It is well to be forearmed against disease and, so far as the human system can be protected by human means against malat es engendered by an unwholesome atmosphere, impure water and other external causes, Hostester's Bitters may be relied on as a safeguard.

In districts infested with Fever and Aque it has been found infallible as a preventive and tresistible as a remedy and thousands who resort to it under apprehension of an attack, escape the scourge; and thou-ands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients, after being plied with quinice for months in vain, until fairly saturated with that dangerous alk-toid, are not unfrequently restored to heard within a few days by the use of Hostetter's Bitters.
