U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum, principal and interest both to be paid in full money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold-bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificate of Deposit as they can be prepared. As the notes draw interest from August 15th, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty five dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of this Loan.
 It is a National Saving Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold within a fraction of their face and accumulated interest, and are the best security with banks as collateral for discounts.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. United States Stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

An Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress exempted all Bonds and Treasury Notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

NOTICE IS HEREBY GIVEN.

That every person excepting Justices of the Peace who shall hold any office or appointment of trust or office under the United States, or of this State, or any city or incorporated district, whether a commissioned officer or otherwise, a subordinate officer or agent who is or shall be employed under the legislature, executive or judiciary department of this State, or of any city or of any incorporated district, and who, that every member of Congress and of the State Legislature, and of the select or common council of any city, or commission-ers of any incorporated district, is by law incapable of holding or exercising at the time, the office or appointment of Judge, Inspector, or Clerk of any election of this Commonwealth, and that no Inspector, Judge or other officer of such election shall be eligible to be then voted for.

And the said act of assembly entitled "An act relating to elections of this Commonwealth," passed July 2, 1819, further provides as follows, viz:

That the Inspector and Judges shall meet at the respective places appointed for holding the election in the district at which they respectively belong, before 8 o'clock in the morning of the SECOND TUESDAY OF OCTOBER, and each said Inspector shall appoint one clerk, who shall be a qualified voter of such district.

Whenever the person who shall have received the highest number of votes for Inspector shall not attend on the day of any election, then the person who shall have received the second highest number of votes for Judge at the next preceding election shall act as Inspector in his place.

And in case the person who has received the second highest number of votes for Inspector shall not attend, the person elected Judge shall appoint an Inspector in his place; and if any vacancy still continue in the board for the space of one hour after the time fixed by law for the opening of the election the qualified voters of the township, ward or district for which such officer shall have been elected, may select by ballot one of their number to fill such vacancy.

It shall be the duty of the several Assessors respectively to attend at the place of holding every general, special or township election during the whole time such election is kept open, for the purpose of giving information to the Inspectors and Judges, when called on, in relation to the right of any person assessed by them to vote as such election, and on such other matters in relation to the assessment of voters, as the said Inspectors or either of them shall from time to time require.

No person shall be permitted to vote at any election as aforesaid, than a white citizen of the age of twenty-one or more, who shall have resided in this State at least one year, and in the election district where he offers to vote, ten days immediately preceding such election, and within two years paid a State or County tax subject shall have been assessed at least ten days before the election. But a citizen of the United States who has previously been a

qualified voter of this State and removed therefrom and returned and who shall have resided in the election district and paid taxes, aforesaid, shall be entitled to vote after residing in this State six months.

Provided, That the white freemen, citizens of the United States, between the age of twenty-one and twenty-two years who have resided in the election district ten days as aforesaid shall be entitled to vote, although they shall not have paid tax.

No person shall be permitted to vote whose name is not contained in the list of taxable inhabitants furnished by the Commissioners, unless: First, he produce a receipt of payment, within two years of State or County tax assessed agreeably to the Constitution, and give satisfactory evidence on his own oath or affirmation of another that he has paid such a tax, or in failure to produce a receipt shall make oath to the payment thereof; or, second, if he claim a right to vote by being an elector between the ages of twenty-one and twenty-two years shall deposit on oath or affirmation, that he has resided in the State at least one year before his application, and make such proof of residence in the district as is required by this act, and that he does verily believe from the account given him that he is of the age aforesaid, and given such other evidence as is required by this act, whereupon the name of the person so admitted to vote shall be inserted in the alphabetical list by the Inspector, and a note made opposite thereto by inserting the word "tax," and shall be entitled to vote by reason of having paid tax, and the word "age" if he shall be admitted to vote by reason of age, and in either case the reason of such a vote shall be called out to the clerks, who shall make a like note in the list of voters kept by them.

