"OUR PRACE COMMISSIONERS, GRANT, SHER-MAN AND SHERIDAN 2-Such is the favorite in-cription on Abolition banners. Are not the Black Abolitionists aware that both Sherman and Sheridan are strong McClelian men? And as for Grant, he too would also announce himself for McClellan did he not know that Lincola would remove him if he lid so. The whole; three are at heart for McClellan, and Sherman and Sheridan dou't care who knows they are for him openly. Why, blacksuakes, read Sherman's letter to Gov. Brown, and you will be convinced hat he concides precisely with McClellan m his views of policy. He is for the Union ist, and is willing to seale the negro busino-s last. This is McClellan's position. In the event of McClellan's election-which we regard a sure thing-it is more than robable that Sherman will be made Secreary of War. We are well sati-fied, thereore, to have Grant, Sherman and Sheridan relected as our peace commissioners.
