

# STAR OF THE NORTH

**BLOOMSBURG, PA.**  
WEDNESDAY JANUARY 18, 1865

**WANTED**—A smart, active and intelligent boy to learn the printing business.

The Communication of "Vox Populi" is crowded out till next week.

The friends of the Rev. J. W. LESCHER, desire to give him a donation on the 26th inst., at his residence, in Bloomsburg. See card in another column.

Hon. WM. H. JACOBY—our senior—has been appointed to the following committees, in the House of Representatives of Pennsylvania: **Accounts—Printing—Mines and Mineral.**

We have been informed that Commissioner Grier, will, after having finished the work of the draft under the former call, come to this place to revise the enrollment before making the next draft.

S. H. MILLER is an enterprising merchant and accommodates the wants of the people. Call and see his large and excellent stock of Dry Goods, Queensware &c., just received and now being offered for sale at the lowest prices.

Just So!—An old lady in this town says, she don't see a bit of sense in putting the price of goods so high on account of the war. It don't seem to stop the war a mite! She is almost as much of a statesman as Lincoln.

A DONATION PARTY will be given by the citizens of Huntington and adjoining townships in Luzerne and Columbia counties, at New Columbus, Luzerne co., on Saturday 21st inst., for the benefit of the family of Rev. A. R. RUFAN, who is confined in Fort Millin.

**Job Printing.**—Every variety of Job Printing can now be executed at THE STAR office with dispatch. Having an abundant supply of new and modern material in this department of the establishment, we feel confident of rendering entire satisfaction, both as to work and price.

The papers announce that "Mr. Chase is appointed to fill the place of Chief Justice Taney." Mr. Chase may sit in the same official chair, but he can never fill Judge Taney's place. A coat may sit in a lion's den, and set up to be a lion, and attempt to roar, but it will be only a coat still.

REV. A. R. RUFAN, of Luzerne county, has passed an examination before the Military Inquisition at Harrisburg and we suppose has been declared guilty of some offence. He has been sentenced to undergo a six months imprisonment in Fort Millin and pay two hundred dollars fine.

The Maryland Constitution "is a Big Thing" but the freedom it guarantees to citizens of Maryland is not near so beneficial as the Liberty granted to the people of Columbia county, to purchase new goods of PETER ENT, at Light Street, who has a large stock and offers to oblige his customers on liberal terms. See advertisement in to-day's Star.

The contest for the appointment of Post Master in Bloomsburg, seems to have fallen between Rev. D. A. Beckley and Mr. John B. Parol. We do not pretend to have a "pnt," or even think of saying a word to bear upon the matter, it might be disloyal to present so much presumption—but from present signs we are induced to believe that the man receiving the appointment will be Post Master. Our Davis says: "That's so."

**Examine the Enrollment.**—Every district should promptly attend to having those who are enrolled, and who are not liable to military duty, stricken from the enrollment. The larger the enrollment the larger will be the quota, consequently where exemptions are allowed to remain on the list the district will have to furnish that proportion of increase in the draft. The reader will see that it is important to have the enrollment correct.

**Tax on Distilled Spirits.**—The President having signed the new revenue bill, recently passed, the Commissioner of Internal Revenue is taking the necessary steps for collecting the tax of \$2 per gallon on all spirits that may be distilled and sold, or distilled and removed for consumption or sale on and after January 1st, 1865. The additional tax will therefore date from that time, and it behooves whiskey drinkers to reflect seriously before determining to purchase their vocation any longer at the enhanced price per drink which the retailer will be compelled to put on.

There was a paper had a cow, and he had no hay to give her; He took his pipe and played a tune— Consider, 'co consider.

**SKATING.**—We have had for the past three or four days some excellent opportunities for skating. The weather has been somewhat mild, but not sufficiently so to render the ice in the least uniform, and just cold enough to make the exercise pleasant and agreeable. Skating is all the rage just now among our young folks, and those who lack the art are very anxious to learn, and skate, which but a few years ago, were used only by boys and men, are now to be found in every household, and for almost every member thereof. This decidedly a pleasant exercise, and one which is fast becoming a universal favorite in every community where there is the least opportunity for indulging in it. We have several small ponds in the vicinity of our town, which are liberally thronged every afternoon and evening, and many of our young

**Mrs. Maxwell's Testimonial.**  
New York, Dec. 23, 1862.

Knowing positively that Reeves' Ambrosia produced a beautiful head of hair for Mrs. Lizzie Shepherd, of Brooklyn, New York, I was induced, thereby, to use it thoroughly. I needed something for my hair, it being short and thin—had used one half dozen bottles when I could plainly notice an increase in its length, strength, and beauty. An experience of about two years has produced a complete success. My hair is now by measurement, four feet ten inches in length, nearly reaching the floor. I have allowed my photograph to proclaim the merits of Reeves' Ambrosia to the world.

