

THINGS ABOUT TOWN & COUNTRY. BLOOMSBURG, PA.

WEDNESDAY MORNING, AUG. 17, 1864.

The newspapers, the dailies, contain nothing of late of any great importance. A synopsis of war news will be found in another column. All quiet along the Potomac. The army at Petersburg is doing nothing. The forces here are scouting occasionally. The state of affairs in this country are in a good condition, as they ever have been. The people of Columbia county are law-abiding.

MORE TROOPS.—On Tuesday last, reinforcements arrived at this place, to the tune of about 250, making in all some 350, or more. They are encamped on the Fair Ground. The late arrival brought Infantry. It is said that General Couch is here, and that his Headquarters are in town.

That Reverend gentleman who was up the creek preaching not long since and who was frightened out of a school house where he was expatiating, through fears of a rope being put about his neck, was heard remark that, those people up the creek were entrenched, and were ready to make resistance, and he only wished the soldiers had come in time to have gone with him up the creek the time he was obliged to leap out of a window.

It would seem that some people have no sense; and on occasions like last Saturday evening, they very frequently make it known. When the soldiers arrived here all the old women that the town holds were seen and heard. They were jubilant over they knew not what. But they were not seldom heard to remark, "the copperheads will catch it now," "they will be burned up now," with other like expressions.—These creatures are really not worth minding. Their actions are only in accordance with the more weak minded ones of the male sex, belonging to that portion of the Abolition party that are totally blinded and crazed on the brain with this negro. They talk about burning people out, at the same time do not so much as think that they may have occasion some morning to scratch out and dress themselves by the light of a large candle. What fools, to talk about burning, when there is no reason why their property would not ignite at the touch of the torch, as well as that of a Democrat.

Mr. ELIAS MENDENHALL, a red hot Abolition merchant of this place, we are informed, was instrumental in having the Provost Marshal take measures, on Saturday evening last, to arrest Robert C. Fruit and the Editor of this paper. On seeing us leave town, after the arrival of some soldiers, Mr. Mendenhall smelt treason on our track, and nothing would do but we must be sent after and arrested! In his mind we were going out into the country for the purpose of giving aid and comfort to those men who have not reported in the last draft, and for that, he said, we ought to be hung and made an example of! This he since qualifies by saying, "if we were going up the creek for the purpose it was said we were—to inform the people that soldiers had arrived—then we ought to be hung!" Many of our readers are acquainted and have dealings with this man, Elias Mendenhall, and we make this statement of facts for the simple purpose of informing our readers up the creek as well as throughout the county how he would treat your humble Editor and Democrat. He would have us hung because he thought we were doing you a kindness, and in sending we were, in his estimation, committing rank treason! We might give him a more extended notice, but we will let this suffice for the present, when we consider that he comes so nearly being a descendant of a class of people who did nothing to make this country, and to-day is leading his efforts in the right direction to destroy it.

DEATH OF JACOB EVERLY, Esq.—On account of the more than ordinarily exciting times, with the county nominating convention close at hand, our paper was unintentionally allowed to go out without anything more than the simple announcement of the death of this man. Mr. EVERLY enjoyed a wide circle of friends and acquaintances, having lived in this county almost from his boyhood up to his death. He was born in Nazareth, Northampton county, this State, on the 23d of June, 1789, and died on the 30th of July, 1864, in the 75th year of his age. His health had not been good for several months past, although at times he was able to ride out, and seemed tolerably smart. It is said that he was "suffering from a tendency to dropsy."

He was in public life, until last Fall, as Prothonotary of Columbia county, with the exception of one term, since 1830. He first received the office by appointment, by the then present Governor; and, since 1839, has been re-elected term after term, until our last Democratic convention, in 1863 when he declined being a candidate, and tendered his most sincere thanks to the people for the many proofs of their confidence which he had heretofore received at their hands. No man ever held office, against whom there was so little complaint, to prove which, the mere fact of his retaining his position so many years, the term after another, is ample evidence. He was an obliging, courteous and correct officer, ever ready to render assistance when in his power. Mr. EVERLY lived the life of an honorable, upright man and Christian, being for many years a zealous and active member of the Lutheran Church. The Church lost a worthy and exemplary member, and the community a useful man. He raised a large and respectable family. Peace be to his ashes.

FRANK LESLIE has arrived at our sanctum, commencing on a new volume, with decided improvements. It is a good publication, well worthy of a hearty support.—Published at New York. Price, \$3.00 per annum. Send and get it, if you wish the worth of your money in the shape of a magazine.

