In districts inferted with Fever and Ague. it has been found infallible as a preventive and irresistible as a remedy and thousands who Tesort to it under apritehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, ate acred by

Fever and Ague patients, aller being pl'ed with quinice for months in vain, unnitarily saturated with that dangerous alf-loud, are not unfrequently restored to heand within a few days by the use of Hostetter's Bitters. The weak stomach is rapidly invigorated

Acting as a gentle and painless appenent, as well as upon t e liver, it also invariably relieves the Constipation superinduced by inegular action of the digestives and secretive or-

The agony of Bilious Colic is immediately assuaged by a single dose of the stimutant and by occasionally resoning to it, the return of the complaint may be prevented.

As a General Tonic, Hostetter's Bitters produce effects which must be experienced or winnessed before they can be fully appreciated. In cases of Constitutional Weak ness, and Prematore Decay and Debility and Decrepitude arising from Old Age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re enforce and re-establ sh them.

Last, but not least, it is the The Only Safe Stimulent, being manufactured from sound and innocuous materials, and enmore or less in all the ordinary tonics and stomachics of the day.

No lamily medicine has been so universally, and, it may be traly added, deservedly popular with the intelligent portion of the community, as Hosterter's Buters.
