our liberties. It prefers the POLICY OF PEACE

Insisting upon the truth of the principle embodied in the Declaration of Independence, that the just powers of the Governnent are derived from the consent of the governed, it urges the preservation of the tundamental principles of liberty, inviolate, grandeur or consolicated power under despotic rote without the pale of established for manufacturing purposes. law. On all questions of national importance it is the inflexible champion of the rights of citizens, as guaranteed under the instruments by which they have decided to be governed. It therefore bolding avows its purpose ta sustain the Freedom of Speech and of the Press, with the view to protect the people from the encroaching dogmas of theorists who contempelate a modification of the democratic principles which to this time have been sustained against every effort to overthrow them. In all matters per taining to Government the purpose of this newspaper is to protect the people from inconsiderate and rash legislation, and to holdour public servants to a strict accountability for their conduct while carrying ou the machinery of power. To this end the most careful attention will be given to all Federal and Legislative laws, and a firm NEW YORK SAFE DEPOT and impartial examinatation of every new collical proposition may be expected as the only means of protecting the people om an abridgement of their rights.

COMMERCIAL & MARKET REPORTS are given in the most succinct yet complete manner. They claim particular notice for their fidelity and truth, and all those who desire to comprehend the exact financial condition of the couetry should not fail to examine the views which will be founn in this department of the journal.

THE FOREIGN CORRESPONDENCE will be found especially interesting and instructive and being derived from some of he ablest minds in Europe must be read with the utmost avidity by those who desire to camprehend that diblomacy of the Goverrments of the Old World.

In all other respects THE WEEkLY NEWS will be found to meet the public demand. It is the especial object of the Proprietor to render it a valuable and enter-

IRON IN THE BLOOD. It is well known to the medical profession that Iron is the vital Principle or Life Element of the blood. This is derived chiefly from the food we eat; but if the foed is not properly digested or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation iers. The bad blood will irritate the heart, will elog up the lungs, will stupely the brain, will obstruct the liver, and will send its disease producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease. The great value of

TRON AS A MEDICINE Is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr Hayes, Massachusetts State Chemist, has been at-Boston, Mass, where the enterprise was tained in the Peruvian Syrup, by combination in a way before unknown.