ANOTHER PATRIOT FALLEN.—We are pained to record the death of John A. Crossley, son of John Crossley, one of our subscribers in Cooper township, this county. Mr. Crossley was a member of Capt. McClure's company, [F.] 112th regiment 2d Pa. Artillery. On the 14th of last month, while in front of Petersburg, he was severely wounded, by a shell which exploded near a spring where he was drawing water. The shell struck him on the leg shattering it badly. He was taken to the hospital where he lingered some eleven days, and died on the 22nd of July, in the 22d year of his age.—Danville Int.

ROBBERIES.—We understand the Cataraugus depot at this place, was entered on Sunday evening last, and about \$500 worth of goods pilfered therefrom. It is supposed to be the same scoundrel who fired the stable of Samuel Wolf, on the evening of that day. On the same evening several of the farmers on the opposite side of the river in Rush twp., had their cellars broken into, and articles rifled therefrom. There appears to be a regular gang of outlaws in our midst that need ferreting out and bringing to justice.—Danville Int.

WISTAR'S BALSAM OF WILD CHERRY. One of the oldest and most reliable remedies in the world for Coughs, Colds, Whooping Cough, Bronchitis, Difficulty of Breathing, Asthma, Hoarseness, Sore Throat, Croup, and every Affection of the THROAT, LUNGS and CHEST, including even Consumption. WISTAR'S BALSAM OF WILD CHERRY. So general is the use of this remedy become, and so popular is it everywhere, that it is unnecessary to recount its virtues. Its works speak for it, and find utterance in the abundant and voluntary testimony of the many who from long suffering and settled disease have by its use been restored to pristine vigor and health. We can present a mass of evidence in proof of our assertions, that IT CANNOT BE DISCREDITED.

Testimony of Mr. JAMES GRIMES, a gentleman highly esteemed in Columbia Co., Pa., and one whose statement can be relied upon. Mr Pleasant, Col. co., Pa., May 21, 1860. Messrs Seth W. Fowle & Co., Boston.—Gentlemen—About three years ago our daughter, now twelve years of age, was severely afflicted with croup. A general irritation of the lungs followed, producing a hectic cough, which became almost constant; swelling of the temples and other indications of Consumption were also apparent, and her life was despaired of by her physicians. At this critical moment we were induced to give Dr. Wistar's Balsam of Wild Cherry a trial, and after she had taken one bottle we found her so much relieved that it was thought unnecessary to continue its use. Since that time we have used the Balsam in our family in cases of Coughs and Colds, and believe it to be a superior remedy for all diseases of the Lungs.

Yourself with respect, JAMES GRIMES. FROM JESSE SMITH Esq., President of the Morris County Bank, Morristown, N. J.—"Having used Dr. Wistar's Balsam of Wild Cherry for about fifteen years, and having realized its beneficial results in my family, it affords me great pleasure in recommending it to the public as a valuable remedy in cases of weak lungs, colds, coughs, &c., and a remedy which I consider to be entirely innocent, and may be taken with perfect safety by the most delicate in health."

FROM HON. JOHN E. SMITH, A distinguished Lawyer in Westminster, Md.—"I have on several occasions used Dr. Wistar's Balsam of Wild Cherry for severe colds, and always with decided benefit. I know of no preparation that is more efficacious or more deserving of general use. The Balsam has also been used with excellent effect by J. B. Elliott, Merchant, Baltimore, Md. WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed 'W. BUTTS,' on the wrapper.

FRENCH BREAKFAST AND DINNER COFFEE. OWING to the very high price of Coffee, and the great difficulty in procuring a good, uniform and reliable article our customers have often expressed a wish that they could be supplied from first hands. It was the intention of

The Great American Tea Company, to do a strictly Tea business, but as we have had some customers living at a distance that have relied upon us to supply them exclusively with Tea and Coffee, it being inconvenient for them to come to New York, The Great Tea Coffee Emorium of this country—and as our Tea Taster was possessed of information relating to a Coffee that could be furnished at a moderate price and give universal satisfaction, and at the same time afford the retailer a handsome profit—we have been compelled to supply those parties. THIS COFFEE HAS BECOME SO POPULAR with our customers and their sales have increased to such an extent that we have been compelled to make large additions to our machinery, which will enable us to supply a few more customers than we will there-fore send it to those who may order.

It is far SUPERSEEDING ALL OTHER COFFEES. This coffee has been used for more than a century in Paris, and since its introduction into this country, it has been in use by some of the leading French Restaurants here. The Parisians are said to be the best judges of coffee; and the great favor in which it is held by them is the best recommendation that can be produced for its fine flavor and healthy effects upon the human system. We put up but one grade of this coffee, and that is of a quality that our customers have found from experience will give perfect satisfaction, and meet all the demands of their trade. It is the lowest price that we can command.

