Liver com-plaint, Headache, General Debility, Nerouvness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms, and all complaints of either Sex, arising from Bodily Weakness whether inherent in the system or produced by special causes.

Nothing that is not wholssome genial. and restorative in its nature enters into position of HOSTETTER'S STOM-ACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease and, so far as the human system can be protected by human means against malat es engendered by an unwholesome atmosphere, impure water and other external causes, Hostetter's Bitters may be relied on as a saleguard.

In districts infested with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its prorective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Agne patients, after being plied with quinire for months in vain. notil fairly saturated with that dangerous allr-loid, are not unfrequently restored to beaud within a few days by the use of Hostetter's Bitters.

The weak stomach is rapidly invigoreted and the appetite restored by this agreeable Fonic, and hence it works wonders in caers of Dyspepsia and in less confirmed torms of Indigestion. Acting as a gentle and painless apperient, as well as upon t e liver, it also invariably relieves the Constipation superinduced by inegular

As a General Tonic, Hostetter's Bitters produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weak ness, and Premature Decay and Debility and Decrepitude arising from Old Age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re enforce and re-establish them.

Last, but not least, it is the The Only Safe Stimulent, being manufactured from sound and innocuous materials, and enrirely free from the acid elements present more or less in all the ordinary tonics and eromachics of the day.

No family medicine has been so univereally, and, it may be truly added, deservedly popular with the intelligent portion of mmunity, as Hostetter's Bitters. Prepared by HOSTETTER & SMITH.