**MRS. WALLACE MAXWELL.**  
All enterprising Druggists have these Photographs and keep for sale, REEVES' AMBROSIA at 75 Cents per Bottle.

Druggists who may not have our preparation, will send for it applied to Principal Depot, 82 Fulton Street, New York. Nov. 30, 1864.—6 mos.

# L. LYONS' PURE OHIO CATAWBA BRANDY,

Sparkling Catawba Wines, 3<sup>qu</sup>. in Quality and Cheaper in Price than the Brandy and Wines of the Old World.

For Summer Complaint, Cholera Infantum, Bowel Complaint, Cramp, Cholice and Diphtheria.

A sure Cure is guaranteed, or the money will be refunded.

In support of the above statements, are presented the Certificates of Dr. James R. Chilton, chemist; New York, Dr. Hiram Cox, Chemical Inspector, Ohio, Dr. Jas. H. Nichols, chemist, Boston, Dr. N. E. Jones, Chemical Inspector, Cincinnati, Ohio, Prof. C. T. Jackson, chemist, Boston, Dr. Chas. Upham Shepard, Charleston, S. C., and J. V. Z. Blaney, and G. A. Mariner, consulting chemists, Chicago, all of whom have analyzed the Catawba Brandy, and commend it in the highest terms, for medical use.

*Analysis of the Massachusetts State Assayer, Jan. 25, 1858.*

When evaporated through clean linen it left no oil or offensive matter. In every respect it is a Pure spirituous liquor. The Oil which gives to this Brandy its flavor and aroma is wholly unlike that of grain. It is odor parake of both the fruit and oil of grapes. With acids, it produces others of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of fictitious spirits, sold under this name both at home and abroad.

A. A. HAYES, M. D., Assayer to State Mass., 16 Boylston St.

By the same, in 1861. I have analyzed "L. Lyons' Pure Catawba Brandy" with reference to its composition and character, being the same as that produced in past years. A sample taken from one cask afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully, A. A. HAYES, M. D. State Assayer, 16 Boylston St. Boston, July 20, 1864.

Manufactured only by H. H. JACOB & CO. (To whom all Orders should be addressed.)

# PUTNAM CLOTHES WRINGER.

IT IS THE ONLY RELIABLE SELF-ADJUSTING WRINGER.

No Wood Work to swell or split—No Thumb screws to get out of order—Warranted with or without cog-wheels.

It took the first premium at fifty-seven State and County Fairs in 1863, and is without any exception, the best Wringer ever made. Patented in the United States, England, Canada, and Australia. Agents wanted in every town, and in all parts of the world. Energetic Agents can make from three to ten Dollars per day.

Sample Wringers sent Express paid on receipt of price.  
No. 2, \$8.50. No. 1, \$7.50. No. F, \$8.50. No. A, \$9.50. Manufactured and sold wholesale and retail by THE PUTNAM MANUFACTURING CO., No. 13 Platt Street, N. Y., & Cleveland, O. A. H. FRANCIS, Agent, Philadelphia, Pa.

What Everybody Knows, viz: That iron well galvanized will not rust. That a simple machine is better than a complicated one. That a Wringer should be self-adjusting, durable, and efficient. That Thumb screws and Fastenings cause delay and trouble to regulate and keep in order. That wood soaked in hot water will swell, shrink and split. That wood bearings for the shaft to run in will wear and shake, unless they are made of iron or without cog wheels, will not last the clothes.

That the Putnam Wringer has all the advantages, and not one of the disadvantages above named. That all who have tested it, pronounce it the best Wringer ever made. That it will wash a THREE or a BED QUILT without alteration.

We might fill the paper with testimonials, but insert only a few to convince the skeptical; if such there be; and we say to all our Patrons'—Widder, Test it thoroughly with any and all others, and if not entirely satisfied, return it to Patnam Manufacturing Co. Gentlemen! know from practical experience that iron well galvanized with zinc will not oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use.

Respectfully yours, **JOHN W. WHEELER,** Cleveland, Ohio.

Many years experience in the galvanizing business, enable me to endorse the above statement in all particulars.

**JNO C. LEFFERTS,** No. 100 Beekman St. New York, January, 1864.

We have tested Putnam's Clothes Wringer by practical working, and know that it will do. It is cheap, it is simple, it requires no room whether at work or at rest; a child can operate it. It does its duty thoroughly. It saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who may have any, to buy this Wringer. It will pay for itself in a year or two.