We do all our business on the most extensive scale, buy by the car and sell at only two cents per pound profit. We put up this coffee in barrels only, of 125 pounds each. This method of putting it up saves from 2 to 5 cents per pound to the customer, and by its being in a large quantity it retains its fine flavor much longer in this form than in any other. We send with each barrel Show Cards, Circulars and Posters to assist the dealer to introduce it to his customers. We hope our customers will take pains to have them well posted up and directed, as it will be their advantage to do so. This coffee we warrant to give perfect satisfaction, and if it does not please, the purchaser has the privilege of returning the whole or any part of it within 60 days, and having his money refunded together with all the expenses of transportation both ways.

We issue a Price Circular of our Teas and Coffees, which we are glad to send free to all who wish it. Consumers of coffee should enquire for the French Breakfast Dinner Coffee and be sure that it was purchased of the GREAT AMERICAN TEA COMPANY, Importers and Jobbers, 35 & 37 Vesey St., New York. July 13, 1864.—3ms.

Important to ALL INVALIDS! IRON IN THE BLOOD. It is well known to the medical profession that Iron is the vital Principle or Life Element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, the elements reduced to the whole system suffers. The sad blood will irritate the heart, will clog up the lungs, will supply the brain, will obstruct the liver, and will send its disease producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease. The great value of

IRON AS A MEDICINE. It is well known and acknowledged by all medical men. The difficulty has been to administer such a preparation of it will enter the circulation and assimilate at once with the blood. This point, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrup, by combination in a way before unknown.

THE PERUVIAN SYRUP. It is a projected solution of the Protoxide of Iron. A new discovery in medicine that strikes at the Root of Disease by supplying the blood with its Vital Principle or Life Element—Iron.

THE PERUVIAN SYRUP. Cures Dyspepsia, Liver Complaint, Dropsy, Fever and Ague, Loss of energy, Low Spirits. The Balsam has also been used with excellent effect by J. B. Elliott, Merchant, Baltimore, Md. WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed 'W. BUTTS,' on the wrapper.

REDDING'S RUSSIA SALVE! FORTY YEARS EXPERIENCE has fully established the superiority of REDDING'S RUSSIA SALVE. Over all other healing preparations. It cures all kinds of Sores, Cuts, Scalds, Burns, Boils, Ulcers, Salt Rheum, Erysipelas, Sues, Piles, Corns, Sore Lips, Sore Eyes, &c., removing the pain at once, and reducing the most angry looking swellings and inflammation as if by magic. ONLY 25 CENTS A BOX. For sale by J. P. DINSMORE, No. 491 Broadway, New York, S. W. FOWLE & Co., No. 18 Tremont St. Boston, and by all Druggists. AUGUST 3, 1864.—ly

PITMAN'S WRITING. IT IS THE ONLY RELIABLE SELF-ADJUSTING WRITING. No Wood Work to swell or split—No Thumb-screws to get out of order—Warranted with or without cog-wheels. I took the first premium at fifty-seven State and County Fairs in 1863, and is now made in England, the United States, Canada, and Australia. Agents wanted in every town, and in all parts of the world. Energetic Agents can make from three to ten Dollars per day. Sample Wringers sent Express paid on receipt of price. No. 2, \$6.50. No. 1, \$7.50. No. F, \$8.50. No. A, \$9.50. Manufactured and sold wholesale and retail by THE PITMAN MANUFACTURING CO., No. 13 Platt Street, N. Y. & Cleveland, O. S. C. NORTHROP, Agent.

What Everybody Knows, viz: That iron well galvanized will not rust. That a simple machine is better than a complicated one. That a Wringer should be self-adjusting, durable, and efficient. That Thumb-screws are not necessary. That Thumb-screws regulate and keep in order. That wood soaked in hot water will swell, shrink and split. That wood bearings for the shaft to run in will wear out. That the Pitman Wringer, with or without cog wheels, will not tear the clothes. That cog wheels will not tear the clothes. That the Pitman Wringer has all the advantages, and not one of the disadvantages above named. That all who have tested it, pronounce it the best Wringer ever made. That it will wring a THREAD or a BED QUILT without alteration.

We might fill the paper with testimonials; but insert only a few to convince the skeptical, if such there be, and we say to all, test Pitman's Wringer. Test it thoroughly with any and all others, and if not entirely satisfactory, return it. Gentleman—I know from practical experience that iron well galvanized with zinc will not oxidize or rust one particle.—The Pitman Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use. Respectfully yours, JOHN W. WHEELER, Cleveland, Ohio.

Many years experience in the galvanizing business, enable me to endorse the above statement in all particulars. JOHN W. WHEELER, 100 Beekman St. New York, Jan 20, 1864. We have tested Pitman's Clothes Wringer by practical working, and know that it will do. It is cheap, it is simple, it requires no room whether at work or at rest; it can operate it. It does its duty thoroughly. It saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with intelligent persons who may have any, to buy this Wringer. It will pay for itself in a year's use. HORACE SHELLEY, July 6, 1864.—ly
