing Co.

Gentlemen—I know from practical experience that iron well galvanized with zinc will not oxidize or rust one particle.—The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use.

Respectfully yours,  
JOHN W. WHEELER, Cleveland, Ohio.

Many years experience in the galvanizing business, enable me to endorse the above statement in all particulars.  
JNO. C. LEFFERTS, No. 109 Beekman St. New York, January 1, 1864.

We have tested Putnam's Clothes Wringer by practical working, and know that it will do. It is cheap, it is simple, it requires no room whether at work or at rest; a child can operate it. It does its duty thoroughly. It saves time and it saves wear and tear.—We earnestly advise all who have much washing to do, with all intelligent persons who may have any, to buy this Wringer. It will pay for itself in a year at most.

July 6, 1864.—1y.
