We were speered at for avowing the truth, and in every instance where Democratic teaching was likely to hold the people firm, the Abolition party did all in their power to deceive the people with their "glittering generalities" and the promise of "good times" and no was. Through their continued falsehoods and misrepresentations they suc ceeded in electing their sectional candidate, thus performing a piece of work which the people have been, time and again, from the days of Washington to the present, solemply warned not to do. #### Demogratic Delegate Election.

The Democracy of Columbia county wi neet in the several election districts, on the h inst., for the purpose of choosing legates to frame a ticket for their suppor at the approaching election. This is an important duty, and hence the necessity o choosing honest intelligent men to dircharge it. It is the solemn and responsible duty of the Democratic party at this time to present such men for public suffrage and support as will command votes by the purity of their lives, and the uprightness and honesty of their actions. Let the proper persons be chosen as delegates to the county Convention, and they will seek out "the right man for the right place," and fill all receive subscriptions and advertising for the right man for the right place," and fill all star of the North, published at Bloomsburg, the offices with citizens in whom he community can and will place implicit trust and

### The Election.

The election on the Constitutional amend ments, held in this county on Tuesday, the 2d inst., resulted in a decided rejection by the Democratic vote. There were twentyfive hundred and fifty-three votes cast against the first amendment, and fifteen 1.00 hundred and thirty-three in favor of its adoption, showing a clear majority of ten hundred and twenty against it. The majority against the second amendment is eight 10 00 bundred and forty-nine, and that against Executor's & Administrator's Notices, 3.00 the third, eight hundred and twenty-six .-This shows the Democracy of old Columbia to be firm, and always up and a doing. The majority of some of our heavy Democratic counties is not more than half what it was last Fall. ## 7-30 Government Loan.

In another column of our paper will be found an advertisement of "United States 7-30 Loan," to which we would direct the attention of our readers. This loan seems to us the most liberal of all yet offered. An exchange in speaking of this loan, says, the general rate of interest is six per cent. payable annually. This is seven and threetenths, payable semi-annually. If you lend on a mortgage, there must be a searching of titles, lawyers' fees, stamp duties, and delays, and you will finally have returned to you only the same kind of money you would receive from the government, and less of it. If you invest in this loan, you have no trouble. If there is no National Bank at home, any broker will obtain it for you without charge, and pay you the interest coupon at the end of six months as a more convenient form of remittance to his city correspondent. If you wish to borrow ninety cen's on the dollar upon it, you have the highest security in the market to do it with. If you wish to sell, it will bring within a fraction of cost and interest at any moment. It will be very handy to have in the house. Upon the whole this seems to be the most popular and desirable loan yet offered to the public. Read advertisement for further information.

#### Peace Propositions.

"To WHOM IT MAY CONCERN !" Such is the language of Mr. Lincoln when he is about to make a declaration that the old Union, for which the blood of our fathers was made to flow, shall never be restored.

Truly, Abraham thou art dignified ! Did the people of the United States ever before this time have a servant that became so exalted? Imagine, Abraham seated in what formerly was called a chair, but now is the throne of a military Dictator, with all the grandeur that Greenbacks can purchase, surrounded by an army, called into service under the plea of restoring the Union, but actually converted to the purpose of forever annihilating all the rights of the people years doration, in which nothing has been accomplished except the destruction of thousands of human beings, millions of property, and the Constitution with the freedom it guarantees, Abraham closes the door to peace, and refuses to hear any prounless such propositions shall embrace the think of it; persons liable to conscription. think of it; women whose husbands are to call upon you, for the sake of humanity and

#### An Important Political Movement in Ohio.

We have received the circular appended to this article from Middletown, Ohio, endersed by a prominent republican of that locality, stating that it is being very generally signed by the Union republicans of that section. He also adds that "the prevalent opinion among the substantial men of the Union organization is that unless there is a concentration upon some new candidate for the Presidency the democrats will carry Ohio at the next election." The very wording of the circular speaks volumes of itself as to the condition of the republican party. That here is a deepseated dissat- federates in armed boats cruise about outisfaction in the party over the renomination of Old Abe at Baltimore has been apparent ever since the adjournment of that Convention. # RALLY FOR THE UNION ! The undersigned are citizens and voters

of Butler county, Ohio, who were formerly attached to the various old political parties, but, since the rebellion, ignoring old issues, have cordially supported President Lincoln in his prosecution of the war for the constitution and the Union.

The time for the election of a President is near, and, painfully impressed with the belief, founded on reasons deemed not expedient to be specified herein, that no candidate is yet presented who can sufficiently concentrate the loyal vote to secure that success upon which the best destinies of the republic depend; and believing that, especially in times of peril like these, it is not only the privilege, but the duty, of the people peaceably to assemble and consult for the public welfare, do respectfully re-

2. To recommend to the people of other counties and States, who regard the unity tional convention, to be composed of two delegates for each Congressional district and four for each State at large, in the city of Buffalo, N. Y., on Thursday, the 22d day of President and Vice President.

## THE WAR.

General Sherman, it will be remembered, on July 27th, began a movement which resulted in a complete change of his position before Atlanta. Gen. Howard, with three corps was moved from the eastern flank around to the western one. The confederates attacked Howard's advance, and until to day we were unable to describe the contest. Howard's object was to extend Sherman's western flank around Atlanta until it crossed the railroad running to Montgomery. Hood determined to prevent this. A detachment of his army was marched 28th that Logan's Corps, which led Howard's advance, came in sight of the Confederates. At 11 o'clock a battle began Logan's march was checked and he dug earthworks. The contest continued until three in the afternoon, when seeing that Logan made no further attempt to advance. the Confederates desisted. They still remained in line of battle however, in front of the railroad. This contest- prevented Howard from accomplishing the object of his movement, the occupation of the railroad. The Confederate Generals Loring and Stephen D. Lee were slightly wounded -General Sherman's line now confronts Hood at Atlanta from a point four miles north of the town, around to five miles west. At one place Sherman's guns are within two niles of Atlanta, near enough to shell it A town. It is reported that General Stoneman was captured by the enemy during his recent raid.

There is very little doing at Petersburg the Federal works in front of General Warren's Corps. This caused great consternation in camp. On Friday the mine was blown up, but the explosion did no damage. It was too slow, and the Confederates aftarwards made a slight attack, but soon desisted. There was,-it is reported,very little loss on either side. ANOTHER SMASH UP .- On Tuesday night last, two coal trains on the L. & B. Railroad were thrown from the track, one in the vi ous defeat. The circular speaks for itself, cinity of Roaringcreek, and the other at this place. A complete wreck was made of eight or ten coal cars, and some slight damage done to the track. The accidents occurred from slides caused by the recent heavy rains. One of the engines was running without a head light. These accidents are becoming so common as to excite little or no surprise. They may, very properly, be attributed to loose management on the part of the company. Fortunately go persons were injured .- Berwick Gazette.

IN A TERRIBLE WAY-The Republican organs are very much perplexed about the efforts of the Democracy, and are hard at work hatching up old stories and new, respecting secret movements which have for their object the overthrowing of the government, i. e. the power of Abraham Lincoln.