In all cases where the name of the person claiming to vote is not found on the list furnished by the Commissioners, or his right to vote whether found thereon or not, is objected to by any qualified citizen, it shall be the duty of the Inspectors to examine such person on oath as to his qualifications, and if he claims to have resided within the State for one year or more, his oath shall be sufficient proof thereof, but he shall make proof by at least one competent witness, who shall be a qualified elector, that he has resided within the district for more than ten days immediately preceding such election, and shall also swear that his bona fide residence, in pursuance of his lawful calling is within the district, and that he did not remove within the district for the purpose of voting.

Every person qualified as aforesaid, and who shall make due proof if required, of his residence and qualifications, shall be said, shall be admitted to vote in the township ward or district in which he shall reside.

If any person shall prevent or attempt to prevent any officer of an election, under this act from holding such election, or one or more of the electors, or any other officer, and shall interrupt or improperly interfere with him in the execution of his duty, shall block up or attempt to block up the window or avenue to any window where the same may be held, or shall riotously disturb the peace of such election, he shall be liable to a fine of not less than five nor more than ten dollars, with the design to influence unduly or overawe any elector, or prevent him from voting, or to restrain the freedom of choice, such persons on conviction shall be fined in any sum not exceeding five hundred dollars, to be imprisoned for any term not less than one month, nor more than six months, and if it shall be shown to the Court, where the trial of such offense shall be had that the person so offending was not a resident of the city, ward or district where the said offense was committed, and not entitled to vote there, he shall be liable to a fine not less than a fine not less than one hundred nor more than one thousand dollars, and be imprisoned not less than six months nor more than two years.

Given under my hand, at my office in Bloomsburg, the 19th day of September, in the year of our Lord, one thousand eight hundred and sixty-four, and of the Independence of the United States, the eighth year.

FUTNAM CLOTHES WRINGER.

IT IS THE ONLY RELIABLE SELF-ADJUSTING WRINGER. No Wood Work to swell or split—No Thumb-screws to get out of order. Warranted with or without cog-wheels.

I took the first premium at fifteen-year State and County Fairs in 1863, and in 1864, without any exception, the Best Wringer ever made. Painted in the United States, England, Canada, and in all parts of the world. Energetic Agents can make from three to ten dollars per day.

Sample Wringers sent Express paid on receipt of price.

No. 1, \$60. No. 2, \$75. No. 3, \$85. No. 4, \$90. Made and sold wholesale and retail by THE FUTNAM MANUFACTURING CO., No. 13 Platt Street, N. Y., and Cleveland, O. A. H. FRANCIS, Agent, Philadelphia, Pa.

What Everybody Knows, viz: That iron well constructed will not rust. That a simple machine is better than a complicated one. That a Wringer should be self-adjusting, durable, and efficient. That Thumb-screws and Fastenings cause delay and trouble to regulate and keep in order. That wood soaked in hot water will swell, shrink and split. That wood in contact with the water will rot. That the Futnam Wringer, with or without cog wheels, will not rust the clothes. That cog wheel regulators are not essential. That the Futnam Wringer has all the advantages, and no one of the disadvantages above named. That all who have tried it, will be convinced that it is the best and most reliable of all wringers. That it will wring a THREAD or a RED QUILT without alteration.

We might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be, and we say to all, Futnam's Wringer. Test it, and it will convince you. It is not a costly luxury, but a necessity, and it is not a mere fancy, but a reality.

Futnam Manufacturing Co.
 Gentlemen—I know from practical experience that the Futnam Wringer will not rust, and will not split or rot in any particular. The Futnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best.

Respectfully,
 JOHN W. WHEELER, Cleveland, Ohio.

Many years experience in the galvanizing business, enable me to endorse the above statement in all particulars.

Respectfully,
 JNO C. LEFFERTS, No. 100 Beckman St. New York, January, 1864.

We have tested Futnam's Clothes Wringer, by practical working, and know that it will do. It is cheap, it is simple, it requires no room whether at work or at rest; it can operate if it does its duty thoroughly. It saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who may have any, to buy this Wringer. It will pay for itself in a year at a most.
